

Shrinks Hemorrhoids New Way Without Surgery

Science Finds Healing
Substance That Relieves Pain
—Shrinks Hemorrhoids

For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids and to relieve pain—without surgery.

In case after case, while gently relieving pain, actual reduction (shrinkage) took place.

Most amazing of all—results were so thorough that sufferers made astonishing statements like "Piles have ceased to be a problem!"

The secret is a new healing substance (Bio-Dyne®)—discovery of a world-famous research institute.

This substance is now available in suppository or ointment form under the name of Preparation H®. Ask for it at all drug counters—money back guarantee.

REMOVE WASTE- NOT GOOD FOOD

Here's a secret millions have discovered about FEEN-A-MINT, the wonderfully different chewing-gum laxative.

FEEN-A-MINT is different because you chew it. It's different, too, because it removes mostly waste—not good food! FEEN-A-MINT does not work in the stomach, where food is being digested. That's why it does not take away a lot of the good food you need for energy.

Doctors know that FEEN-A-MINT works chiefly in the lower bowel...removes mostly waste, not good food! And it's non-irritating, too.

So to feel like a million, chew delicious FEEN-A-MINT. 10 tablets, 35¢—also small and economy sizes.

Wicket Ball Marion Ullmark

Here's fun for two or more. Make the wickets out of pipe cleaners bent into an arch shape with the ends stuck firmly into small mounds of clay.

Old checkers make fine "balls" for this game. If more than two play, it's best to stick each player's initials on his checker with scotch tape. No arguments that way! Arrange the wickets on the table as shown in diagram.

Shoot the ball with your first or second finger. Players take turns, one shot to a player in each round. If your opponent is near a wicket you are shooting for, try hitting his checker instead. If you succeed, he must go back one wicket, and you get an extra shot. The first one shooting through all the wickets in the proper order wins!

A Paddle Boat Walter Eckart

Make the hull of the boat from a small board, pointing the bow (or front) as shown. Cut out a space for the paddle at the stern of the boat. Use a coping saw for this. Then cut notches at the outside edges of the hull for the power bands.

Next cut out the paddle from thin wood. Be sure to make the paddle narrower than the cut-out at the stern of the boat. Use staples or small nails bent over to hold the rubber band. Put the rubber band in small notches and wind it backwards tightly. Then set it on the water and watch it go!

You may glue or nail blocks of wood on the deck to make it more realistic.

Let's Draw a Seahorse

Ann Davidow

The seahorse is the
strangest breed,
Partly fish and partly
steed.

His nose is pointed like
a spear;
This tiny ocean cavalier

Is always dressed from
top to tail
In a prickly coat of mail.

Rearing, bowing, so
polite,
He is a mermaid's faith-
ful knight.
