Laxative**
acts chiefly to

REMOVE WASTE- NOT GOOD FOOD

Here's a secret millions have discovered about FEEN-A-MINT, the wonderfully different chewing-gum laxative.

FEEN-A-MINT is different because you chew it. It's different, too, because it removes mostly waste—not good food! FEEN-A-MINT does not work in the stomach, where food is being digested. That's why it does not take away a lot of the good food you need for energy.

Doctors know that FEEN-A-MINT works chiefly in the lower bowel...removes mostly waste, not good food! And it's non-irritating, too.

So to feel like a million, chew delicious FEEN-A-MINT. 16 tablets, 35¢—also small and economy sizes.

Johnny Jump Up

Nat Bradford

The players form a circle and the
leader stands in the center holding a
long, light stick close to the ground.
He moves the stick around in a circle
and as it approaches each player's feet,
he must jump over it. If he stumbles
or falls, he drops out of the game. The
leader makes the stick go around
faster and faster and raises it higher
and higher from the ground. The last
player left in the circle becomes
the next leader.

Let's Make a Case for Mother's Glasses

by Mary Williams

Directions

Use pinking shears to make two pieces of felt as
in the pattern. The poodle should be of a con-
trasting color. Stitch poodle (or your own de-
sign) to one side before sewing pieces together. Make
dog's collar of three sequins and beads. Use bead for
eye. The pinking shears make a fine edge for the case.

Let's Draw a Pig

Ann Davidow

The figure of Madame
la Pig
is almost an egg—so
big.

Her toes are pointed,
her nose is pug;
She greets you simply
by saying "Ugg."

She curls her tail to
look her best
And lies in mud for
a beauty rest.

Though sometimes
dirty, sometimes
rude,
She's "Mama" to her
little brood.
