Stops Constipation Due to "Aging Colon"

New laxative discovery re-creates 3 essentials for normal regularity. As you grow older, the internal muscles of your colon will also age, lose the strength that propels waste from the body. Stagnant bowel contents become so dry and shrunken that they fail to stimulate the urge to purge. Relief, doctors say, lies in a new laxative principle. Old-style bulks and moisteners may create gas, take 3 or 4 days for relief. Old-style salts and drugs cramp and gripe the entire system. Of all laxatives, only new COLONOID gives you its special 3-way relief that works only on the lower colon (area of constipation).
