World Trade Theme Told

Foreign trade and its importance from county to national level has been studied in recent months by members of the League of Women Voters, under the slogan, "Using Our Hats For Trade." Each league has been concerned with local products using decorated hats for illustrations. Klamath County's trade potentials were illustrated at the state meeting at Coos Bay attended by 16 other leagues in Oregon. Hats worn by Mrs. Cliff Wood, Mrs. Virgil Koehn, Mrs. Fred Kelsay and Mrs. Walter Hoag, substituting for Mrs. Truman Johnson, depicted lumbering, agricultural products, native fruits, and wood byproducts, that make up a part of Oregon's 114 million dollar income from exports. Other Oregon goods sent abroad included in this total are wheat, processed foods and manufactured items.

CLOSED LUFKIN, Tex. (AP) — City workers, escorted by police, boarded up 49 outdoor toilets Tuesday.

An ordinance was passed in this city of 20,000 seven months ago requiring owners of houses within 100 feet of sewer lines to tie on for indoor facilities.

Despite numerous warnings, the 49 failed to do so.

There's a \$200 fine if the outdoor houses are reopened, no matter what the emergency.

Nearly 30,000 Canadians became citizens of the United States annually.

THE WORLD TRADE STORY was dramatized in a parade of hats worn by League of Women Voters at a recent state convention at Coos Bay, showing the importance of world trade to Oregon and to Klamath County. Left to right are Mrs. Fred Kelsay modeling a replica of the Johns-Manville plant around the crown of her natty straw; Mrs. Cliff Wood, showing wood products; Mrs. Walter Hoag, wild plums on her chic chapeau, and Mrs. Virgil Koehn in sack dress with farm produce about the brim of her lacy straw.

Doctors Change Attack Thoughts

DALLAS, Tex. (AP) — The American Society of X-Ray Technicians was told yesterday that an A-bomb attack, or other mass disaster, must change physician's normal medical philosophy.

The speaker was Dr. Paul North of Dallas.

"With enormous numbers of casualties, those with minor injuries would get No. 1 priority. . . . We would have to give first attention to those with minor injuries, who could be helped quickly and put back into the community to help others," he said.

Dr. North said second priority should go to people whose lives can be saved or a long illness averted, by quick emergency measures.

Last to be treated, he said, would be persons with extensive burns, or head injuries requiring long operations and careful nursing, or open chest wounds requiring surgery.

WAVES TOKYO (AP) — The government meteorological observatory announced abnormal pressure waves, presumably caused by a U.S. nuclear test at Bikini, were felt in Japan at 6 a.m. Wednesday (1 p.m. PST Tuesday).

Trip Proves Tough One

EUGENE (AP) — A Klamath Falls family had reasons for a reunion celebration Monday.

During a trip to Vancouver, Washington, the Charles Boleyn family of 3629 Altamont Drive, accidentally left their 11-year-old daughter, Mary, at a Eugene service station, Eugene police reported.

The father called officers from Portland Monday night saying the girl might be at the service station. Mary was found and the father wired money for bus fare and a meal.

While a police patrol and a sergeant saw that Mary got a bite to eat and caught her bus, she told them the same sort of incident had happened earlier in the trip.

She said her family was halfway to Eugene from Klamath Falls when it was discovered her 7-year-old brother was missing.

He also had been accidentally left behind at a Klamath Falls grocery, and the family returned to pick him up, then left again for Eugene, the girl said.

US Lead Asked For Americas

RIO DE JANEIRO (AP) — President Eisenhower has proposed that the United States take the lead in promoting the common welfare of the Americas.

Eisenhower called for "a reaffirmation of devotion to Pan Americanism" in a reply to a recent letter from Brazilian President Juscelino Kubitschek.

Some diplomats of other Latin American nations felt miffed because Eisenhower had not adopted the Bulganin technique of round-robin communications. "It looks like we are being left out," one envoy said.

Kubitschek wrote Eisenhower May 28 that measures to demonstrate inter-American unity were vitally needed. U.S. Assistant Secretary of State Roy Rubottom delivered Eisenhower's reply to Kubitschek Tuesday.

The exchange was in line with the new attention in Washington to Latin-American relations as a result of Vice President Nixon's recent stormy reception in Peru and Venezuela.

Homemade Bomb Injures Youth

PORTLAND (AP) — Two-year-old Nancy Van Horn watched intently as her brother tried to fit a cap on the end of a pipe he had stuffed with match heads.

As Gerald Van Horn, 15, tightened the cap, the matches inside the pipe blew up with a terrific force.

The pipe was shattered and Gerald's left hand mutilated. The force of the blast severed part of his thumb.

The little girl, standing near her brother in a shed he used as a workshop, was unharmed.

Neighbors called police when they heard the explosion Tuesday night. Police found Gerald lying in the back yard, unconscious from shock.

The boy also was hit in the abdomen with a small piece of the metal pipe. Emanuel Hospital listed his condition Wednesday as satisfactory.

DIVORCE RENO (AP)—Louis Rene Beaudoin, former speaker of the Canadian House of Commons, obtained a divorce from his wife Margaret yesterday and confirmed reports he will marry Alice Outram of Ottawa. He indicated he would marry Miss Outram in a Nevada civil ceremony and later in a Catholic ceremony elsewhere. The Catholic ceremony would depend upon his obtaining a papal annulment of his first marriage.

Discipline In Air Case Set

ST. LOUIS (AP) — A Scott Air Force Base general says disciplinary action will be taken in the case of a C47 transport plane from Scott which almost collided with an airliner Monday.

He did not elaborate.

Lt. Gen. Joseph Smith, commander of the Military Air Transport Service, which has headquarters at Scott, said an instructor pilot of the military plane permitted it to be operated under simulated instrument conditions in part of the base's flying area where pilots are supposed to fly by sight.

An American Airlines pilot said Monday he was in an area near Staunton, Ill., about 35 miles northeast of St. Louis, when he had to dive his DC7 liner to avoid a collision. He said he was flying at about 5,000 feet with 53 persons aboard at the time.

The plane was en route to St. Louis from Chicago.

The instructor pilot of the military plane was identified as Capt. Laurence Herman, 40, of the 1405th Air Base Group at Scott, Mo. Joseph A. Kuhn, 34, with MATS headquarters, was pilot and was being checked by Capt. Herman on an instrument proficiency flight.

Police Nab Car Thieves

On Monday evening the state police in the Lakeview area arrested three out-of-state men who admitted stealing the automobile in which they were riding.

Being held in the Lake County Jail are William W. Bell, 19, Detroit, Michigan; Benny H. French, 18, Oroville, California; and Harold D. Whitfield, 21, Oroville. The car was stolen from Oroville.

The men also reportedly admitted having staged several recent burglaries in California.

Other action on the state police docket includes the Tuesday evening collision of a cow and a car on Highway 66 about four miles west of Keno. Investigation indicates that the west bound vehicle was driven by Sally J. Watson, 24, of Pilot Rock.

Both the cow and the car left under their own power following the accident.

About 150 to 200 horsehair are used in the making of a violin bow.

No Blame In Fire Ruled

WILLIAMS LAKE, B.C. (AP) — A coroner's jury fixed no blame Tuesday for the deaths by fire May 25 of 12 Indian children.

Earlier, a young nun, Sister Mary of the Cross, testified from her hospital room that she mistakenly poured an inflammable liquid into a stove, touching off an explosion and the fatal blaze. She was severely burned on the face, hands and body trying to rescue the children.

The jury ruled the fire and deaths an accident. The fire levelled the frame building that housed the Anahim Reserve hospital and school 70 miles west of here.

Sister Mary, 24, a member of the Roman Catholic order of Missionary Sisters of Christ The King, told the jury she was the only nurse on duty. The other sisters were in the convent nearby.

She was preparing bottles for feeding the children when she poured a liquid which she believed was coal oil into the stove, she said.

MELBA'S Salon of Beauty NOW OPEN MONDAYS PH. TU 4-5238 3116 Pine St.

DON'T show me line bifocals show me the new Noles Inviso-Blend-Vue Lenses! Now you can have the appearance of youth and freedom from bifocal discomforts through this sensational new lens which eliminates the objectionable tattle-tale age line and unpleasant eye-jump caused by old-fashioned bifocal lenses.
