

Blood Gift Aids KF Child

Too young to explain the medical problems that necessitated a complete change of his blood at birth, is Thomas Charles Webb, 8-month-old son of Mr. and Mrs. F. M. Webb, of Tulelake.

The boy also needed two additional transfusions when he was a month old, but his parents are grateful to the Red Cross and the volunteers who supplied blood through the blood donor program.

Tommy's mother is assisting in recruiting donors in her area and said that she will continue to do so, so that the blood is available for others who may need it.

The Webbs hope everyone will keep their bloodmobile appointments on the Oretch campus, from 10 a.m. to 2 p.m. today, March 4, and at the Elks Club, Wednesday, March 5, from 11 a.m. to 1 p.m. and from 4:30 p.m. to 7:30 p.m.

Negro Pastor Heads Church

NEW YORK (AP)—A Negro pastor was elected last night as moderator of the presbytery of New York, the first of his race to hold the position. He will serve for one year.

The Rev. Edler G. Hawkins of Saint Augustine Presbyterian Church in the Bronx was elected at the regular monthly meeting of the presbytery. It is the governing body for the 65 Presbyterian churches in Manhattan, the Bronx and Staten Island, with a total membership of 29,000.

The 50-year-old pastor is former president of the Bronx division of the Protestant Council. He holds other positions on the New York City Youth Board, the State Commission Against Discrimination, the National Assn. for the Advancement of Colored People and the Urban League. His own church congregation is mostly Negro.

Hunt Pushed For Victims

PRESTONSBURG, Ky. (AP)—Volunteers manned boats, stood vigil on river banks and joined Navy divers and National Guardsmen in a search for 11 still-missing children in a watery grave in the Big Sandy River.

They expanded the search today under direction of Bradis Goble, who lost two nephews and a niece when a school bus plunged into the river Friday.

Only one body was found yesterday. It was believed recovery of the others would be slow.

The bodies of 14 other youngsters and their driver were recovered Sunday in their mud-filled school bus.

"I have lost more in this than anybody outside of the parents," Goble said. "We'll work around the clock. We're determined to find the children."

One of Goble's nephews, John Goble, 11, has been found. His other niece and nephew, Anna and James, are still missing.

There are more than 3,740 acres of parks in Kansas City, Missouri.

Seated next to McNea is Ralph Hemmesch, vice president and Jim Kerns Jr., secretary. Standing at left is Don Hutton, club manager; Jim Gilfillan and Dr. Marvin Nerseeth, directors, and Clark Good, club pro. —Photo by Ellis

Royal Divorce Is Uncertain

TEHRAN, Iran (AP)—A court source indicated today the Shah of Iran may not divorce Empress Soraya even though she has not given him an heir.

"A divorce is still not certain" and may depend on the results of negotiations, the source said, apparently referring to talk of the Shah naming a crown prince.

Soraya was believed to have realized that Shah Mohammed Reza Pahlavi had given up hope of her becoming a mother and decided to appoint his younger half-brother as crown prince. The Shah divorced his first wife for failure to bear a son and married Soraya in 1951.

The 38-year-old Shah has been reported conferring with a group of Iranian elder statesmen on his coronation and appointment of Prince Gholam Reza as crown prince.

The Shah has not been crowned since he succeeded to the throne in 1941 because by the Iranian constitution only a son can be named crown prince and that must be done immediately after coronation. A way to change the constitution is now apparently being sought.

The decision on naming a crown prince is believed closely tied to a decision on divorcing Soraya.

Bomb Hoax Causes Furor

BURLINGTON, Ky. (AP)—A bomb scare that started with a hurried telephone call to the Delta Airlines office here quickly spread to three states and three airlines last night.

The FBI said the caller, apparently a teen-age youth, called Delta saying a bomb was aboard a plane and set to go off at 9:30 p.m.—or an hour later.

Two Delta planes were searched at Cincinnati and when nothing was found, officials decided to forego further checking here.

But at Lexington, Ky., and Charleston, W.Va., two Piedmont Airlines planes that had taken off from Cincinnati were intercepted.

The passengers and crews were hustled off and the planes were searched without turning up anything unusual.

Another plane, a Trans World Airlines flight that had headed north from Cincinnati, was searched at Columbus, Ohio.

Peru has an area of 532,000 square miles.

Use Of Enzymes Aids Dope Addicts To Taper Off Habit

SOUTH PASADENA, Calif. (AP)—

A Hollywood psychiatrist says a treatment for dope addicts that eliminates the agonies of withdrawal has been tested here with encouraging results.

Dr. Stuart C. Knox told an interviewer last night the therapy bypasses narcotics entirely in favor of injections of two enzymes—ethylene disulphonate and adenosine triphosphate.

He said these enzymes are not new and are, in fact, rather commonly known. But he said he believes they have not been used together previously in this type of work.

An enzyme is a substance which expedites certain chemical processes within the body.

The injections relieved withdrawal symptoms such as cramps, nausea and sniffing as

effectively as a dose of the narcotic previously used, Dr. Knox said.

He said the group studied at Braewood Sanitarium here included more than 100 persons of both sexes, ranging in age from 17 to 45. Some of them had been on drugs as long as 20 years.

"Unless the patients were terribly malnourished before treatment started, they got none of the usual withdrawal symptoms," Dr. Knox reported. "And they were in good physical shape within seven days."

PEARLS BEFORE SWINE

RALEIGH, N.C. (UP)—The

State Board of Agriculture revealed Monday its new swine diagnostic laboratory will be located on Paradise Road.

Dr. Knox, director of outpatient psychiatric clinics at Hollywood Presbyterian and White Memorial hospitals, said his work with addicts was based on theories developed by the Los Angeles medical research team of Marsh Malsman and C. M. Wylie.

He conceded there have been recurrences, but added: "Even in these cases the patients submitted to treatment again without reluctance because they had no fear of the withdrawal period."

WHY SETTLE FOR LESS THAN THE PERFORMANCE CHAMPION?

Compare Mercury with any car for price...size...performance

MERCURY PRICES START BELOW 42 LOW-PRICED-THREE MODELS*—Mercury introduces a brand-new series with new low prices that make Mercury easier than ever to own. This full-size Mercury is big in everything but price. Up to 8.6 inches longer, 3.4 inches wider, 369 pounds heavier than low-priced-three cars. And it features a special gas-saving engine that squeezes extra mileage out of every drop of gas. See this new series now at Mercury showrooms.

MERCURY LEADS ITS FIELD FOR ALL-ROUND BIGNESS INSIDE AND OUT—And Mercury's ride is unsurpassed because no rival car has such a solid, road-smoothing combination of size and weight.

MERCURY OUTPERFORMS THE HIGHEST-PRICED CARS—Mercury offers you the most horsepower (up to 360) of any car in America, except one costing almost \$1000.00 more—plus the most power-per-pound of any car. Equally important, you get more power from less gas.

*Based on a comparison of manufacturers' suggested list prices, using the lowest-priced Mercury 2-Door Sedan.

COME IN AND GET YOUR FREE CAR BUYER'S GUIDE — PACKED WITH OFFICIAL FIGURES ON EIGHT LEADING CARS

Brand new! Handy! Authoritative! Just turn the dial and you can compare all leading cars in both the medium-priced and low-priced fields. Answers most-often-asked questions on wheelbase, width, height, weight, brakes, horsepower, torque and transmission. Stop in at our showroom for your free copy of the 1958 Car Buyer's Guide. Helps you get the most car for your money. No obligation.
