

JEANETTE LORRAINE CUENDET, winner of this year's American Association of University Women Scholarship Award, transferred from Natchez High School, Mississippi, to Klamath Union High School. To a high school girl leaving all her friends, the move and school transfer was more of a sudden uprooting and hasty transplanting in alien soil. It is evident that the AAUW award winner adapted herself readily to the new school and surroundings, because she and her grades both thrived. She is pictured above with her mother, Mrs. Robert Cuendet, center, and Mrs. Len Sures, who presented the scholarship. Jeanette had already applied for admission and had been accepted at Oregon State College, Corval-

lis. Robert Cuendet's job brought the Cuendets to Klamath Falls and their present home, 1009 Pacific Terrace. During Jeanette's high school years in Natchez and at KUHS, she maintained her high scholastic rating and was also identified with numerous extra-curricular activities including Girls' League, Honor Society, Future Teachers of America, Future Business Leaders of America, Ski Club, Student Congress, Pelicanettes (song and yell leader); Job's Daughters, Young Women's Auxiliary, serving terms as president, vice president and secretary. She also was a member of her church choir. —Photo by Otto Ellis

It isn't a mania toward cleanliness that makes several baths a day essential during summer. During a heat wave, sponging yourself several times a day is healthful. You suds away pore-clogging particles and thus allow perspiration to flow freely.
