

IN THE OFFING — This drawing by AP artist John Carlton depicts what might happen when U.S. Air Force "shoots for the moon" later this year, as announced June 10 by Lt. Gen. S. E. Anderson of the research and development command. If the rocket misses the moon, it will become a satellite and might possibly orbit the moon and earth in a figure-eight course (broken line). A shoot to the moon would cover a course of 278,000 miles and take two and one-half days. —AP Wirephoto

**PROMINENT IN NEWS** — Bernard Goldfine, currently in the news in a Congressional Committee investigation, is a true example of America's rags to riches theme. With a small amount of capital saved from his industrious shoe shining career, he went into the mill remnants business in 1910. Today he is considered a multi-millionaire and has many friends in industry, business, finance and politics — among members of both parties. He has large real estate interests, including plans to build a large garage under Boston Common. His name came into the news again June 10 when records were read before a committee in Washington indicating he had paid \$2,000 of bills at Boston's Sheraton Plaza Hotel for Sherman Adams, chief aide to President Eisenhower. The White House said June 11 insinuations that Goldfine got preferred treatment from federal agencies because of friendship with Sherman Adams "will be proved completely false." —AP Wirephoto

### Hostel Keep, Solon Wife Square Off For Showdown Battle Over Politics

MOORHEAD, Minn., (UPI)—The "house divided" dispute between blonde Congresswoman Coyn Knutson and her stay-at-home husband has settled into an earnest, interparty battle.  
Andrew Knutson, 47, a hotel keeper at Oklee, Minn., has joined the ranks of an anti-Coyn faction in the state Democratic party.  
"It's a free country," Mrs. Knutson said Wednesday in Washington, adding her husband has the right to support whomever he chooses. "I would be the first to respect that right."  
Knutson's move places him in the camp of Moorhead businessman Marvin A. Eversen, the most likely candidate to oppose the attractive congresswoman in the September primary.  
Evensen said his candidacy is being promoted by a 35-member committee which believes "there have been shortcomings in the way we have been represented in Washington and that a man could do a better job."  
The congresswoman's husband first made his opposition known more than a month ago when he issued an open letter asking his wife to quit politics and return to the kitchen.  
He modified his stand later; Coyn could stay in politics provided she fired her handsome administrative assistant, Bill Kjeldahl. Knutson apparently decided to do some politicking of his own when his wife said last week that Kjeldahl was staying on.

### Bandits Hold Up Big Home

BEVERLY HILLS, Calif., (UPI)—Bandits Wednesday night robbed a millionaire real estate developer and his wife of more than \$100,000 in jewels, furs and cash from their new Beverly Hills mansion, police reported.  
Samuel Hayden, 74, told police the robbers entered his bedroom where he was lying on the bed watching television. He said one man carried a gun and the other had a knife.  
"Be quiet—where is your wife?" the man with the gun asked.  
Mrs. Hayden came out of the dressing room.  
The bandits, both wearing masks, then took all of Mrs. Hayden's furs, and jewelry that included three diamond rings, two diamond bracelets and two heart-shaped diamond pendants the Haydens said were worth \$35,000 alone.  
The bandits also took nearly \$1,000 in cash, Hayden told police.  
Neither Hayden or his wife, Ann 52, were bound.  
Hayden's former wife, Katie, 73, was slain Feb. 9, 1955, by their maid, Mrs. Margaret Moore, 25, in their new \$250,000 home at Beverly Hills.  
The maid confessed she bludgeoned her employer with an ax after an argument about how to cut the bone on a roast.  
Three months later, Hayden married Mrs. Ann Gollos, 52, widow of a Chicago theater chain owner.

### Estimated Tax Due

Monday, June 16, is the deadline for the second payment of 1958 quarterly estimated tax by individuals, and for payment of the second half of corporation income taxes for calendar year 1957, Ralph C. Granquist, district director, today reminded taxpayers.  
The regular due date, June 15, falling on Sunday is the reason for the payment extension to Monday, Granquist explained.  
Individuals who are liable for the first time to file a declaration of estimated tax for 1958 on June 16 must pay one-third of the estimated tax with their declaration. Granquist said June 16 also is the income tax return deadline for U.S. citizens abroad filing for calendar year 1957; domestic corporations whose records are abroad or whose principal income is from U.S. possessions; nonresident alien individuals (other than residents of contiguous countries); nonresident foreign corporations, and all other foreign partnerships and corporations.

### Jet Smashes Into House

PONCA CITY, Okla. (AP)—A flaming Air Force jet training plane hurtled out of a rainstorm into an isolated farm home near here Wednesday night, killing an Air Force instructor and his pupil and a woman resident of the house.  
The dead were identified as Mrs. Cora Harman, 68; 1st Lt. Robert E. Irons, and 2nd Lt. Chris Paulos, both stationed at Vance Air Force Base at Enid, Okla. Irons was an instructor and Paulos a student pilot.  
Authorities at the scene five miles northeast of Ponca City said Mrs. Harman's body was thrown from the house by the explosion following the crash.  
Mrs. Harman's husband, Dick, was in the farm yard driving his pickup truck into the garage when the T-33 slammed into the northeast corner of the four-room frame house about 10 p. m. The home was one-quarter of a mile from any other house.
