**Easier, surer protection
for your most intimate
marriage problem**

Tested by doctors...

proved in hospital clinics

1. Antiseptic (Protective, germicidal)
Norforms are now safer and surer than ever! A highly perfected new formula releases its antiseptic and germicidal ingredients right in the vaginal tract. The exclusive new base melts at body temperature, forming a powerful protective film that permits long-lasting action. Will not harm delicate tissues.

2. Deodorant (Protection from odor)
Norforms were tested in a hospital clinic and found to be more effective than anything it had ever used. Norforms are powerfully deodorant—they eliminate (rather than cover up) embarrassing odors, yet have no "medicine" or "disinfectant" odor themselves.

3. Convenient (So easy to use)
Norforms are small vaginal suppositories, so easy and convenient to use. Just insert—no apparatus, no mixing or measuring. They're greaseless and they keep in any climate. Your druggist has them in boxes of 12 and 24. Also available in Canada.

Hearts and

YOUNG LOVELIES won't be disappointed in their Valentine's Day gifts with these romantically appealing blouses. As fresh as the first days of Spring, there's embroidery or lace for the delicate femininity of youth, and the chic crispness of the chemise top for the more tailored lass. Any one of these is a fetching addition to a pretty girl's wardrobe.

1 Very Parisian is Century's pastel linen chemise top (\$6). There's a matching pleated skirt (\$8). Several strands of long beads make the perfect accessory.

2 Beauvais-type embroidery on the push-up bell sleeves and at the plunge neckline of this dress-up cotton batiste shirtwaist, by Gregory & Goldberg, gives us the Italian flair (\$12).

3 Frame a pretty face with a large permanent-pleated collar and pert velvet bow at the neck. This is Alice Stuart's demurely crisp overblouse in Dacron and cotton. The waist and collar are edged in lace (\$6).
