

Baiting Programs Halted After Birds Found Dead

TULELAKE—All distribution of poison grain for mouse control in Modoc and Siskiyou counties has been temporarily halted as a result of the death of over 500 waterfowl which recently occurred in the Tulelake Basin.

Theories entertained regarding the recent bird deaths by the experts indicate an explanation might be found to lie in the fact that natural foods are extremely scarce at this time.

In The Day's News

This tangled modern world note: The Los Angeles city bureau of public assistance is asking for MORE employees to handle the growing numbers of unemployed workers who are seeking relief.

That is to say: As private jobs are lost because of the much-talked-about recession the slack is taken up by the new public employees needed to take care of those who have lost their private jobs.

A Chicago man obeyed an impulse the other day to kick a lady in the shins. During the melee that followed, he bit a policeman, then he bit another policeman and after that he tore the sleeve from the uniform of a third cop.

The excited disturber of the peace (he weighed 265 pounds) was finally run down and taken into custody by a posse of police and volunteers. When questioned, HE HAD NO EXPLANATION FOR HIS BEHAVIOR!

It's worse now than it used to be. In the olden golden days we went out on the back porch and kicked the cat. In these modern days there's no back porch to kick the cat off of.

Lieutenant General Clarence Irvine tells an Electronic Association meeting in Washington the Air Force is considering a space station built to operate more than 20,000 miles above the earth.

Back in the early 30's we were living in what the professionals called a "mature" economy. We had done everything there was to do. We had seen everything there was to see. We had gone everywhere there was to go.

Police Officials To Check On Marie's Kidnap Story

LOS ANGELES (UP)—Investigators of the Los Angeles Police Department were scheduled to fly to Cincinnati today to talk with Marie (The Body) McDonald about charges that her kidnaping in 1957 was engineered by her husband, wealthy shoeman Harry Karl.

A spokesman for the shoeman said he had "gone to the desert" for a couple of days. District Attorney William McKesson said he had asked the Hamilton County, Ohio, officials to hold a conference with the attorney.

How can there be a hair-curling depression in a world like that?

It's absurd and ridiculous and I think it's in bad taste to get publicity through this method.

U.S. Experts Search For Answer To Mystery Of Missing Satellite

CAPE CANAVERAL, Fla. (AP)—The men who built Explorer II and its associated high speed rockets said Thursday the satellite probably failed to orbit.

final satellite stage failed to fire properly and no orbit was achieved, the missile's speed would have been insufficient to cause it to burn up from atmospheric friction on the descent.

At Pasadena, Calif., Dr. William Pickering, head of JPL, said there was every indication that the satellite was not functioning properly and that there was a probability that it was not in orbit.

possible reasons why the second satellite had not been located. Van Allen said the satellite might not have achieved an orbit, might have gone into a different orbit than was expected, or might have sustained failure of its radio.

CAPE CANAVERAL, Fla. (AP)—Moonwatch teams geared themselves today for a sky search for the Army's newly launched and mysteriously missing satellite Explorer II.

At the same time the conviction grew that the six-inch metal cylinder, 80 inches long and weighing about 32 pounds, never achieved an orbit.

At Iowa City, Iowa, Dr. James Van Allen, who directed construction of decoding equipment in the satellite, said there were three

additional housing, the colonel pointed out that upon activation of Kingsley Field, the Air Force will spend approximately \$500,000 per month or six million dollars per year.

Jobless Fund Hits 'Bottom'

SALEM (AP)—The state unemployment compensation trust fund dropped this week below the \$31,500,000 "floor," thus assuring a big increase in employers' payroll taxes next month.

Experts said that failure of the final stage to fire on cue would have meant that the satellite, even though it was at orbital altitude of 200 or more miles, would achieve a velocity of only about three miles a second as against the five miles a second needed to maintain an orbit—10,800 miles an hour instead of 18,000.

additional housing, the colonel pointed out that upon activation of Kingsley Field, the Air Force will spend approximately \$500,000 per month or six million dollars per year.

Temperatures dipped below freezing in most of Oregon early Thursday, and some growers expressed fear the cold snap might hurt early-blooming fruit trees.

Six Feared Down In Sea

KODIAK, Alaska (AP)—A chartered airplane carrying six persons vanished over the misty Gulf of Alaska east of here Wednesday and was presumed to have crashed into the sea.

The twin-engine Aero Commander, piloted by Sig Staveland from Cape Chirikof to Anchorage, disappeared after Staveland radioed that both engines had quit.

At Bartlesville, Okla., A. A. Bennett said Phillips' foreign department said Bert Poling, general manager and vice president of Alaska Aggregate, was one of the passengers.

Row erupts at hearing. WASHINGTON (AP)—Lyman C. Conger, counsel to the Kohler Co., told the Senate Rackets Committee Thursday he had been cursed in his hearing room by Emil Mazey, secretary-treasurer of the United Auto Workers Union.

Soviets Send New Bid For Summit Talk To Ike

WASHINGTON (AP)—Soviet Premier Bulganin sent President Eisenhower a new message Thursday. It reportedly dealt with negotiations for a summit conference and Eisenhower's bid to leading Russian citizens to visit this country.

Menshikov himself had told reporters he brought in a reply to Eisenhower's Feb. 15 letter to Bulganin, which the Soviets have not published for their own people.

The message was delivered to Secretary of State Dulles by Ambassador Mikhail Menshikov. Dulles asked Menshikov to return to the State Department four hours later and get a U.S. note to Moscow on Russia's proposal for a pre-summit foreign ministers' meeting.

Meanwhile, it was learned the United States has notified Russia that the Western powers intend to ask for a meeting of the United Nations disarmament commission this month.

The U.S. note is expected to welcome Russia's agreement last week to hold a meeting of foreign ministers but to reject as totally unacceptable Soviet terms for such a meeting. The United States particularly objects to an advance commitment to hold a summit conference. It also finds unacceptable Russia's insistence that the foreign ministers should be limited to talking about mechanical arrangements.

OSAN, Korea (AP)—Communist batteries shot down an American Sabrejet near the Korean truce line Thursday and the pilot reportedly parachuted "just over the Communist side of the line."

Lincoln White, department press officer, said Menshikov gave Dulles two documents in the course of their seven-minute meeting.
