

### Local Student Wins Honor

John Ely, a senior at the University of Portland, has been nominated to the 1957-1958 edition of "Who's Who Among Students in American Colleges and Universities."

Qualifications for being nominated include scholarship, participation and leadership in academic and extracurricular activities, citizenship and service to the school, and his promise of future usefulness.

### Montague Plane Service Halted

YREKA—Airmail and passenger service will be suspended February 1 at Montague airport by the Southwest Airways in compliance with an order by the Civil Aeronautics Board.

A steady decline in passenger traffic at the Montague airport in recent years was given as the reason for the "temporary suspension" by the CAB.

This decision was handed down by CAB on January 20 despite opposition by Siskiyou County Supervisors, Yreka city councilmen and the Yreka Chamber of Commerce.

LEONARD GARRISON, son of Mr. and Mrs. Ray L. Garrison, 2958 Hope Street, was recently elected president of the Tailflappers, upperclassmen's roofing organization at Oregon State College.

### Fog Covers Europe Areas

LONDON — Winter's second dense fog gripped most of England and Wales and large parts of northern Europe today.

Soon after the fog closed down last night, 10 persons were killed and 87 injured in a train wreck 10 miles east of downtown London.

Near fogbound Grenoble, France, a truck crashed into the rear of another loaded with 3,000 pounds of explosives.

A bus taking 45 longshoremen to work at Rotterdam hit a freight train at a crossing.

Some 30 ships anchored off the Hook of Holland to wait for the weather to clear.

London airport was closed for the second day.

### Youth Reports Phone Threat

LITTLE ROCK, Ark. (UP)—A 17-year-old white youth said last night that anonymous telephone callers threatened his family with death because he kicked a Negro girl pupil at integrated Central High School.

Richard Boehler told newsmen that he launched a kick at Minnie Jean Brown, 16, as she passed him near the school campus after classes were dismissed Wednesday afternoon.

He said she didn't try to fight back. "She just put her hand to her face and cried like the baby she is," he said.

Prosecutor Frank Holt refused to issue a warrant for Boehler's arrest. The warrant was sought by Minnie Jean and her mother.

Holt said his office would investigate. Boehler said he was suspended from Central High Wednesday morning for arguing with his home room teacher and for failing to pay a \$1.50 school fee.

Boehler, son of Mr. and Mrs. Kenneth F. Boehler, said someone in a crowd of white students dared him to "go get" Minnie Jean as she walked past him. But he didn't kick at her because of the dare, he said.

Boehler said Minnie Jean had called him "white trash" in a school corridor and once got into a dispute with him in a French class.

He said that three different persons had called him repeatedly on the telephone last night, threatening to kill him, his parents, his 13-year-old sister and his grandmother.

### Police Probe Double Killing

NEW YORK (UP)—A wealthy shipyard operator and his wife backed to death in the bedroom of their beach home—their pet dog killed with a knife in the basement—no sign of a weapon—a broken window but no indication of a robbery.

There was no clue to this mystery today as detectives fanned out through the Gerritsen Beach residential section of Brooklyn. Oscar Ramberg, 50, and his wife Anna, 55, were found dead last night on the floor alongside a double bed in their \$40,000 two-story home.

Police called the case a double murder. Each victim had been stabbed about 15 times. Autopsies were to be performed today.

Police said Mrs. Ramberg was an aunt of Eddie Stanky, Cleveland Indians baseball coach and former National League second baseman and manager.

Mrs. Ramberg wore a nightgown. Her husband wore shorts and a T-shirt.

An assistant medical examiner, Dr. Erling Wedding, said initial examination indicated the couple was slain between 4 and 5 p.m.

Valuable jewelry and clothing were in the house, but police said nothing appeared to be missing. The bodies were discovered at 9:45 p. m. by Mrs. Ramberg's daughter of a former marriage.

Mrs. Constance Salvatore, 19, who lives a few doors away. The body of the Rambergs' spitz Champ was found in the basement later. The dog had been stabbed many times.

Toughest automotive tests of all time prove

# LOW-COST PLYMOUTH LOOKS, RUNS LIKE NEW—AFTER 58,000 MILES

It's America's biggest automotive value—when you buy it...and when you trade

Dramatic braking test made before top automotive editors. The Plymouth on the right had just completed a 58,000-mile cross-country run. Other tests included acceleration, ride smoothness, gas economy, handling ease. The 58,000-mile veteran performed like new!

One of the Plymouths above is fresh from the assembly line. The other, a veteran of the toughest test run of all time: 58,000 continuous miles in 58 days. A thousand miles a day through 37 states.

from new. Like the new Plymouth, it zoomed from 0 to 40, 40 to 60 in a matter of seconds. In a 40-mph "panic" stop, it halted within 38 inches of the new car. And in the vital area of gas economy, careful tests proved that the 58,000-mile car delivered almost the exact same mileage as the new Plymouth. It rode with a smoothness and handled with an ease that astounded even veteran test drivers . . . men who had thought they'd seen everything.

What does it all prove? Just this: from the day you buy it, to the day you trade it in, your new Plymouth will take you to wherever you're going . . . faster, smoother, easier, safer. You get more value now . . . and you look forward to more dollars when you trade.

The results: the Plymouth that had driven 58,000 miles—the equivalent of 6 years on the road—could hardly be told from new. Like the new Plymouth, it zoomed from 0 to 40, 40 to 60 in a matter of seconds. In a 40-mph "panic" stop, it halted within 38 inches of the new car. And in the vital area of gas economy, careful tests proved that the 58,000-mile car delivered almost the exact same mileage as the new Plymouth. It rode with a smoothness and handled with an ease that astounded even veteran test drivers . . . men who had thought they'd seen everything.

*Plymouth stays young and proves it!*
