

SWING, SISTER SWING—Seemingly unhampered by the habit of her order, a sister from Maryknoll College in Clarks Summit, Pa., belts the ball a good one. She's in a competition with sisters from another institution in the area at an annual outing given by Maryknoll.

Spring Storm Still Hovers Over Kansas

By THE ASSOCIATED PRESS
Late spring storms hammered central sections of the country again last night, the most severe in tornado-jittery Kansas.

A rash of tornadoes erupted in south-central Kansas, with heaviest damage reported in Wichita, some 35 miles from El Dorado, which was hit by a killer twister Tuesday night.

About 25 houses in northeast Wichita were damaged and an undetermined number of persons injured by the tornado. Other twisters were reported near Arkansas City, Newton and Wellington, all in the Wichita area.

Severe thunderstorms were reported during the early morning in sections of Kansas and Missouri. Tornado winds also ripped into areas of western Nebraska and eastern Colorado.

Showery weather was reported across broad areas of the country.

The surging Wabash River threatened serious flooding in Indiana. At Peru, some 1,000 residents were ordered to leave their homes as water neared the top of a floodwall. Many streams in the north central section of the state overflowed, forcing hundreds of persons from their homes, including 1,500 at Marion, and others at Wabash, Logansport, Delphi and Lafayette.

Rain hit the eastern seaboard from Maine southward to Florida, with falls of about one inch in Danville and Norfolk, Va.

More thundershowers were forecast in the central and southern plains and through the lower and middle Mississippi Valley. Fair to partly cloudy weather was the outlook in most other parts of the country.

Doll Case Dedicated

YREKA—High point of the recent meeting of the Southern Sis-kiyou Heirlooms group held at the county museum at Yreka was the dedication of the dolls showcase, in memory of Mrs. Thelma Louise Ozunas, late member and former president of the organization, whose interest in dolls of all types was instrumental for the largest part of the doll display at the museum.

Victor Ozunas, widower of the late Mrs. Ozunas, was present for the dedication, as he had loaned his wife's fabulous collection of dolls and books on dolls to the museum. Most of the dolls are of historical value.

Mrs. Kay Scott, a close friend of the late Mrs. Ozunas, and an authority on historical dolls, gave a talk on "Why Dolls are in Museums." She mentioned in part that dolls that youngsters loved and kept, were those that were similar to themselves and their playmates, thus preserving for posterity an accurate picture of the appearance and clothing of children of various eras. For illustrating her talk, Mrs. Scott had several of her dolls on exhibition.

Gangster To Serve Time

CHICAGO (UPI) — Federal Judge Julius H. Miner today sentenced veteran underworld boss Paul (The Walter) Ricca to nine years and a \$15,000 fine on income tax evasion charges.

Miner sentenced Ricca, former associate of the late gang leader Al Capone, to three years and a \$5,000 fine on each of three counts charging evasion of taxes on \$300,000 worth of income over a three-year period.

Ricca is free on bond and his lawyer has said he will appeal the case to the U.S. Supreme Court if necessary.

Ricca is one of the last survivors of the band of tough-fisted lieutenants who helped gangster Capone rule a Chicago underworld empire during the 1920s and early 1930s.

Child Group Meets Off

The Klamath County Child Guidance Advisory Council will hold no meetings during July and August and the next regular meeting will be held in September. Mrs. E. A. Geary, chairman, announced at the Wednesday luncheon meeting at the Klamath County Public Health Center, it is hoped that Dr. and Mrs. John Waterman from the State Health Department will be here for the September luncheon.

The Rev. Robert L. Greene, pastor of St. Paul's Episcopal Church has accepted membership on the council. The nominating committee, headed by Ben Kerns, proposed five names which were unanimously accepted by the members. The persons who will be asked to serve are Isabelle Brixner Dr. Calvin Hunt, Mrs. John Martin, Mrs. Leland Cheyne and Jess House.

Mildred Lowden, psychiatric social worker for the clinic, gave a short report on the recent public health institute she attended at Berkeley. She commented that the number of children referred to the child guidance clinic during May was greater than previous months, instead of smaller as is normally expected as the school year is closing.

AN UNDERSTANDING of the political unrest in Algeria requires a close look at her eastern neighbor Tunisia, who has shown great sympathy for rebelling Algerian nationalists. The tiny North African nation occupies a land area slightly smaller than Louisiana, and has a population of 3,783,000 (U.N. estimate). The Algerian Army of National Liberation (FLN) is reported to have about 6,000 men — one-fifth its total — in sanctuary in Tunisia. Also in Tunisia, in the area around Remada, are some 22,000 French troops. These troops have been virtually imprisoned in their cantonments since the Feb. 8 bombing of the border town of Sakiel by American-made French planes from Algeria.

Ruth Parrett Rules Festival

PORTLAND (AP)—A minister's daughter is this year's queen of the Portland Rose Festival. Honey-haired Ruth Parrett, 18, was picked from 11 candidates in ceremonies in Multnomah Stadium Wednesday night.

A crowd of 21,983 cheered at the first glimpse of the queen as a huge rose unfolded on a stage in the center of the stadium's baseball field.

"I'm just too happy to cry," the queen said.

She is 5-6, weighs 127 pounds and has a 36-22 1/2-36 figure.

Her parents are the Rev. and Mrs. O. E. Parrett. He is pastor of a Methodist Church here.

Shortly before the candidates made 2 1/2-minute-long speeches at the stadium, Miss Parrett's hoop skirt came loose. She dashed out of the stadium and returned with the skirt held up by a silver pin.

It was the only break in the routine of the ceremony, Miss Parrett, unruffled, calmly gave her speech.

Obituaries

FERGUSON
TACOMA, Wash. — Mrs. Claud (Ruth) Ferguson, former resident of Klamath Falls, died unexpectedly here June 10. She became ill while visiting a sister in the East and died soon after returning home. Her husband was an employee of the Great Northern Railway for many years. While in Klamath Falls, Mrs. Ferguson, a graduate nurse, was active in the First Presbyterian Church. Funeral services will be held Friday, June 13, at 1 p.m. from the Buckley-King Funeral Home in Tacoma. The Ferguson home is at 2215 North Stevens, Tacoma (7).

Marketing School To Be Conducted

PORTLAND (AP)—A two-day livestock marketing school at the Portland union stockyards opened Thursday. Attending the sessions are 25 Western Oregon county agents, and meat and livestock specialists from Oregon State College.

Thursday's classes included watching the grading of beef cattle, hogs and lambs. Friday the agents and specialists will see the same livestock slaughtered and graded.

Californians Want Faster Speed Limit, More Police Enforcement Of Traffic Law

SACRAMENTO (UPI) — Californians would like to see the state speed limit boosted from 55 to 65 miles an hour, but they'd also like tighter enforcement of traffic laws in case things get out of hand.

These "courage with caution" views were brought to light in a survey conducted by the Senate Interim Committee on Prevention of Automotive Accidents.

The committee, considering a bill to raise the speed limit, has received 93,000 completed questionnaires from civic and professional groups and law enforcement agencies.

The polled groups supported the 10-mile speed increase by a percentage vote of yes 62.7, no 36.3, undecided 3.

Then they turned around and endorsed stricter enforcement of traffic laws by a vote of 84.2 per cent yes 12.9 no and 2.9 undecided.

By a whopping 92.3 per cent majority, the polled groups favored tests for drunk driver suspects.

They also came out for reduced highway speeds at night, more rigid driver license examinations, use by the Highway Patrol of a limited number of unmarked cars, use of radar to enforce traffic laws, more severe punishment for accident causing types of traffic violations, less court leniency and more warning signs.

Frank A. Crampton, executive secretary of the committee compiling the information, said a preliminary report will be ready about Sept. 1, and a final report will be submitted to the 1959 Legislature.

A high pressure area is expected to move into the Northwest from Canada Friday night, bringing an improvement in the weather for the weekend.

School Work Bids Okayed

DUNSMUIR—Bids for two major renovation jobs at the Dunsmuir Elementary School were approved by the board of trustees on Tuesday night and another project was temporarily tabled.

The K. C. Painting Company of Klamath Falls was awarded the job of refinishing and water proofing the auditorium building for \$1,980. H. Harris of Klamath Falls will handle the re-roofing of the main classroom building for \$2,270. The surfacing of the school grounds was tabled without a decision.

Permission was given the Brotherhood of Railroad Trainmen and Auxiliary for use of the auditorium for meeting during their tri-state convention in Dunsmuir in October.

About 75 students are to be enrolled in the four-week summer school which will begin next week. School enrollment was 629 at the end of the school year.

Shows Slated In East Oregon

By THE ASSOCIATED PRESS
Skies will be partly cloudy in the western part of Oregon and mostly cloudy with occasional showers in the eastern part of the state through Friday, the Weather Bureau said at Portland Thursday.

A storm front brought rain and clouds to southeastern Oregon Thursday morning. Burns recorded the most precipitation with one-half inch.

A high pressure area is expected to move into the Northwest from Canada Friday night, bringing an improvement in the weather for the weekend.

Truck Upsets On Hiway 97

The driver of a car-hauling van escaped serious injury about 1 a.m. Thursday when the truck he was operating overturned on U.S. Highway 97 when attempting to pass another vehicle.

Investigating state police said the truck being driven by William F. Gollmick, Milpitas, California, was attempting a pass about three miles south of Klamath Falls when the wheels of one side of the rig moved onto the road shoulder. Gollmick was northbound.

The vehicle was carrying three new automobiles and several new boats.
