

Cold... Flu?

NEW COLBAN COLD AND FLU TABLETS

**Helps relieve 5 of
the worst symptoms
in just one day!**

-OR YOUR MONEY BACK

In every Mentholatum COLBAN Tablet you'll find 5 wonder-working medications widely prescribed by doctors:

- (1) Analgesics to soothe away body aches and headaches.
- (2) Anti-depressant to help you feel better almost immediately.
- (3) Antipyretics to help reduce fever.
- (4) Antihistamine to help open clogged nostrils and stop virus-spreading sniffles and sneezes.
- (5) Vitamin C to help your body fight infection.

This vitamin—the "orange juice" vitamin—is very important. You see, many doctors now believe cold viruses attack you by penetrating weakened walls in tiny blood vessels.

But COLBAN Tablets contain in each daily dose more than the recommended amount of Vitamin C you normally need to strengthen blood vessel walls, thus help fight germs.

Fun on a Shovel

College education is wonderful! It teaches that shovels aren't merely for work but for sliding down snowy hills, as these coeds demonstrate.

Heavy pants keep out cold but not the painful bumps.

New Olympic sport? Just let the Russians top this style!

Handle is a rudder, and it's hard to hold once in slide.

In racing, there is only one rule: the bottom of the rider and the bottom of the shovel must not become separated.

SNOW AND SHOVELS go together in Winter, but fun usually isn't included in the association. Things are different, though, at State Teachers College in Plymouth, N. H., where coeds have discovered shovels can double as exciting "bobsleds." As you can see in these pictures, their new sport is more fun than work, but the end result, an aching back, remains unchanged.
