

Lawyer Says Crane Erred

HOLLYWOOD (UPI)—Restaurateur Steven Crane, ex-husband of film star Lana Turner, has been accused of giving false information to a coroner's jury at the time it was investigating the fatal stabbing of Johnny Stompanato.

An affidavit filed by Attorney William J. Pollack Thursday claimed that Crane was in error as to what time he was called to the actress' home after their 14-year-old daughter, Cheryl Crane, stabbed Stompanato last April 14.

The document is in opposition to a motion by Crane to dismiss himself as a defendant in a \$750,000 suit brought as a result of the death of the underworld lothario. Cheryl and Miss Turner also were named in the action.

Pollack recalled that Dr. John B. McDonald testified at the coroner's inquest that he was called to the Turner residence in nearby Beverly Hills at "approximately 9:50 p.m."

Crane said he was called by his daughter at "around 9 o'clock."

A Leaf Is Many Things

LONG BEACH, Calif. (AP)—A leaf can be many things. . . .

To Eve, it was a new dress—the world's first.

To Percy J. Powell it was a needle, aimed at the seat of the city government.

Powell sent the City Council a letter to the effect that since the city owns the trees planted down the sides of the streets, it must also own the leaves from the trees. And he was tired of raking them.

He added a suggestion that "one of your honorable body might need to rid himself of a few unnecessary pounds" and would like to take some leaves himself.

That did it. The fat was on the fire.

Councilman Gerald Desmond protested that he and his colleagues were already underpaid and had no intention of adding manual labor to their duties.

Councilman Pat Ahern complained "We've been having trouble with leaves ever since the first fig leaf."

Councilman Charles Garrison reached way back into English hunting law to point out that ownership lies where the stag falls, not where it is shot.

At last report no action had been taken and the leaf had completed another metamorphosis: from leaf, to dress, to needle—to hot potato.

New Families Arrive Here

Fifty-two new families arrived in Klamath Falls to live last month, the chamber of commerce reports.

Composing them are 105 adults and 62 children. Twenty-three of the families came here from other Oregon communities while the others came from such states as California, Washington, Missouri, etc.

Since the first of this year, 199 families have moved to Klamath Falls to take up residence, the chamber reports.

It notes, too, that business is good in this city, judging by reported bank debits (checks drawn against accounts).

Last month the debits totaled \$24,009,121 versus \$23,265,153 in April, 1957, the chamber said. Reporting banks are in the Klamath Falls metropolitan area.

For the first four months this year, a sharp rise in bank debits was recorded with a jump from \$89,929,201 in the 1957 period to \$113,491,368 for the 1958 period.

First four months' postal receipts jumped from 1957's \$89,787 to \$96,365.

Parking meter revenues remained about the same: \$17,398 in the first four 1957 months compared to \$17,861 in the 1958 period.

Building permits within the city limits took a sharp decrease in valuation from \$1,008,370 in the '57 four-month period to \$531,689 in the '58 period.

Cardinal's Body Arrives In U.S.

NEW YORK (AP)—The body of Samuel Cardinal Stritch arrived today by plane from Rome.

A large delegation of the Roman Catholic clergy was at Idlewild Airport, and services were led by the Most Rev. John J. Boardman, auxiliary bishop of the diocese of Brooklyn.

A plane carrying the body was scheduled to take the body to Chicago today.

Cardinal Stritch, the 70-year-old archbishop of Chicago, died early Tuesday in Rome after a stroke. He had gone to Rome to take charge of the church's worldwide missionary activities, the highest church post ever given a native American, but was stricken before he could take up his duties.

SKULL WORK

BOSTON (AP)—Boston City Hospital is in the market for skulls—animal skulls of any type. This came to light when the mayor received a request from hospital officials for \$2,500 to pay for the craniums. Officials did not specify where they would get the skulls, which would be used to teach anatomy to student nurses and other hospital personnel.

HERE IS NEW Deputy District Attorney Ortis Goakey, recently appointed by District Attorney Arthur Beddoe. Goakey is a 1951 graduate of Willamette University Law School and held post of Oregon deputy insurance commissioner for five years.

DA Selects New Deputy

A new deputy district attorney for Klamath County in Ortis Goakey, recently appointed by District Attorney Arthur Beddoe.

Goakey, who occupies offices on the second floor of the courthouse, brings a distinguished legal background to his post.

After graduating from Willamette University Law School in 1951, the new deputy DA affiliated with the Oregon Insurance Department and was a deputy insurance commissioner for five years.

He then joined a prominent trucking firm in Portland as a legal adviser and was later transferred to the company's head offices in Menlo Park, California, where he remained until his appointment here.

Goakey and his wife, Phyllis, are parents of a 7-year-old son and a 4-year-old girl. They have bought a home at 1453 McClellan Drive.

Peace Officers Program Planned

DORRIS — Sheriff Allen B. Cottar announces that the annual peace officers program, sponsored by the Siskiyou County Sheriff's Office and conducted by special agent instructors of the FBI, will be presented during the week of June 23-27, at the sheriff's office, Yreka, from 8 a.m. to 12 noon daily.

In the past years, the annual training programs have included instruction in note taking, report writing, arrest principles, collection of evidence, photography, and other investigative techniques. As a follow-up to these planned courses, this year's program will emphasize instruction in fingerprints, including pattern recognition and basic classification.

Sheriff Cottar, a graduate of the FBI National Academy in Washington, D.C., advises that knowledge of fingerprints provides the law enforcement officer with another tool to efficiently carry out his investigative responsibilities.

A cordial invitation to attend this training program is extended to all Siskiyou County peace officers by Sheriff Cottar.

On The Record

KLAMATH FALLS BIRTHS

McAULIFFE — Born to Mr. and Mrs. Eddie M. McAuliffe May 28 in Klamath Valley Hospital a girl weighing 8 lbs. 12 oz.

Red Bomber Group Gains Strength, RAF Review Says

LONDON (AP)—The Soviet equivalent of the American Strategic Air Command soon will be capable of mounting a major offensive with nuclear weapons of all types, Britain's Royal Air Force Flying Review said today.

The semi-official magazine said the Soviet bombing force still is smaller than SAC "but is being increased in strength and potency and is likely to provide the backbone of Russia's offensive power."

The production workers, members of the Oil, Chemical and Atomic Workers Union, last night voted to accept a cut of 10 cents an hour in their production bonus. The bonus has averaged 28 cents an hour.

The company said the action will effect payroll savings of about \$5,000 a month. This will permit the plant to switch to production of lower grade zinc, which still is in demand.

Workers Okay Pay Slash

EAST ST. LOUIS, Ill. (AP)—A voluntary pay cut voted by production workers has resulted in cancellation of plans for indefinite shutdown of the American Zinc Co. plant at nearby Monsanto.

The plant's 350 workers had received layoff notices, company officials said, because of lower demand for high-grade zinc used mainly for parts casting in the hard-hit auto manufacturing industry.

The production workers, members of the Oil, Chemical and Atomic Workers Union, last night voted to accept a cut of 10 cents an hour in their production bonus. The bonus has averaged 28 cents an hour.

The company said the action will effect payroll savings of about \$5,000 a month. This will permit the plant to switch to production of lower grade zinc, which still is in demand.

Solon Says Odds On Alaska Even

SAN FRANCISCO (UPI)—Sen. William F. Knowland believes the Alaska Statehood Bill has an even chance of passing in the Senate.

Knowland, Republican candidate for governor, arrived Thursday to wind up his campaign and to vote next Tuesday.

"I'm for statehood for both Hawaii and Alaska and we hope to get assurances from the Democratic leadership that they will bring up the Hawaii bill also," he said.

The house approved the Alaska bill on Wednesday.

He said there may be a move "to tie the Hawaii bill onto the Alaskan measure."

"It would be better to have separate bills because of the threat of a Democratic filibuster against Hawaii," he said.

Oil Officials Term U.S. Allegations Unwarranted

ALEXANDRIA, Va. (AP)—Oil company officials say federal price-fixing conspiracy indictments against their firms are "preposterous . . . ridiculous . . . wholly unwarranted."

Denials came from most of the 39 oil firms indicted yesterday by a federal grand jury on a charge of conspiring to fix prices of crude oil and auto gasoline in a 43-state area. The one-count indictment, which named companies but no individuals, capped an investigation that began in March 1947.

A number of firms declined comment.

Many of the nation's biggest oil companies were among the 29 charged with violating Section 1 of the Sherman antitrust law. Conviction could bring a maximum penalty of a \$50,000 fine.

Crude oil prices were boosted generally by 35 cents a barrel in January 1957. Later, the retail price of gasoline was increased generally by 1 cent a gallon.

Several months earlier, Egyptian seizure of the Suez Canal had caused an oil shortage in Western Europe. And shortly before the domestic price increases, then Atty. Gen. Herbert Brownell authorized American oil firms to take cooperative action in supplying needed oil to Europe.

However, Asst. Atty. Gen. Victor R. Hansen, head of the Justice Department's Antitrust Division, told a House committee this did not allow the companies to exchange information to make agreements on prices.

The indictment charged that, beginning in 1956 and continuing through January 1957, the defendant firms "engaged in an unlawful combination and conspiracy to raise, fix, and stabilize prices of crude oil throughout the affected market."

The affected market was described as all of the United States except California, Oregon, Washington, Idaho and Arizona.

The indictment said the companies' alleged action led to increased crude oil and gasoline prices throughout the affected market, suppression of competition among the defendant firms, and restraint of interstate trade.

Robert G. Dunlop, president of Sun Oil Co., said he had not seen the indictment, but that "from what I have been told, this seems to be a preposterous shotgun indictment." Dunlop said his firm will fight "this unfair and untruthful charge . . . with every means at our disposal."

L. F. McCollum, president of Continental Oil Co., called the indictment "ridiculous and illogical." He said Continental Oil is ready to prove in court "our complete innocence of these charges."

K. S. Adams, board chairman of Phillips Petroleum Co., said he felt the indictment was wholly unwarranted. Adams said he is confident it will be shown the charge against Phillips is without merit.

In his denial, John E. Swearingin, president of Standard Oil Co. (Indiana), said efforts to meet West Europe's oil needs at the time of the Suez crisis had unbalanced domestic supplies. This imbalance, he said, exerted strong pressure on prices.

J. C. Donnell II, president of the Ohio Oil Co., called the accusations "completely false" and said Ohio oil's pricing "is based solely on its management's day-to-day evaluation of supply, demand and competitive factors."

Among major oil companies not indicted were Standard Oil of California, Union Oil and Pure Oil Co.

SAC Acts To Speed Firings

FORT WORTH (AP)—Strategic Air Command is taking new steps to insure that Atlas intercontinental ballistic missiles may be fired instantly upon an attack warning, without long preliminary count-downs and delays that have marked test launchings at Cape Canaveral.

This was reported to the Aviation Writers Assn. at Carswell Air Force Base, a major SAC installation near here, by Maj. Gen. Charles B. Westover, SAC's director of plans, without indications how it be done.

"Atlas is being designed to have a minimum reaction time," Westover said.

"Additional steps are now being taken to insure that this capability will continue to match the enemy threat—that is, quicker reaction, dispersal and toughening."

He said SAC was planning to build "protective facilities to increase survivability," and indicated these will be launching sites that are buried or submerged or out of reach of enemy.

He added that the missile force will be "sufficiently large and adequately equipped so that when measured against Soviet surprise attack, its retaliation will insure sufficient destruction of the Soviet bloc to preclude his decision to launch."

PTA NEWS

FAIRVIEW PTA NEWS
By Mrs. James Swansen

The last Fairview PTA meeting of the year was held May 15 in the school auditorium. The flag salute was led by first grade students Leslie Nicodemus and Tom-

WAYNE REXFORD

my Harpole. The seventh grade chorus sang several numbers accompanied and directed by Mrs. Bethmyrl McLin.

Russel Wholen conducted the Fairview orchestra playing Franz Lehár waltzes. Mr. Wholen introduced and explained the different groups of instruments that make up an orchestra. While the average student will never reach professional status, he will learn to appreciate good music and assume responsibility for his performance with the group.

The business meeting was conducted by the president, Mrs. O. F. Badley. Mrs. Hal Geiger, serving as hospitality chairman for Fairview this year, has been elected president of Fremont PTA for next year. Mrs. L. Weinberg from

Fairview will serve as treasurer for the county council next year. The revised elementary school budget will come up for a second vote on June 27. Mrs. J. R. Jones announced the sale of \$262.30 savings stamps. The auditors' report given by Miss Irma Wauchop was accepted.

Mrs. G. L. Veitch, scholarship committee representative, called on Mrs. Florence Ollmann, principal, to introduce Wayne Rexford, recipient of the \$100 Fairview scholarship. Wayne attended Fairview School from the fourth through the seventh grades. He is entering Oregon State College majoring in industrial arts.

Reports on the convention held at Bend were given by Mrs. Badley, Mrs. Veitch and Mrs. Weinberg.

Fairview won first place in the marble tournament. Art work by Jeff Geiger was sent to the state exhibit. Fairview has one of the largest groups participating in band. The bloodmobile will be at the Masonic Hall June 4. Mrs. Joan Edwards won the special prize. Mr. Sam Redkey's room won the room count prize.

New officers were installed by Mrs. Powell as follows: Mrs. Badley, president, Mrs. Veitch, vice president, Mrs. R. Eastburn, secretary and Mrs. H. Vigan, treasurer.

Refreshments were served in the cafeteria by the first grade mothers with Mrs. Dickinson and Mrs. Jolly in charge.

GOP Leaders Okay Powell

NEW YORK (AP)—Rep. Adam Clayton Powell Jr. (D-NY), dropped by his own party, has gained the Republican nomination for reelection in Congress from his Harlem district.

New York County GOP leaders endorsed Powell's nomination yesterday by a 6-1 vote. County Chairman Thomas Curran opposed the naming of Powell, but said he would abide by the majority decision.

The county committee of Powell's 19th Congressional District is expected to ratify the selection within a week.

Powell has said he is running in the August primary as an independent Democrat. In a statement last night the Negro congressman said he would accept the Republican nomination "with a deep sense of gratitude."

Powell crossed party lines in 1956 and supported President Eisenhower for reelection. He gave the segregation issue as his reason for the switch. Tammany Hall leaders recently voted not to support Powell and chose as his successor City Councilman Earl Brown, also a Negro.

Powell currently is under indictment on federal income tax charges. He has pleaded innocent.
