You Can Never Tell When Alfred Hitchcock Spoofs

By BOB THOMAS
 HOLLYWOOD (AP)—Alfred Hitchcock says he expects to realize his long ambition—filing a chase over the Mt. Rushmore Monument.

He may be spoofing, but you never can tell about Hitchcock. After all, he has made use of the Statue of Liberty, the tilted liner Normandie and other landmarks in his long and distinguished production of movie thrills.

Hitchcock has just returned from premiering his latest film, "Vertigo" in San Francisco. Now he goes to work with writer Ernest Lehman on a picture he calls "North by Northwest."

The story is a modern spy tale, and Hitchcock lamented that they are much harder to do than they were in prewar and wartime days. "How can you tell who a spy is these days?" he sighed. "They no longer sport cloaks and daggers. They might be the nuclear physicists or the wives of millionaires."

"It is difficult to make a spy picture that will compete with real events in the world. How could

Pineapple Mogul Dies

HONOLULU (UP)—James Drummond Dole, founder of Hawaii's pineapple industry, died of a heart attack Wednesday in his Maunaloa Valley home. He was 80.

A native of Boston, Dole came to Hawaii after graduating from Harvard University in 1889. At age of 24, he opened a small plant near Honolulu and announced he would put pineapple on the shelves of every grocery store in the nation.

He borrowed \$20,000 in San Francisco and planted 75,000 small pineapple plants on 12 acres. His success was immediate.

Veep Must Find Common Denominators For U.S. South America Policies

SAN JUAN, Puerto Rico (AP)—Vice President Nixon faces an enormous task of his out of his two-year 1959 tour of Latin America.

He must find common denominators for U.S. policies toward such diverse areas as ultra-democratic Uruguay and the militarily ruled Paraguay. He will face the problems of Latin America from which Communist-organized demonstrations and violence against him stemmed.

Nixon's conclusions and recommendations probably will be made in a formal report to President Eisenhower and in later speeches. But already he has indicated some of the guide lines.

There are some of the main points Nixon has touched on in speeches and news conferences during his visits to Uruguay, Argentina, Paraguay, Bolivia, Peru, Ecuador, Colombia and Venezuela.

1. There is a serious misunderstanding among some Latin American groups—particularly university students and professors, union leaders and newspaper and radio editors—of the real motives and aims of the United States in Latin America.

Nixon may recommend that his government step up its program of exchange visits and its informational activities. He also may propose greater frankness in discussion of problems of concern to Latin American nations.

2. The United States, contrary to Communist claims, favors industrial development in Latin America and looks with favor on plans for establishment of a hemispheric common market.

Actress Says Solon Has Gone 'Fur' Enough

WASHINGTON (AP)—Zsa Zsa Gabor says she'll slander if he roasts outside of Congress his remark that she "apparently is the most expensive courtesan since Madame de Pompadour."

She made the remark Wednesday during House debate on the foreign aid bill. He was referring to expensive gifts given to Miss Gabor by Gen. Rafael Trujillo Jr., son of the Dominican Republic's ex-tyrant.

Speaking through a public relations firm, Miss Gabor a few hours later challenged Hays to come out and fight. She contended she was immune and would sue for libel.

There was no immediate comment from Hays. The 59-year-old Trujillo, who is married and has six children, has given Miss Gabor a \$17,000 diamond necklace and a car. Trujillo in this country as a military attaché, also has given a car to actress Kim Novak.

Madame de Pompadour was mistress to King Louis XV of France. At another point, Hays said "I of course do not know what the word fur means (something in return) was for the \$17,000 coat or the \$8,000 automobile."

A dispatch from the Dominican Republic said newspapers there have printed nothing about young Trujillo and his Gabor-Novak gifts. The Dominican newspapers are under government control.

Two Tugs Reach Grounded Ship

HONG KONG (AP)—Two tugs reached the grounded U.S. freighter President Hayes today 400 miles southeast of Hong Kong in the Far East. Those aboard were reported to be in danger.

The refloating attempt will be made tomorrow. The 9,277-ton freighter has been stuck on a coral reef since Monday night.

Helicopters Replace Mules

FT. SILL, Okla. (AP)—The 4th Field Artillery Battalion has traded its mules for helicopters in a unique experiment at this Army artillery and missile center.

For the first time, the Army is using whirly birds to transport a complete standard 105mm howitzer battery and keep it supplied for continuous operation.

Advantages of the aircraft, the Army said, are increased speed and mobility and greater access to isolated areas. The idea of transporting and supplying by air a five-unit artillery battalion, comprised of a firing battery and supporting units, is credited to Col. Charles W. Matheny Jr., now in Germany.

Matheny made his suggestion in 1951. His plan has been tested at this southwestern Oklahoma military installation for a year. "If there had been helicopters to move our light artillery batteries in the invasion of Europe, the second world war would have ended much sooner," said Lt. Col. Peter J. O'Rourke, New York, who is in charge of the trial program. "The same need existed in Korea," he added.

The aviation phase is supervised by Capt. Eugene V. Anderson, Mustang, Okla., a pilot with combat experience in Korea.

New Episcopalian Bishop Named In San Francisco

SAN FRANCISCO (AP)—Dean James A. Pike, one of the nation's best-known clergymen, today was consecrated bishop of the Episcopal Diocese of California in a ritual ceremony at the cathedral here.

Presiding Bishop Philip H. Barbour said that Pike's consecration was a "great and precious gift" to the diocese. Pike, 50, is a retired Bishop of California's Episcopal Diocese of the Pacific.

Pike, who last Sunday left his position as dean of St. John the Divine Cathedral in New York for six years, was elected only this year to become coadjutor to Bishop Karl Morgan Mack of the California Diocese. Next December he will succeed Mack as head of the diocese.

Crash Kills 5 Navy Fliers

TAFT, Calif. (AP)—A four-engine Navy transport plane crashed in clear weather last night, killing its crew of five.

The RIV Super Constellation smashed into a hill and exploded. It set a grass fire which was controlled before flames reached nearby oil wells.
