### Stock District Hearing Held

Only slight comment was raised Wednesday morning when representatives of the State Department of Agriculture held a public hearing in the county court chambers for the purpose of receiving testimony and evidence as to the existence of livestock districts in Klamath County.

Dave Campbell was the only Klamath County rancher testifying and sought clarification as to the responsibility of cattle raisers in open and closed range country. It was pointed out during the brief session that there are now 11 herd law districts in the county. They include Altamont, Langell Valley, Gilchrist, Odell, Malin, Steward Lenox, Midland, Mt. Laki, Poe Valley, Algoma and Plevna.

Also discussed was the 1957 bill passed by the State Legislature which repeals all fence laws and stipulates that an adequate fence will be interpreted as one which meets the standards of the fences maintained by experienced ranchers in the area being considered. The hearing was conducted by Chester B. Liechty of the animal husbandry division of the State Department of Agriculture.

**THE SCOTTISH RITE** 15th degree cast, Klamath Falls, includes, front row, left to right, Sanford C. Selby, Louis Fritsch, Dennis Dupuy, Dell Howe, John West, William Withrow, James D. Bush and Andrew Sullivan. Back row, same order, Carl Young, Gus Vlahos, Bert E. Miller, Ralph D. Jones, Robert D. Craig, Cecil Barkdoll, Walter Brown and Al Aldrich.

### BPW Holds Dinner Meet

**DUNSMUIR** — Personal legal problems were discussed by Howard Jones, attorney, in addressing the Dunsmuir Business and Professional Women's Club at their January dinner meeting, Monday night, at the Travelers Hotel.

This meeting was the celebration of the Dunsmuir club's 20th anniversary and Mrs. Grace Pickthorn gave a resume of the club's history. A report was given by Maudine Adams on the district conference in Red Bluff, including the legislative roundtable she attended. Signe Gilson, club president, was also a conference delegate.

Mrs. Martin Schabacker introduced young Kermit Sweetwaine who played the accordion. Daffodils and pussy willows decorated the banquet tables.

Husbands and friends of members were guests at this event. The February business meeting will be on the evening of February 10 at the home of Aida Mazlum.

### GOP Leaders Map Campaign

**WASHINGTON** — Republican party leaders today begin charting their campaign to regain control of Congress in elections next fall. The 26-member Executive Committee of the GOP National Committee arranged to meet today preliminary to a full committee meeting tomorrow with President Eisenhower and Vice President Nixon.

Both sessions are private. The two-day GOP conference will proceed closed meetings Saturday and Sunday by the Democratic Advisory Council. The council will issue statements dealing with the administration's foreign defense and economic policies.

### Government To Release Red Scientific Documents

**PHILADELPHIA** — The government has decided to let down all the bars and release for immediate public use more than 50,000 Soviet scientific documents a year, an authoritative source revealed today.

Every agency in the government which now translates such Soviet literature has agreed to take part in the plan, he said. "No longer will the documents be stamped 'secret' and left to gather dust in the files," he said. "From now on, all this important scientific material is going to be distributed to the nation's scientists just as fast as it can be handled."

The sharp reversal in government policy was revealed by a source close to the government who is here as a delegate to the conference of American Abstracting and Indexing Services. He asked not to be further identified.

The bulk of the Soviet literature will be made available by the Central Intelligence Agency and the Air Force's Air Information Division. The Air Force set up its own intelligence agency to handle Soviet documents some years ago. It has been using the facilities. The material to be released first is current literature which has been received and translated within the past year. A backlog estimated to contain hundreds of thousands of documents will be released in small batches so the flood of literature doesn't swamp the country's scientists.

Most of the material has been "secret" only insofar as this country is concerned. All has been published openly in the Soviet Union, or in such European countries as East and West Germany and France.

The source said the material had been stamped secret for three reasons — security, because the

agencies couldn't afford to produce enough copies, and because they couldn't afford the considerable costs of distribution.

Some of the documents, the source said, "undoubtedly originated in this country, were translated into Russian by the Soviets, brought back to this country and translated back into English—and then stamped 'secret.'"

No final decision has yet been reached, the source said, on just how the mass of documents will be made available to the public.

The abstracting and indexing agencies, the nation's major scientific information services, were asked if they would like first crack at the material. The source said they were enthusiastic, but withheld a final decision on the question until later today.

### Court Hears Fund Report

Members of the Klamath County Court were a d v i s e d Wednesday that Klamath County now has \$227,000 in unappropriated allocations for the construction of federal aid secondary roads within the county. The information from the state division of highways further indicated that it will be expedient for the federal aid program if the FAS roads for Klamath County can be designated during 1958.

As provided by law, the funds for the FAS projects are 60 per cent federal, 20 per cent state, and 20 per cent contributed from the county.

Members of the court said that several roads are under consideration for FAS application, including the five mile link road between Silver Lake and Klamath Falls.
