are you waiting for what I was?

Let me tell you what I saved when I drove a new Plymouth...then bought one!

Like a lot of people, I was putting off buying a new car... even though we sure needed one. Then I found out what my Plymouth dealer was offering in the way of low prices and really big trades.

Mister, when I saw what I saved I knew there was no use putting off any longer! Got more for my old car than I believed possible. (Plymouth dealers need used cars and can sell all they get!) Got a terrifically low price on the new Plymouth

...and choice of models besides... hardtops, sedans, convertibles, wagons.

And I saved a cool \$140 on the ride alone! Plymouth's top-luxury ride, Torsion-Aire Ride, is standard at no extra cost, while you have to pay up to \$140 for the top ride of competing "low-price 3" cars.

What's more, I got the car that proved it can save me gasoline, by winning the 1958 Mobilgas

Economy Run. A car with Silver Dart Styling that is so far ahead right now it will still be worth more when I trade. With the kind of easy handling that makes every minute of driving a downright thrill! The stamina to stand up without nagging adjustments and big repairs... a car as much better built as it is better looking!

Any wonder I quit waiting? Take my tip... get your Plymouth bargain right now.

Today's best buy... tomorrow's best trade... **Plymouth**
