OLYMPIA

REACH FOR AN OLYMPIA—"It's the water." is Olympia Bear's slogan. It's a refreshing beverage for the entire year and as delicious with cold weather buffet entertaining as patio dining in the summer.

SPLIT PERSONALITY is the secret of this warm weather fashion leader from the Jubilee collection. It is really two dresses in one and it eliminates the need for a firm stand on the "sack look" controversy. Wear here with its woven rayon tulle overlay, it has the high-fashion chemise look. Underneath is a linen-like rayon sheath, a costume in itself that can be worn alone. This double duty outfit comes in teal, navy, atec gold, cabana red and powder blue. It is Style 1705 by Capozio. There are local Klamath Falls outlets.

FOOD TIPS

FROSTING
Easy frosting is made by boiling 1 1/2 cups of Nalley's Lumber-Jack Maple Syrup until it reaches the firm ball stage (242 degrees) and then gradually beating it into two stiffly beaten egg whites.

IDEA
Saute bologna slices without removing the casing. They will curl up into cup shapes that make appetizing holders for hot baked beans.

SEASONING
Add a bouquet garni to canned lentil soup and heat it slowly. The bouquet can contain parsley, thyme and bay leaf and should be tied in a small cheesecloth bag and removed when the soup is heated.

EGG SALAD
Egg salad is a good Lenten luncheon choice. For texture contrast, add chopped celery and chopped cucumber. Make the salad with chopped hard-cooked eggs or serve halves of stuffed eggs. A strip of pimiento makes it a dressy dish.

APPLES
Tart apples are preferred for pies, but if you don't find the tart varieties available, add 1 teaspoon lemon juice and the grated rind of half a lemon to the apple mixture in the next pie you bake.

PARTY SANDWICHES can be as colorful and intriguing as you wish. These March Hare sandwiches are made with whole wheat bread topped with cheese and the bunny features are slices and bits of stuffed olives. Photo and recipe suggestions are from Martha Logan Test Kitchens of Swift and Company.

March Hare Sandwiches

Alice in Wonderland has nothing on the hostess who delights her guests by serving gay little March Hare sandwiches. These whimsical touches take but a few minutes extra work yet add so much to the success of any get-together. The little canapes can be prepared well in advance of the party and stored in the refrigerator on a damp cloth-covered tray.

Both colorwise and flavorwise your March Hare sandwiches will be appealing. Mild, sharp or blue-cheese spread, whole-wheat bread and pimiento olives are always favorite combinations. The rabbit faces will not be difficult to do when you use the cheese in plastic tubes. With a slight pressure of the fingertips you can squeeze out a ribbon of cheese which spreads easily to cover the surface of the bread. Special frosting is possible using the decorator cap which accompanies the party pack of three tubes of cheese spread.

Whether a planned party or an impromptu affair, these tubes of cheese spread with the decorator cap are mighty convenient. A limited assortment of crispy crackers can be dressed up in a hurry with ruffles and rosettes of cheese. The decorator cap is interchangeable from one tube to another so that all three varieties of cheese may be used with ease. Incidentally, the decorator cap and plastic tube may be used as a cake decorator after the cheese is gone. Simply snap open the bottom of the tube, wash carefully and fill with frosting.

MARCH HARE SANDWICHES
Cheese-Frosting Party Pack
Whole wheat sandwich bread, sliced
Pimiento olives
To make rabbit heads, cut 2-inch rounds from slices of whole wheat bread. With kitchen scissors, cut ears from remainder of bread. Fasten ears to head with wooden picks. Spread Sharp or Mild Cheese-Frosting on rounds of bread. Use half slices of pimiento olives to make eyes and mouth. Dish filled with water to a depth of 1/4 inch. Bake uncovered at 350 degrees for 45 minutes. Baste occasionally.
Use a small amount of the syrup from the baked apples to thin the cheese-Frosting. Blend well. Spoon cheese mixture into center of cooled apples. On top make rosette of Sharp Cheese-Frosting using the decorator cap.

FRIED MOZZARELLA
Cut 1/2 pound of Mozzarella into 2-inch square, 2 inches thick. Roll in flour, dip into beaten eggs, two eggs are ample for that much cheese. Roll in fine bread crumbs, again into egg and again into crumbs. Fry in hot butter or cooking oil just long enough for the bread crumbs to turn golden in color. Serve immediately. Serves four.

GERMAINE MONTEIL offers a new star to shed brilliance on your life—her new Super-Royal Lipstick in the Continental case with brand new shades in lust with spring fashions.

CALORIES
When you hear the word, calorie, it simply means a unit of heat, which gives you the energy you need to avoid that "tired feeling" and to enjoy life as it should be enjoyed. The glossy picture to the right says, "If you like it, it's fattening," has no scientific basis. Actually, all the calories that your body uses up are non-fattening. That is true, whether the calories come from broiled steak or lettuce or apple pie. The only calories that you might consider fattening are those which your body doesn't need. According to the National Research Council, a daily average allowance of 2,300 calories is recommended if you are a 121-pound moderately active woman. A man who weighs 160 pounds, the council states, expends from 2,700 to 3,500 calories a day, depending upon whether he leads a sedentary or an active life.

SPRING STARS
A galaxy of heavenly star-colored colors are to be available this spring in Germaine Monteil's new Super-Royal lipsticks. The whole new range of heavenly colors over the fashion scene include Morning Star, Venus Pink, Meteor Red, Stardust Pink, Evening Star, Comet Red, Stellar Pink, Tropical Dawn and Starlight.

There's a new shape, too, the "fingertip" oval and tapered, rounder styles, especially from 2,700 to 3,500 calories a day, depending upon whether he leads a sedentary or an active life.

Launching date for the stellar display was March 1.
