

Dog Will Get Chance To See All The Evil

PASADENA, Calif. (AP)—King Roy, a German shepherd, has to face life today just like the rest of us. Neighbors complained because the dog's owner Mrs. Nancy Ewing, 53, blindfolded the animal when she took him for walks. Officers told her, "No more blindfolds." "I just didn't want King Roy to see all the evil there is in the world," Mrs. Ewing said. "I didn't want him to see bad people."

SON WILL PAY

BURLINGTON, Vt. (UP)—Mayor C. Douglas Cairns said his 16-year-old son, who was fined \$26.70 for speeding, will have "to work this summer to pay me back." Charles A. Cairns pleaded guilty to speeding three days after he received his driver's license.

Gramma Talks Talks, Talks, Talks

FAYETTEVILLE, N. C. (AP)—"Mother" said Mrs. J. C. McCauley's son, "here's a time for you to get something for all that jabbering you do." So the 49-year-old grandmother gubbed 28 hours, 44 minutes in station WFLB's talkathon race for \$1,500 in prizes and broke the 27-hour world record claimed by Mrs. Louis Grant, 27-year-old secretary who quit Tuesday afternoon. "I can still talk, but I felt like it was time to quit," said Mrs. McCauley last night after yielding the microphone to red-haired Mrs. Arthur Calis, a housewife. Said Mr. McCauley: "I always knew I had a champion."

Construction Hike Noted

WASHINGTON (AP)—The government reported today that new construction activity last month totaled \$1.4 billion dollars, a 10 per cent increase over April. The commerce and labor departments said this preliminary estimate was in line with seasonal expectations. For the first five months of this year the dollar volume of construction was estimated at 17.7 billion dollars, about the same as a year ago. Private construction thus far in 1953 was about 1 per cent lower than a year ago. However, public construction jumped about 4 per cent during the same period, largely because of increased spending for highways and military housing. The dollar volume of residential construction in the first five months of this year was down about 1 per cent from the same period a year ago. The industrial construction, by contrast, was off 21 per cent. During May, the government estimated, one billion dollars was spent on new dwelling units. This was 6 per cent higher than the April figure but the amount for the first five months of the year was 2 per cent lower than in the corresponding portion of 1952.

Power Failure Sank Submarine

HONOLULU (AP)—The executive officer of the submarine Stickleback says its own power failure on a dive was responsible for its being rammed and sunk by the destroyer escort Silverstein. Lt. Robert W. Dickieson told a naval court of inquiry yesterday that after the power failure, the submarine's crew barely was able to halt its plunge by hand-operating its diving planes. When the vessel rose, it was rammed. That was last Thursday. All 74 enlisted men and eight officers were rescued. The ships were on antisubmarine maneuvers. Dickieson gave no theories on cause of the power failure.

NY Man Goes On Long Hike

NEW YORK (AP)—Eight hundred miles is a long walk just to deliver a letter, but Max L. Cowan takes things like that in his stride. Cowan started hiking from Chicago last May 17 and arrived here Tuesday. A former amateur boxer and hiking enthusiast, he averaged 42 miles a day. Cowan, 45-year-old Utica, N. Y. stockbroker, yesterday presented a letter from Richard J. Daley, mayor of Chicago, to Mayor Robert F. Wagner. The Chicago official invited Wagner to attend the Pan American Games to be held there in August 1959. Cowan, employed by the Mohawk Valley Investing Co. in Utica, is 5 feet 5 1/2 inches and weighs 155 pounds. He said he last about 12 pounds. On weekends at home, Cowan said, he usually takes 40-mile hikes.

IN ENGLAND

Mrs. Eileen Barry, Eastside, has received a cablegram from Mr. and Mrs. Olaf Shipstead, her daughter and son-in-law, that they arrived at the Mapleton Hotel in London. They had left Los Angeles by plane only a day prior. The couple will tour various European countries on a trip which is expected to last until August. Germany, Italy, Norway, Ireland and England are among locations on a projected itinerary. Mrs. Shipstead is the former Anne Barry and well known among many friends in Lakeview. Her husband will visit relatives in Norway.

Possibility Democrats May Control State Legislature

SAN FRANCISCO (AP)—With at least 11 seats in the Assembly and five in the Senate sewed up in the primary election, Democrats see their first chance since 1889 for control of both houses of the California Legislature. Despite the Democratic trend in the primary, a tight battle for both houses was expected in the November general election. The Democrats need to pick up only one seat in the 43-member Senate, where 21 districts are at stake this year. A special election will be held in November to replace the late Democratic Sen. Earl D. Desmond of Sacramento. The Senate was split 20-20 in the 1957 and 1958 sessions, but the Democrats had nominal control. The Democrats now are assured of 16 seats this fall, the Republicans of nine. A switch of four seats would be needed to upset the 43-37 Republican majority in the Assembly. Besides nine Assembly districts where Democratic incumbents were unopposed, Democrats Thomas J. MacBride of Sacramento and Robert W. Crown of Alameda won reelection with double nominations. In addition, Democrats Pauline Davis of Portola, Vernon Kilpatrick of Lynwood, Augustus F. Hawkins of Los Angeles, Charley V. Porter of Campton, Don A. Allen Jr. of Los Angeles, and Vincent Thomas of San Pedro were slightly ahead in incomplete returns on the GOP ticket. The Republicans had only two sure Assembly seats—Richard H. McCollister of San Rafael and Glenn E. Coolidge of Felton—both of whom were unopposed. In the Senate contests, Democrats Alan Short of Stockton and Hugh P. Donnelly of Turlock and Republican Randolph Collier of Yreka swept to two-party victories. In Los Angeles County's populous 38th District, Democratic Sen. Richard Richards handily won his own party's nomination and was challenging Republican Bradford Trencham on the GOP ticket. While both parties will fight to the wire this November for control of the Legislature, the partisan split has not been the major division in recent years. The North-South sectional dispute over the water rights issue, which deadlocked the last two sessions, saw Democrats and Republicans aligned on both sides. However partisan control will assume major importance in 1960 when the Legislature will redistrict the state on the basis of new census figures.
