

YOUNG WORKING GIRLS are shown here creating paper hat favors for the Venture Club card party and fashion show, scheduled for the auditorium of the city library, Friday evening, March 7, at 7:30. From the left the girls are Mary Egan, publicity chairman; Sharon Flocchini, Martha Beasley, Sharon Dewing and JoAnn Seaberry. Basin women who wish to attend the show may do so by calling TU 2-4141 for reservations.

GRANGE NEWS

SHASTA VIEW
Thirty-four members were present for the regular meeting of Shasta View Grange held in the community hall on Friday, February 21. A guest, Essie Olson, Douglas Pomona lecturer, was presented to the master's station and introduced. Mr. and Mrs. Robert Conoy and Mr. and Mrs. James Grimes were balloted upon and elected to membership in Shasta View Grange.

Legislative chairman, Carl Yancey, reported on the economic picture in the country today and stressed the importance of people giving much thought to elections. He stated the Indian Termination Act would become final August 13, and that Pomona Grange had gone on record as favoring the Hiram Robins plan. Burt Mitchell, agriculture committee, reported lots of hay still in the valley, probably due to the mild winter, that work was still being carried on to control the mice problem and some potatoes are moving mostly by truck. Relief chairman, Orpha Neubert, reported a food shower had been held for a member and thanks were extended the grange. Dorothy Caldwell represented Shasta View at the county conference held on Thursday, February 20. Deola Wryn and Orpha Neubert were appointed to assist Stanford Johnson in the sales slip campaign. Carl Yancey, community service chairman reported the South Suburban Sanitary Board of Directors had met on the average of once a week, and an ordinance had been drawn up and was in the hands of the district court for examination. It is hoped one crossing will be made under the A canal before water is turned in.

Rocket Chief Voices Views

LONDON (U) — Dr. Wernher von Braun, the U.S. Army's rocket expert, says the United States could send a rocket to the moon right now if its objective were merely "putting a beer can on the moon."

"Who wants to put a beer can on the moon?" the German-born scientist said in a British television interview filmed in Washington and aired here. He added that the problem of sending a man into outer space was more challenging but could definitely be accomplished within the next five years.

Von Braun said the United States will send up an improved version of the Explorer satellite "definitely before the end of April" and eventually send up one with a monkey inside to experiment with the reactions of living things to outer space.

Runaway Bride Returns Home After Long Trip

NEW YORK (U) — Irene Arzedi and her fiancé Joseph Pinto say they are "definitely going to get married" despite the girl's cross-country walkout on their scheduled wedding nine days ago.

Why she chose a bus ride to Los Angeles instead of marriage to Pinto, Miss Arzedi wasn't quite sure when she got back to New York yesterday.

"I was in a daze half the time," she told detectives at a Brooklyn police station.

In a barely audible voice, Miss Arzedi said she had left for "personal reasons."

"I was afraid to call mother. I was mixed up about a lot of things. I'm very sorry for all the trouble I caused," she said.

Her mysterious disappearance Feb. 22 — just five hours before her wedding — caused an extensive police hunt.

As the 29-year-old woman and

her happy mother stepped from a police car into their Brooklyn apartment house, a big crowd that had been waiting in the street let out a cheer.

Miss Arzedi told police she had \$150 the day she left home.

She told newsmen that she bought a suitcase and some lin-

gerie in a department store and then went to the bus terminal.

She couldn't give any reasons why she chose Los Angeles. She left on the bus about 10:30 Saturday night, she said.

She said that after arriving at Los Angeles last Wednesday she stayed a couple of hours, then bought a return ticket for New York.

A physician who examined her said she was suffering from malnutrition and exhaustion.

"She said she had cake and cof-

fee during the ride with an occasional hamburger," Dr. Alfred Lanora said.

"She is very nervous and her weight is down to about 93 pounds."

Miss Arzedi said: "I slept on the bus and ate at bus stations. I was too afraid to call anyone. Otherwise, I would have come home much sooner."

After a short nap at home, she appeared at the door of her family's apartment with her mother and fiancé.

Miss Arzedi and Pinto repeated their intention to get married. "When?" asked a cameraman. "When we get time to talk over our plans; then we'll decide," was their joint answer.

OVER THE GARDEN GATE

GILCHRIST GARDEN CLUB
By Marjorie Stumbaugh

The Gilchrist Garden Club met in the home economics room in the high school February 20. All members present participated in the evening's program by describing the care and growth of the particular potted plant each one had taken to the meeting.

Mrs. Arlo Harris, president, introduced the state vice president of the Oregon Garden Club, Mrs. Hope Brader and Mrs. S. Damon, of Chemult. The serving table was decorated in red, white and blue. Hostesses for the evening were Miss Dorothy Houston and Mrs. Vernon Roehck.

Hunting Accident Kills Young Boy

SACRAMENTO, Calif. (U) — Six-year-old Jack Richard Rook Jr. was afraid his father's second shot at a rabbit would hit his dog, who was chasing the wounded animal.

The boy darted toward his dog just as Jack Sr. fired.

The bullet went through the boy's head and he died half an hour later.
