

**NANCY FRUZZA**, Weed, was awarded the Bank of America trophy plaque for excellence in the field of science and mathematics at Weed High School. Nancy, a senior, will go through additional screening to see if she qualifies for zonal competition at Redding on April 24.

### Bank Award Winners Told

WEED—Winners of the 1958 Bank of America achievement awards were announced by Gerald Kubli, Weed High School principal, this week. The winners were selected by a faculty committee on the basis of superior records with major emphasis on scholarship, extracurricular endeavor and prospects for future contributions to mankind.

Nancy Fruzza, daughter of Mr. and Mrs. James Fruzza, received the trophy plaque award in the field of science and mathematics. This engraved trophy is designated for students demonstrating excellence in a major field of study.

Certificates of merit were won by three other seniors who were judged outstanding in a specific study subject. Mary Francis Reynolds, daughter of Mr. and Mrs. C. C. Reynolds, won the certificate in liberal arts; Demetria Fotopoulos, daughter of Mr. and Mrs. Pete Fotopoulos, in vocational arts; James Ewing, son of Mr. and Mrs. Leslie Ewing, in fine arts.

Nancy, as the plaque winner, will go through additional screening to determine who will advance to zonal competition April 24 at Redding. First place zone winners in each of the above named four major fields will qualify automatically for one of the two Northern California finals. They are assured of at least \$1,000. Winners of second and third places at the zone events in each of the four fields will receive \$50 and \$25 respectively.

Finals will be held in May at San Francisco for Bay Area counties and at Sacramento for all other Northern California counties south to and including Kern. Similar competitions are conducted in Southern California.

Nearly 600 awards are made in the program, including trophy plaques, ribbons, certificates and individual cash prizes totaling \$54,900.

### GRANGE NEWS

**FORT KLAMATH**  
Fort Klamath Grange meeting in regular session March 4, had as guests Mr. and Mrs. Carl Yancey of Klamath Falls and Mr. and Mrs. Olson of Roseburg. Mrs. Essie Olson is Pomona lecturer of Douglas County. Olson is currently employed as electrician at the Johns-Manville plant. They are members of Riversdale Grange in Douglas County.

Seldon Kirk, who recently returned from official tribal business in Washington, D.C., stated he had enjoyed a February 4 meeting with Grange No. 1, the original grange of Patrons of Husbandry. His visit with National Master Herschel D. Newson, was particularly stimulating, he said.

Lecturer Harley Zeller had prepared a program on the topic "Ideals for the Home and Its Environment." Each member responded to roll call with a Memory Dear to my Heart. Safety measures against fire was an angle emphasized on the program. Mrs. Bert Gray read a report of the bird tally made by members of the Basin's Ornithological Society at Christmas time. Mrs. Frank Strahan and Mrs. Gray are the tallymen for Wood River Valley and make several bird counts throughout the year, identifying all species seen.

Inasmuch as two known cars have attempted to drive south over West Side Road, Fort Klamath Grange adopted a resolution requesting the highway department to display suitable signs informing the driving public that beyond Crystal the road is closed by snow.

The ladies of Fort Klamath Grange are interested in the sewing contest sponsored by the national and the Oregon State Grange and preparations are being made to participate. Nongrangers may also enter by getting the rules from any home economics chairman in the grange.

Sam E. Ray is master, Cecil Brown, secretary.

**TOKYO CENSUS REPORTED**  
TOKYO (UPI)—The population of Tokyo, the world's largest city, has climbed to 8,610,083 as of Feb. 1, the metropolitan government reported today.
