Council Eyes Street Issue

DORRIS—The Dorris City Council at its meeting Monday night, February 3, received a petition, signed by 13 residents, asking for better streets in the city of Dorris. It suggested that the police department, perhaps, would be a good place to cut expenses in order to make monthly payments on a bond for street improvements.

A letter to the council, which was attached to the petition and signed by H. D. Gentry, stated that the petition is merely a suggestion and is not meant to be a reflection on the police. That, after the special council meeting, January 23, the petition was not circulated any longer, in as much as it was felt the city council was going to take appropriate action. It also stated that the petition is not meant to be critical of the council as it was felt that the council is doing an outstanding job.

Councilman Arnold Skoog acted as mayor in the absence of Mayor Bob Edgar.

Meter Funds Show Decline

DUNSMUIR — Parking meter revenues have shown a continuous decline in the past three years, data on file in the Dunsmuir city clerk's office indicate.

In December, 1955, parking meter receipts were \$578.85; December, 1956, \$448.36 and last December only \$229.38 was collected. January figures are \$443.47 in 1956, \$338.30 in 1957 and \$213.98 last month.

Chief of Police Lee Clark says the decline is partially due to the fact that Dunsmuir has only a minimum police force and this does not allow for patrolling of the meters on a regular basis. Fines for overtime parking have declined comparably, he said, although exact statistics were not available.

Parking meter use has also been limited to a five-day week at the request of the Dunsmuir merchants in an effort to encourage Saturday shopping in the downtown area.

Dunsmuir has been operating with a four man police force since April of last year.

Club Slates Park Project

MONTAGUE—The old Montague School grounds will be transformed into a new city recreation park as the new project adopted by the Shasta Valley Community Club at its last meeting Tuesday evening, February 4.

The city council of Montague had purchased the old school building and grounds with the idea of remodeling it into a recreation area, which would also house the branch library of the Siskiyou County Library, but lack of funds prevented them from going ahead with it. After the community club completes the project, the park will be turned over to the city council for maintenance and upkeep.

Mrs. Hilda Cooley, president of the community club, appointed a planning committee which included Harold Hooten, who had presented drawings of the proposed recreation area to the club; Jack Churchill and Bob Akin, members of the city council; Don Leavers and Elvin Reynolds.

Other business of the club included the reelection of two members of the board of directors, Stan Cooley and Don Leavers, who will serve another three years.
