

A BIG PITCHER of chocolate milk, chilled, of course, completes the dessert course for young and old alike during June Dairy Month — or any other time. The dessert has a custard base and the recipe is a variation of the time-honored Topsy Cake.

CELEBRATE JUNE AS DAIRY MONTH

With the ending of the school year, the junior members of the family have time on their hands. Many mothers take the opportunity to interest both the boys and girls in the art of cooking.

Custards are easy and fun to make and delicious, delicate desserts can be the result. There is the added advantage of getting more milk and eggs into the menu by serving custards.

Here is a dessert the young cooks can make and enjoy eating. It's colorful and different and combines fresh fruits, sponge cake and delicately flavored custard. The soft custard is prepared in advance. It may be flavored with vanilla or lemon extract or rum or sherry flavoring, as desired.

The sponge cake may be made the same day or days in advance. The entire dessert should be prepared several hours before serving to allow flavors to blend. The following recipe serves six.

SOFT CUSTARD
6 egg yolks
1/2 cup sugar
1/4 teaspoon salt
2 teaspoons all-purpose flour
2 cups scalded milk
1 teaspoon vanilla or other flavoring

For adults only, flavoring may be 1/4 cup of rum or sherry. Beat egg yolks, sugar, salt and flour to blend thoroughly. Pour scalded milk slowly into this mixture, stirring constantly. Set over simmering water in double boiler (water should not touch upper pan holding custard mixture). Or, cook over very low heat in a heavy saucepan. Stir constantly until mixture coats the spoon thinly. Cool

quickly by pouring custard into chilled bowl and place in refrigerator or set pan with custard into a pan of cold water. Immediate cooling of the custard is important to prevent curdling. After custard is cool, blend in the flavoring desired.

Prepare six sponge cake sandwiches, using two slices of cake and about one tablespoon of jelly or preserves for the filling. (Wild plum preserves are super in this!) Cut each "sandwich" into 1/4-inch strips.

Prepare each serving in a sherbet or dessert dish by placing a layer of sliced strawberries and then sandwich strips around sides and over the strawberry layer. Fill dishes about half full with the custard. Let stand about 10 minutes to allow some of the custard to be absorbed by the cake. Then add remaining custard and

SUN TAN

This year, with or without the benefit of sunning, you can look gloriously tanned. Germaine Montell's new deep-toned Riviera Tan and Jamaica Tan make-ups give you this look, effortlessly, instantly. Not only do they glorify an already sun-darkened complexion, but the magical affinity which all Germaine Montell make-ups have for the skin can give the look of natural tanning without benefit of the sun. There is no suggestion of a heavily made-up face, either.

The new shades round out the color spectrum of her superb make-up series.

Riviera Tan is a true sun-toasted shade, warm and bright. It is compounded for the naturally fair skin, for redheads who cannot tan, but wish they might, for the warm-skinned, brunette of Irish type, for every brunette in the world and for any woman who wants to look suntanned without actually roasting in the sun to get that way.

FIRE DESTROYS
EMERY, S. D. — This South Dakota town's two modern fire trucks lost their first major bout. Fire destroyed the vehicles and the auditorium in which they were housed before volunteers got to the scene.

Jamaica Tan is a cooler, yet darker, cafe-au-lait tone for the true brunette and the woman who has plenty of pigment in her skin.

CALF BUFFALOS TRAIN
ST. ANTHONY, Idaho — A frightened calf wandered on a railroad track west of here and refused to get off. A slow-moving freight train chugged along behind it for several miles before the calf came to a bridge and jumped off the track.
