

Tunisia Issues New Charge After French Arrest Three

TUNIS —Tunisian-French relations took another turn for the worse today. The Tunisian government charged French soldiers invaded a government building in southern Tunisia and kidnaped a Tunisian official and two soldiers.

The French government said the Tunisians were only sought out for questioning after the blowing up of a French military jeep by a land mine. The French Embassy added that the Tunisians were released this morning and it considered the incident closed. Two French soldiers were reported injured in the jeep explosion.

The incident occurred yesterday at Remada, a town of about 400 in southern Tunisia, where a small French post is located. It came as the Tunisians and the French appeared to be backing away from the crisis caused by the French bombing of a border town. Both nations have agreed to let the United States and Britain use their "good offices" in an effort to smooth relations between France and her former North African protectorate.

Bourguiba demanded their withdrawal in retaliation for the air-ordered them confined to their posts meanwhile. In recent days, however, the Tunisian guards looked the other way when French troops went out in civilian clothes.

Probe Knocks Fag Stocks

NEW YORK (AP)—Cigarette company stock prices declined on the New York Stock Exchange yesterday after charges by a House committee that cigarette manufacturers have deceived the American public in filter-tip advertising.

American Tobacco was off \$1.12 at \$76.25; Lorillard off \$2.75 at \$37.75; Philip Morris off \$2.87 at \$48.12; Reynolds Tobacco "B" off \$1.12 at \$66.82; Liggett and Myers off \$1.87 at \$67.25.

Lorillard was the volume leader on the exchange. Other stocks were mixed, mostly a little lower.

Commenting on accusations by the House Government Operations Committee were Lewis Gruber, president of P. Lorillard Co. and Bowman Gray, president of R. J. Reynolds Tobacco Co.

Said Gruber: "Our advertising has been and is scrupulously honest and truthful. Our claim has been the simple statement of fact—Kent filters best of all leading filter brands."

"These are facts, not claims, and they are substantiated and documented by the findings of three of this country's best known and most reputable independent research organizations."

Said Gray: "We attach no significance to the measurable quantity of solids (tars) and nicotine reported to have been found in the smoke of cigarettes."

Other cigarette manufacturers withheld immediate comment.
