

MRS. HALLIE TIERNEY AND MARION PALMER

School Superintendent To Retire After 40 Years

By RUTH KING
NEWELL — A golden throne, a velvet robe and the acclaim of more than 300 students, and a throng of grownups, came as a complete surprise to Modoc County's school superintendent for 40 years, Mrs. Hallie Tierney, Alturas, upon her arrival May 21 at the Newell Union Elementary School. Mrs. Tierney is retiring January 6, 1959 after 40 years as an educator.

London Tied Up By Dock Strike

LONDON — About 10,500 striking dockworkers tied up 64 freighters waiting to unload cargoes in the port of London Friday. One small group of dockers stopped work originally in sympathy with 6,500 meat market workers on strike since May 12. Since then the unofficial strike has snowballed. Another 1,200 dockers joined the stoppage Friday, charging employers were using non-union labor to unload ships.

Five Day Forecast

Navy Training Program Told

Young men graduating from high school next month should look into the Navy's technical training program. Chief John T. Howard, local Navy recruiting officer, said today.

The Navy's schools give instruction in over 60 specialties, including electrical, electronics and nuclear training. Chief Howard pointed out that courses parallel training required for civilian industry, and offer outstanding preparation for civilian employment after completion of Navy service.

"These schools may be available to young men who are not high school graduates," Chief Howard said. "If they qualify through the general classification tests given at the Naval Training Center in San Diego. These tests are given to all Navy recruits early in their basic training."

Technical training commences after completion of recruit training. Navy technical schools are located throughout the nation.

Basic qualifications for men wishing to enlist in the Navy are: that they be of good moral character, in normal good health, and aged between 17 and 30 (inclusive).

Memorial Day Plans Told

MOUNT SHASTA—Howard Simcox, commander of Craft Post No. 137, American Legion, has announced that Memorial Day, May 30, will be observed with the following program:

ACE TV TIPS

● **INTERESTED IN COLOR TV?** We are too, so we sent a letter to Chief Eng. Olson of KVIP—Channel 7, asking if they transmitted the color carrying signal during color programs. (Technically called the 3.58 MC color burst). You may be pleased to know that they do.

● **THIS MEANS** if you can afford a color TV set and get good reception by ANTENNA from Redding vivid color programs can be yours here in Klamath Falls, now!

● A similar letter sent to Channel 5—Medford went unanswered, giving us the idea that the color burst was trapped out. However in the face of no definite reply, we are on the fence.

● Our local Channel 2 station, for the present, does NOT transmit the color burst signal, making color reception impossible.

● **ZENITH** does not as yet manufacture a color TV set, but we would be pleased to show you the "CADILLAC" of black-and-white sets here at our shop, the quality ZENITH line.

● These truly superior sets can be purchased on three plans. 1. 100% down. Nothing left to pay for ANY months. 2. Our Klamath Falls National Bank Credit plan, and 3. the Borg-Warner Acceptance Plan. We will be happy to show you the details of the last two purchase plans.

● **ZENITH TV** and Radio sets were chosen by us to sell because it was so obvious ZENITH had never sacrificed quality for price appeal. We show our confidence in ZENITH quality by giving AT NO EXTRA COST, a full three month free service and parts guarantee with each new set. Of course a full year picture tube warranty goes with it. COME IN, MAKE US PROVE IT. We use no double-talk, no gimmicks, no bait advertising. And we hope it's catching.

● Although our first love is TV service, we offer expert repairs to Car and Home Radios, Phonographs, Hi-Fi, Tape recorders, PA systems and related electronic equipment, and at reasonable prices.

Keeping Tunis Crisis From Spreading Said U.S. Aim

WASHINGTON — The United States was reported today to be working to prevent the French-Algerian crisis from spreading into Tunisia and Morocco.

Officials said efforts, necessarily very limited, are concentrated on urging restraint on French and North African leaders. Presumably this country is making its views known through the embassy in Paris and its consulate general in Algiers.

Officials said French Premier Pierre Pflimlin faces an almost impossible task in trying simultaneously to strengthen the position of his government, find a solution for the Algerian problem and reform the French constitution.

The greatest immediate danger seen here is not in Paris but in North Africa. Washington fears that Tunisia and Morocco may become involved because of the presence of large French military forces in those countries which only recently achieved independence from France.

Clashes were reported between French and Tunisian forces at Gafsa in south central Tunisia and Remada, farther to the south near the Libyan border.

Tunisia already has demanded removal of French troops from her soil. Moroccan Ambassador El Mehdi ben Aboud said his government also has demanded immediate evacuation of all French troops in his country.

The 23,000 French troops in Tunisia have been technically restricted to their bases by order of the Tunisian government since

is that they may be strongly tempted to take affairs into their own hands, as did the military command in neighboring Algeria. President Habib Bourguiba of Tunisia has a force variously estimated at only 4,000 to 5,000 men.

In Morocco, officials said, there are more than 30,000 French troops. The Moroccan government under King Mohammed V has an army estimated at 25,000 men but much of it is said to be inadequately armed.
