Robin, Myers Help Foreign Auto Buyers

The newest automobile dealer in the Klamath Basin is the firm of Robin and Myers, which specializes in the foreign car market.

Partners Don Robin and Jack Myers, not only have the youngest dealership in town but are the proud owners of a brand new building which houses an ample showroom, a complete engine shop manned by a competent foreign car motor specialist and company offices.

A good stock of used cars, taken in liberal trades, is an indication of the astounding business they have done since their start in November of 1957.

Lines handled include the Morris Minor, the Austin, M.G., Austin-Healey, Jaguar and the Rolls Royce.

According to Robin and Myers, the interest shown in the alien makes is tremendous; many speed, competition and rally enthusiasts find what they wish in a good selection of models while the man who needs an economical family car has an equal selection.

An important factor to those interested in the small car is the one-year factory guarantee placed on all their stock and the availability of parts and service to assure the purchaser of happy usage.

BUTTON, BUTTON

QUINCY, Ill. (AP)—Coon hounds from three states competed in a contest held by the Adams County Coon Hunters Club and they must know that "Buttons," owned by Harry Hinds, is quite a hound. Among 110 dogs, "Buttons," from Palmyra, Mo., won the first tree race as well as the first line race. In the tree race, a tame coon is placed in a tree and the first dog to reach the tree wins. The dogs were released a mile and a quarter away. In the line race the dogs must run between two stakes set in the field. A course for the dogs to run is made by dragging a sack scented with oil from coon hides.

The River Divide Farm led the 1957 stables at Monmouth Park, scoring 11 victories. Owners Mrs. H. H. Hecht and W. H. Bishop tied for second, each with 7 winners.
