

**MRS. ANNE SPRAGUE**, right, Lake County superintendent of schools, speaker at the eighth grade graduation exercises at Fort Rock School, is shown with the graduating class of three, from the left, Suallen Zvir, Joan Perry and Roger Miles. The program included flute and vocal selections by the upper grades; a one-act play; reading of the class will by Suallen and a piano solo and reading of the prophecy by Joan. Bud Parks, school board member, presented the diplomas to the class, and Mrs. Hubert Wagers directed the program. —Parks Photo

### Indonesia To Be Provided With Diesel Generators

JAKARTA, Indonesia (AP)—The United States agreed today to provide Indonesia with diesel generators to electricity 61 cities and towns.

An agreement was signed releasing \$6,300,000 for the electrification program out of a recently approved U. S. loan of 15 million. About 99 generators ranging from 100 to 2,500 kilowatt output will supply power for 25 communities on Sumatra, 19 on Borneo, 14 in East Indonesia and 3 on Java.

The recent revolt against the central government by Central Sumatra and some of the East Indonesian islands was largely to protest neglect of economic development there in favor of the central island of Java. The revolt is continuing in North Celebes.

U. S. Ambassador Howard P. Jones said the electrification program "represents one more constructive step in relations between our two countries." It follows a marked improvement in relations as a result of U. S. approval of

### Soviets Apparently Will Join U.S. In Disease War

WASHINGTON (AP)—The Soviet Union apparently is prepared to cooperate with the United States in a scientific war against cancer, heart disease, malaria and smallpox.

But there is evidence that Washington and Moscow disagree at the moment on exactly how to go about it.

The State Department released last night an exchange on the subject.

The Soviet note, dated May 19, called specifically for direct U.S.-

### Actress Named In Law Suit

HOLLYWOOD (UPI)—Actress Maureen O'Hara will take the witness stand Monday as the defendant in a \$2,300 suit brought against her for alcoholic and psychiatric treatments given her former husband, Will Price.

The suit, filed by Dr. A. W. Pearson and the Sierra Madre Lodge, sought payment for services allegedly rendered to Price from 1951 to 1953.

Miss O'Hara contended she was not responsible for any bills of her former husband from whom she was granted an interlocutory divorce in August, 1952. She denied that she had ever assumed any responsibility for Price's bills and asserted that he had ample funds to pay the bills during the period noted in the suit.

### Fleet Mobility Told By Leader

BATH, Maine (AP)—Secretary of the Navy Thomas S. Gates said today that the United States fleet gives the government "a choice of action to cope with any situation."

Men and ships, he said, "give seapower the needed vitality to cement together the maritime confederacy which is basic to our foreign policy."

Gates' remarks were prepared for the christening of the Navy's newest destroyer, the Somers, named for Navy Lt. Richard Somers, who died a hero of the 1804 campaign against Tripoli in the Mediterranean.

Gates said that men like Somers man the fleet today and "give our Navy the power and the stamina to protect our national interests in places where we do not and cannot maintain bases."

### Everything Goes Black For Driver

CHARLOTTE, N.C. (AP)—Reed L. Edwards of Orlando, Fla., was easing his automobile through a highway work gang near here when suddenly everything went black.

Police said the gang accidentally turned toward Edwards' car the machine spraying hot asphalt on the highway. The late model car was covered from front to rear with a steaming mixture of asphalt, dirt and cement.

Witnesses told police the windshield was covered instantly and the car almost wrecked before Edwards could stop. Enough asphalt was scraped from the windshield so he could drive to an insurance office and file a claim.

### Success Tale Noted By Pair

ST. LOUIS (AP)—Charles and Patricia Frye reach a milestone next week in a teen-age success story.

Despite parental misgivings they were married 4½ years ago when Patricia was 17 and Charles was a 16-year-old high school senior at Nashville, Tenn.

Tuesday they will graduate from St. Louis University. Charles summa cum laude and his wife also with a high scholastic rating.

Charles, who has a full four-year scholarship, and his wife have paid their own way except for her tuition the first semester. In their spare time he worked as a radio announcer and recreation director, she as a secretary.

"We couldn't have done it if the people at the university hadn't been so good to us," Patricia said. "They always helped us if our working schedule interfered with our classroom schedule."

Charles has been granted a fellowship at Yale, where he plans to work toward a Ph.D. in international relations. If Patricia can't find a job teaching history, she'll work toward a master's degree.

**THIS GROUP** is assisting with plans for the annual Vacation Bible School at the First Presbyterian Church. The school, for children from four years through the sixth grade, will start Monday, June 2, and will continue through Friday, June 13. Theme of this year's school will be "Jesus Christ." Left to right are Mrs. Thurman Turner, Mrs. A. L. Moore, Mrs. Fred Goeller, Mrs. William Dawing.

### Farm Prices Reach Peak

WASHINGTON (AP)—Farm prices may have reached their season peak in April and May, federal farm officials said today.

These prices leveled off in May after increasing about 10 per cent since last October to the highest level since the Eisenhower administration took office in 1953.

The Agriculture Department reported May averages were unchanged from April both for the prices farmers received and for those they paid.

Products which have shown the greatest strength in recent months—vegetables and some fruits—eased off this month as spring production augmented supplies, the department reported.

Strongest prices in May were those farmers received for beef cattle and hogs. These prices largely reflected withholding of animals for further fattening and breeding.

Officials expect marketings of these meat animals to pick up considerably in the weeks ahead with a probable drop in prices.

### Davis Praises Oregon City

FRESNO (UPI)—Band leader Bruce Davis, who survived a light plane crash with his wife last month, returned home Thursday night with high praise for the people of John Day, Ore.

"They were wonderful to us," said Davis, who had struggled through snow for three days after the crash to get help for his wife, Patricia, who stayed at the wreckage site in Central Oregon.

Mrs. Davis still is under treatment in a John Day hospital where her left foot and toes on her right foot were amputated because of frostbite she suffered during the ordeal. Davis said she probably will remain there for about two months.

Davis plans to return to John Day Wednesday, taking with him their two children, Scott, 10, and Kim Elizabeth, 12.

### More Civil Workers Noted

WASHINGTON (AP)—Sen. Byrd (D-Va.) announced today that civilian employees of the federal government increased 9,253 in April as compared with March.

However, the total remained 63,382 under the figure for April 1957.

Byrd listed the total as 2,333, 687,614 in the military agencies in April, up 3,965 over March.

Byrd said there also were 222,424 foreign nationals working for U. S. government agencies abroad in April, down 600 in the month.

### Lodge Appoints New Officers

ALTURAS — Appointments made by Mrs. Frassie Speckert, president of the Rebekah Assembly, of California, at the recent meeting of the assembly for the Alturas area were Mrs. Alice Criss, Adin, appointed as district deputy president; Mrs. Ora H. Demick, Alturas, as chairman of Area No. 3 to assist with the Heart Fund campaign for 1959.

Mrs. Demick, Mrs. Della Penzance and Mrs. Lena R. Smith, all of Alturas, attended the assembly. Mrs. Smith, retiring president of District No. 49, served as assistant to the outside guardian at all sessions of the annual meeting.

Mrs. Mae Rechstiner and Mrs. Dolores Ferguson, Cedarville, were delegates from Cedar Rebekah Lodge No. 306 to the assembly.

### Chessman Enters New Life Plea

LOS ANGELES (UPI)—Convict author Caryl Chessman, who for 10 years has successfully avoided execution in California's state gas chamber, has made a new plea for his life.

Cecil Luskin, chief clerk of the Criminal Court of Los Angeles, revealed today that Chessman had requested additional hearings on the disputed transcript of his 1948 trial.

Chessman's request, which he made from his cell at San Quentin Prison, was turned over to Superior Judge Walter R. Evans who presided over a lengthy hearing on the transcript earlier this year. The jurist had found that the transcript was substantially accurate and dismissed Chessman's petition at the hearing which ended in February.

### MARILYN METLER & PAT SALVADORE MILLS AUDITORIUM, TUES., JUNE 3rd

Seven years ago Marilyn Metler began her training in classical ballet under the direction of Edna Howell. From the beginning she showed the qualities necessary to becoming a successful ballerina. She has an abundance of energy, an alert mind and more than the usual amount of integrity. Her progress has been outstanding. She, with Barbara Blanchard, received highly favorable comment from Harold Christensen, director of the San Francisco Ballet School and Bill Christensen, director of the Ballet Department at University of Utah. She will continue her study another year with Edna Howell and will later major in her chosen profession at the University of Utah. She is pictured below as Odile, the Black Swan, in a Pas de deux with Pat Salvadore who plays the role of Prince Siegfried in the Swan Lake Ballet. Barbara Blanchard dances the role of Odette, the Swan Queen. The supporting cast includes James Norland as Benno, a corps de ballet of swan maidens and the four little swans who do the traditional Pas de Quatre.

In addition to this Ballet is a charming excerpt from "Oklahoma." Jerry Ruth Wickersham dances two outstanding tap numbers and Stephanie Olivera does a tap solo. Students ranging from 3½ years old to high school seniors are prepared to entertain you in a variety of tap, ballet, Hawaiian, baton, primitive and acrobatic selections. Many of these acts are in fluorescent or black light effect. The date is Tuesday, June 3rd at Mills Auditorium at 7:30 P.M. Doors open at 6:45. Tickets are available at this time at the Normadean Dance Studio 211 E. Main St. All participants in this production are pupils of Edna Howell from the Normadean Dance Studio. Enrollments for summer classes starting June 9th.
