

Men Labeled Weaker Sex

LOS ANGELES (AP) — "Actually men are the weaker sex," says Dr. W.C.W. Nixon, professor of obstetrics at the University of London, England.

He told a gynecological conference here that more than 15 per cent of English fathers insist on being in delivery rooms with their wives.

"One father fainted dead away while watching his child being delivered," Dr. Nixon said. "He smashed to the floor and was knocked for six (knocked out)."

"When we could get around to him, we discovered he had a broken jaw. His wife went home with the baby in four days, but he spent six weeks in our hospital."

FROM THE GREAT BACH MOTETS to the simple folk melodies of several nations, the Concordia Choir of Moorhead, Minnesota, will lead the audience from one age to another in choral singing at Mills School auditorium Sunday, February 16, at 8:15 p.m. Professor Paul J. Christensen will direct the choir of 65 voices appearing under the sponsorship of the Klamath Lutheran Church. Tickets are now on sale at Curran's For Drugs and Louis R. Mann Piano Company and will be available at the door.

Dulles, Wife Go On Vacation

ATLANTIC CITY, N.J. (AP)—Secretary of State Dulles and his wife are spending the next 10 days on vacation at this resort city. They landed at the Atlantic City Naval Air Station late yesterday and motored to the city.

Dulles noted that the vacation won't be all rest and relaxation. "Unfortunately," he said, "I'll have to do a little work, and a The San Francisco earthquake of 1906 killed 500 persons."

secretary will join me about the end of the week."

Do FALSE TEETH Rock, Slide or Slip?

PASTEETH, an improved powder to be sprinkled on upper or lower plates, holds false teeth more firmly in place. Do not slide, slip or rock. No gummy, sticky, pasty taste or feeling. PASTEETH is alkaline (non-acid). Does not sour. Checks "plate odor" (denture breath). Get PASTEETH at any drug counter.

FAIRY TALES OUT
UNIVERSITY PARK, Pa. (AP)—Fairy tales are not for the very young, says Mrs. Marguerite Duval, child development specialist at Pennsylvania State University. Children under seven, she says, are incapable of appreciating imagination and find prosaic stories quite exciting.
