

Plane Accident Claims Life

VICTORIA, B.C. (AP) — A 15-year-old boy was decapitated Monday night when he jumped from a float plane after a wild ride with a 16-year-old companion across Elk Lake, 12 miles north of here.

Canadian Mounted Police identified the dead boy as John Morrison of Saanich, a town near here. Investigators said Morrison and Robert Turnbull, 16, had taxied the plane across the lake and guided it up an almost deserted bathing beach. Hitting the beach, the boys ran from the plane. Morrison ran into the whirling propeller and was decapitated. Turnbull was treated for shock.

The plane is owned by Victor Dawson of Central Saanich. He was attending a meeting here at the time.

Gaunt Sugamo Prison Now Stands Empty In Tokyo

TOKYO (AP) — In a congested area of western Tokyo stands a desolate, three-story building in a 17-acre compound surrounded by a 20-foot stone wall.

This is Sugamo Prison, which once housed nearly 4,000 Japanese war criminals and suspects, including the present Prime Minister and his state minister for atomic affairs. Sixty-three inmates were hanged inside the compound for crimes against Allied soldiers.

Now it is empty. The last 18 Japanese sentenced to Sugamo by Allied authorities were paroled and released May 30.

The prison has reverted to its original name of Tokyo Detention House. In about six months it will again be used to hold those awaiting trial.

To those living near the prison, it has become an object of hate and detestation. There has been a growing demand that the government demolish the ugly building.

The victorious Allies took over the prison in November 1945 and turned it back to Japanese authorities in April 1952, when there were 927 inmates left. Release of prisoners began late in the occupation.

The Japanese government, as part of its peace treaty obligations, released prisoners only after they had been pardoned by the Allied nations which reviewed their cases. Those who had served a third or 10 years of their prison terms with good behavior were screened by the Allies for possible parole and clemency.

Former prisoners never found themselves discriminated against in Japan. But there has been no noticeable effort to make heroes of the released war criminals.

"DENNIS THE MENACE"

"I'LL GO TELL DENNIS YOU'RE JUST FIXING YOUR SPRINKLING SYSTEM. HE THOUGHT YOU WERE GETTING A BOOBY TRAP FOR HIM!"

Macmillan, Ike Attend Graduation At College

WASHINGTON (AP) — President Eisenhower and British Prime Minister Harold Macmillan switch today from cold war problems to the ceremonies of a college graduation.

They attend commencement at Johns Hopkins University, headed by the President's brother, Dr. Milton S. Eisenhower. Macmillan will speak after being introduced by the President.

Eisenhower and Macmillan held a guarded private conference yesterday in the White House Cabinet Room.

It lasted 2 1/2 hours and ranged widely through cold war issues.

Macmillan confers again with Eisenhower at a White House dinner tonight, following an afternoon conference with Secretary of State Dulles and other top U.S. figures among them Chairman Lewis L. Strauss of the Atomic Energy Commission and Chairman Nathan Twining of the Joint Chiefs of Staff, sat in on yesterday's White House talks. Also present were such top-British officials as Sir Edwin Plowden, chief of Britain's atomic effort, and Sir Norman Brook, secretary of the British cabinet.

Macmillan was in gay spirits yesterday, but he steadfastly refused to tell newsmen more than "We had a very nice talk about every subject under the sun."

Eisenhower's version, as relayed to reporters by Presidential Press Secretary James C. Hagerty, was equally laconic.

"We talked about many things," Eisenhower said.

The British were reported particularly keen about prospects for congressional approval of a bill to permit greater sharing of U.S. atomic secrets with Britain.

Another subject arousing Macmillan's curiosity is the status of U.S. plans to send 60 intermediate range Thor missile units to four bases on England's east coast.

Eisenhower and Macmillan agreed to do this at their 1957 Bermuda meeting. Target time for complete installation is December.

SC Primary Held Today

COLUMBIA, S.C. (AP) — South Carolina Democrats vote in primaries today for a gubernatorial candidate and for six nominees to the U.S. House of Representatives.

Election officials anticipated 300,000 of the 539,000 registered party members would ballot. Its results, barring runoff, are considered tantamount to election in this overwhelmingly Democratic state.

Contending for the nomination to replace Gov. George Bell Timmerman Jr. are Lt. Gov. Ernest F. Hollings, Mayor William C. Johnston of Anderson and Donald Russell, former president of the University of South Carolina.

Timmerman is ineligible to succeed himself under a one-term rule.

Five incumbent congressmen have no opposition, but Rep. John J. Riley of Sumter is opposed in the 2nd District by Pat Linder of Lexington.

Republicans, who have yet to offer candidates, could enter the November general election through special convention action. Other races will be for 148 seats in the state legislature and for one prosecutor's post.

Suzy Parker 'Doing Fine'

ST. AUGUSTINE, Fla. (AP) — Film actress Suzy Parker was reported getting along nicely toward recovery today from injuries suffered in a traffic collision which killed her father.

A new question of her marital status arose when Pierre de la Salle of New York City, who came here to visit her, told newsmen he was not married to the 25-year-old former fashion model.

"I have never been married to Miss Parker or anyone else," he said.

Newsmen were not allowed to question the actress. But hospital officials said that when she was brought to the hospital Miss Parker gave her name as Mrs. Pierre La Salle.

New York sources said she and La Salle were wed in 1955 but the marriage was kept secret to avoid conflict with her career.

She suffered two broken arms in the accident.

Local Firm Successful In Buying BLM Timber Lots

Puckett and Scherer of Klamath Falls was successful bidder over two competitors for an estimated 8,046,000 board feet of timber offered for sale by the Medford District of the Bureau of Land Management on May 29. The timber is located on a tract near Pinehurst in southeast Jackson County.

The local firm's high offer included bids of \$36 per thousand board feet for the Douglas fir, \$52 for the sugar pine, \$10.00 for the white fir, and a total of \$238,004.

An estimated 19,635,000 board feet of timber, located on four other tracts, were sold at the same sale for a total of \$431,612.15.

A tract on Ditch Creek, in northwest Jackson County, brought two bids, the higher being that of Magnolia Lumber Company, Rogue River, which paid \$19 per thousand for the Douglas fir, the major species of the estimated 6,475,000 board feet involved.

Bate Lumber Company, Merlin, was sole bidder for three tracts in the Galice area of Josephine County, containing an estimated 13,160,000 board feet. Douglas fir was the major species on all three tracts, its price per thousand varying from \$29.70 to \$24—the latter price applying to the largest tract (5,829,000 board feet).

Three tracts in eastern Jackson County, one along the Butte Falls Prospect road, and two on the Dead Indian, are among five tracts which are advertised for sale by the bureau on June 12. Another tract is located in the Galice area, and the last in southern Douglas County, near Glendale. These tracts are estimated to contain 26,246,000 board feet, appraised at \$309,867.75. Additional information may be obtained from the office of the district manager in the Medford City Hall.

Auto People Wait And See

DETROIT (AP) — The auto companies and the United Auto Workers Union appeared today to have adopted a wait-and-see attitude in their negotiations on new contracts.

The union scheduled bargaining sessions again at General Motors, Ford and Chrysler. No progress was reported from talks at all three companies yesterday.

The union indicated it was waiting for the companies to come up with some kind of an offer. The companies seemed to be in no hurry to make one.

GM's original proposal was to extend the wage formula of the 1955 contract for two years.

Similar proposals were made by Ford and Chrysler. But they were withdrawn when the old contracts expired Memorial Day weekend without a settlement. The companies say they now have no proposals on the bargaining table.

Operations were described as normal yesterday at plants of all three companies as the industry moved into its second week of producing cars without contracts to cover 500,000 workers.

Deborah Kerr To Divorce Husband

SANTA MONICA, Calif. (AP) — Deborah Kerr, 36, is seeking a divorce.

Her 12-year marriage to producer Tony Bartlett, 38, ended in separation last March 27, she said.

The red-haired actress charged extreme cruelty.

Recently Bartlett filed a writ of eminent in London against screen writer Peter Viertel, charging that on a movie location with Miss Kerr in Vienna Viertel enticed her away from him.

Viertel later termed the charge "absurd and ridiculous."

NEW GIMMICK
NEW YORK (UPI) — Harry Baronian, publisher of the Bowery News, has introduced a new gimmick "to discourage panhandling and stimulate the latent urge in bums to go to work. Baronian, when accosted by a "stem-artist" asking for a "hand-out" now gives them a pay packet envelope containing a dime and a card reading: "Why not peddle the Bowery News?" The results to date have been an assortment of astonished glances.

Actor's Daughter Draws Sentence

LOS ANGELES (AP)—Barbara Ann Burns, convicted of dope addiction, has been sentenced to the minimum mandatory term, 90 days in jail.

But her attorney appealed the sentence and she was released on \$1,000 bail.

The 19-year-old daughter of late comedian Bob Burns was arrested in a Hollywood apartment last January. Municipal Judge Harold C. Sheppard said he believed her a "victim of circumstances" and had bad companions.
