STOCKS

WALL STREET (AP) — Industrial stocks paced the stock market in a moderate decline Monday. Selected issues posted gains. Key stocks fell from fractions to around a point.

The Associated Press average of 60 stocks fell 90 cents to \$172.90 with the industrials down \$1.60, the rails down 30 cents and the utilities down 20 cents.

Volume totaled 2,340,000 shares compared with 2,300,000 on Friday.

LIVESTOCK

PORTLAND (AP) — (USDA) — Cattle salable 1,150; includes equivalent of 18 loads fed steers, only load or so heifers, about 40 per cent cows; trading moderately active on reduced supply; early sales on fed steers about steady; heifers steady; cows strong; about four loads choice under 1,100 lb steers sold at 29.00; few loads low to average choice 28.00-28.50; good 27.00-27.50; load good and choice 26.00 lb fed heifers 27.50; few good heifers 25.50-27.00; canner and cutter cows largely 15.00-17.00, heavy cutters including Holstein 17.00; light canners down to 17.00; utility cows 17.00-19.00; few commercial 19.50-21.00; utility bulls mostly 23.50-24.50; some held higher; light cutter bulls 19.00-22.00.

STOCKTON (UPI-FSMNS) — Livestock: Cattle salable 2,000. Good 825 lb grass heifers 25.50, standard and good 23-24.50, utility 21. Commercial cows 18.50-20, utility 17.50-19, canners and cutters 14-17.50. Utility and commercial bulls 22-23. Good and choice 500-627 lb stock steers 28, good and choice 27-30 lb fed heifers 24. Cattle salable 250. Good and choice 300-500 lb slaughter calves 26-28. Good velders 28. Good and choice stock steer calves 27-29. Good calves 26-27. Hogs salable 600. No. 1 to 3 300-650 lb sows 16.50-19. Good and choice 40-120 lb feeder pigs 25-27, feeders around 140 lbs 24. Sheep salable 600. Sales confined to feeder lambs, mostly good offerings 20.

CHICAGO (AP) — Butcher prices were active Monday and prices were strong to as much as 50 cents higher. The \$25 top was paid for 136 head of 215 lb No. 1 grade. Cattle receipts of 17,000 were well below expectations and slaughterer prices were strong to 75 cents higher. A few loads of prime brought \$30.50-32. Most of the high choice and mixed choice and prime brought \$28.75-30. Vealer prices were steady at \$28-31 for good and choice kinds. Slaughter lambs were strong to 50 cents higher and one lot of 24 head brought \$27. Cattle receipts 7,000 hogs, 17,000 calves, 1,000 sheep.

CHICAGO (AP) — There was some support from time to time for wheat on the Board of Trade Monday but profit-taking worked against the small advances. Commercial and export business was slow but Austria was reported to have requested offers on 700,000 bushels of spring wheat. Wheat finished 1/4-1/2 lower, July 1.83 1/4-1/2; corn unchanged to 1/2 lower, July 1.32 1/4-1/2; oats unchanged to 1/4 lower, July 2.24 1/2-1/4; soybean 1/2 to 22 cents a hundred pounds lower, July 12.05.

POTATOES
Not Burglars, Just 'Hot' Bird

TUCSON, Ariz. (AP) — Police feared burglars were at work when a loud explosion was heard in the downtown area near two banks yesterday. The police surrounded the banks, but found nothing. Summoned officials of the two banks found nothing amiss. Then a patrolman spotted an open circuit-breaker fuse on an overhead power line at the rear of the banks. Bert Mills, an electric company employe, gave this explanation: Some birds used light strands of copper wire to build a nest in the circuit-breaker. A breeze apparently blew the loose ends of the copper wires against the high tension wires, setting off a 14,400-volt blast. The birds and the nest couldn't be found after the explosion.

FUNERAL SERVICES for Dr. John Gordon Patterson, 86, who died in this city June 23, will be held Wednesday, June 25, at 3 p.m. in O'Hair's Memorial Chapel. Final rites and interment will be in Klamath Memorial Park.

New Needs Of Press Cited

BEAR MOUNTAIN, N.Y. (AP) — Presidential press secretary James C. Hagerty says newspaper editors and reporters will have to have more knowledge of science and economics in the future. "We're going into a completely new world," he told the annual summer meeting of the New York State Society of Newspaper Editors at a dinner Monday night. "This means a shrinking of the world. Our president will be able to talk to any part of the world, and more important, the rest of the world can talk to us." Hagerty said newsmen and persons in other fields of communication will "need to understand the language of science better to translate it for their readers." Clark Morrison III of the Oswego Palladium-Times asked Hagerty during a question and answer period if, in discussing future press secretaries and presidents, he meant that Vice President Nixon would not hire him if he was elected. "No," Hagerty replied. "I would be out of my mind if I took another job in government."

Blaze Said In Control

VANCOUVER, B.C. (AP) — A 50,000-acre forest fire near the British Columbia-Yukon border was reported under control Tuesday. It was the first fire in years in the province and had been raging since Sunday on a 10-mile front near the tiny village of Lower Past, 450 miles northwest of Prince George. The entire male population of the area, about 120 men, joined 25 official fire fighters Monday in fighting the blaze. W. C. Phillips, district forester at Prince George, reported Tuesday the firefighters were "holding their own." Another major fire was burning Monday night in a heavy spruce stand east of Whitehorse, Y.T. Smoke from the 40-square-mile blaze covered the town. The temperature Monday at Lytton, in the Fraser Canyon, rose to 103 degrees. At Osoyoos, in the Okanagan Valley, school classes were dismissed when the thermometer registered 110 degrees.

Appeals For Alaska Made

WASHINGTON (AP) — The Senate heard new bipartisan appeals Tuesday for acceptance without change of the House-passed bill to make Alaska the 49th state. Sen. Henry M. Jackson (D-Wash.), chairman of the Senate Territories Subcommittee, led off the day's debate with this plea: "If the Senate truly wants statehood for Alaska, we must make certain that the will of the Senate — shared by a strong majority of the other body — shall not be overturned by a small committee of the other body." Sen. Thomas H. Kuchel (R-Calif.), ranking Republican on the subcommittee, cautioned against "legislative tampering" with the House bill in a speech prepared for the debate. And Sen. Mike Mansfield (Mont) acting Senate Democratic leader, expressed hope in a pre-session news conference that the House bill would be accepted by the Senate without change. Mansfield predicted at least 30 Democratic votes would back Alaska's admission to the Union. Kuchel said the United States has "a moral and legal obligation" to grant Alaska statehood. "There is no doubt in my mind," he said, "that Alaska can and will support statehood adequately from her own resources." "There can be little doubt that the legislative preparation for statehood is thorough and complete. There is also excellent evidence that the people of Alaska have prepared and are prepared — to assume the obligations of statehood."

School Boards To Urge Voters To Okay Budgets

Klamath Falls Elementary and High School boards met Monday night and authorized letters be sent to newspapers and radio stations urging voters to approve revised budgets on June 27 and July 7.

The fate of a new elementary budget—the first was turned down by voters May 5—will be decided this Friday. Approved by the elementary board at \$1,189,000, it is some \$26,500 less than the first. On July 7, balloting will take place on a proposed \$778,000 budget approved by the high school board, which is some \$31,000 less than the figure voters refused on May 5.

In other business Monday night, high school trustees authorized Architect Howard Perrin's plans for remodeling of the old cafeteria to be sent to Salem for state approval.

Contemplated are the installation of four new classrooms, including one large physical education room for girls and an infirmary and nurses quarters. No estimated cost of the work has yet been made.

The high school board also okayed a \$3,600 progress payment to Morrison and Howard for completing preliminary plans for new swim pool dressing rooms.

The board discussed possible future submission to the State Department of Education of a "declaration" that KUHSD would continue its driver education program under a new set-up.

The last Legislature approved a law that would provide a \$20 per driving pupil reimbursement to districts. In the school year just closed, it cost the local district about \$45 per pupil for 225 students taking the driving course.

High school board members also heard that baseball, football, etc., admission receipts were \$2,961.04 short in '57-'58 of paying the way for the various programs, and authorized a fund transfer to make up the difference. Receipts were "definitely stronger" in the year just closed than in the previous one, however, Superintendent A. L. Gralapp said.

Heard the superintendent report there will be an unspent carry-over from the '57-'58 high school budget of between \$8,000 to \$10,000. This will go into the general fund in the '58-'59 budget, he added.

Heard Gralapp report he will have a list of new teacher candidates for consideration at the next meeting. Ten vacancies have arisen in the high school.

Accepted resignations from Leonard Surles, gym and math teacher, and from James Thornston, math instructor and counselor. Surles will go to Orange, California, and Thornston to Lafayette in the Bay Area, both to continue teaching.

Elementary trustees heard a report that work is progressing satisfactorily on installing acoustical tile ceilings in six Mills classrooms and modernizing four classrooms there at an estimated \$1,900 in budgeted funds. The tile will replace worn-out plaster ceilings. They also:

Heard the superintendent report there will be \$35,000 to \$40,000 of carry-over in unspent funds from the '57-'58 budget, due primarily to not having to use a \$20,000 emergency fund. The carry-over will be placed into the '58-'59 budget's general fund.

Heard a report that pipe-laying for a sprinkler system on the Ponderosa site is now under way. Accepted the resignations of teachers Ruth E. Huffaker, Ponderosa, who is moving to Salem; Robleigh Marr, Conover, who is going to California; and Walter Munnhall, Fremont, who is going to Denmark for a year under a scholarship.

Heard Superintendent Gralapp report he will have a list of teacher candidates for consideration at the next meeting. There will be 13 vacancies in the elementary district to fill.

Government Saves Ferry

VICTORIA, B.C. (AP) — The British Columbia government stepped in at 12:01 a.m. Tuesday to keep the Black Ball Ferries running and save Vancouver Island from virtual isolation from the rest of the province.

The Black Ball ferry has been the island's only sea connection with the B.C. mainland since the Canadian Pacific Railway's coast service was struck five weeks ago. Black Ball was scheduled to cease operations midnight Monday in the face of a strike set for Tuesday noon over a wage dispute.

The government acted under the B.C. Civil Defense Act Monday afternoon. The unions involved in the wage dispute with the company agreed to keep the service going until an agreement is reached.

The unions, the National Assn. of Marine Engineers and the Canadian Merchant Service Guild, have asked a 19 per cent wage increase over two years. The company has offered eight per cent.

Doctors To Hear Report

SAN FRANCISCO (AP) — The American Medical Assn. will receive a committee report Thursday on an Oregon resolution asking Congress to tighten restrictions on admitting aging Korean orphans.

The resolution named no names but the Oregon delegation secretary said it was prompted by the Korean orphan adoption program of Harry Holt, Creswell, Ore., rancher.

The resolution named no names but the Oregon delegation secretary said it was prompted by the Korean orphan adoption program of Harry Holt, Creswell, Ore., rancher.

WED PING PONG
ESTES PARK, Colo. (AP) — Office and factory workers should substitute table tennis for the coffee break, says anthropologist Dr. Margaret Lamb of the U.S. Public Health Service. She told a physical education conference that women workers particularly need more exercise during their work day.

CANNED
WHITEVILLE, N.C. (AP) — A public drunk was "canned" twice here, first, police said, when he tried to sit on the edge of a 60-gallon trash can and fell in. It took four men to pull him out. Then he was "canned" again — on public drunkenness charges at the Columbus County jail.

JUNIOR RODEO QUEEN Delores Cotton receives her prizes from Mrs. Warren Parr of the Jay-Cettes at the conclusion of Sunday's Queens' Tryouts. Warren Woodard, president of the Junior Rodeo Committee, stands at left, with the bouquet of red roses presented to Queen Delores.

Living Costs Hit Record

WASHINGTON (AP) — The nation's living costs hit another new record in May but registered the smallest monthly rise since December.

The latest government reading on living costs, released Tuesday, held out hope that the two-year inflationary spiral has leveled out for the summer. Food items as a whole failed to increase in May for the first time since November.

The Labor Department index rose one-tenth of 1 per cent to 123.6 per cent of the 1947-49 base. This is 3.3 per cent higher than May last year. It represents the 10th straight rise in the index in the past 21 months.

The index has not declined in any month since August 1956. The living cost rise means an automatic pay boost for an estimated 850,000 workers mainly in the steel, aluminum, can manufacturing and meat-packing industries.

About 730,000 workers in these industries are to get a 4 cent hourly pay increase effective July 1 under labor contract clauses gearng pay rates to the government index.

Increases in medical care costs and transportation prices were largely responsible for the moderate hike in May for the overall index.

The medical care increase was attributed primarily to higher premiums for Blue Cross hospitalization plans in several cities, including San Francisco and Kansas City. Rates for physicians' services and hospitals also were higher. Medical care costs as a whole rose seven-tenths of 1 per cent.

The increase in transportation reflected higher prices for gasoline following the end of price wars in several cities, and for used cars. Prices of new cars and tires were lower.

Hersey E. Riley, chief of the Labor Department's price and cost of living division, told reporters food prices likely will decline in the months ahead as more plentiful supplies of fruits and vegetables hit market.

Search For Cole Stalls

EUREKA, Calif. (AP) — George Cole, one of the FBI's 10 most wanted men was still free Tuesday, whereabouts unknown, and the 100-man, two-county search for him was at a standstill.

Cole, 31, sought for the killing of a San Francisco policeman in December, 1956, was reported seen near Eureka Sunday, teaching off a manhunt along a 22-mile stretch of Northern California.

While searchers in the north combed the Dubakella Mountain area, those in the southern area, near Lakeport, set up roadblocks and closed in on a site where Cole was reported seen.

But when a Laytonville gas station was robbed of \$125 Monday, most searchers in the south left their posts to seek the thieves.

They captured the suspected robbers — two men and a girl — but may have lost Cole in the process.

About 50 deputies chased the suspects' car over an 80-mile route, guns blazing. Finally, near Lakeport, the auto overturned and the men fled into the hills.

Arrested at the crash was Jay Woodcut, 18, of Scotia, Calif. Lawrence Emerson Alfred, 22, of Rio Dell, and James J. Showers, 23, of Fortuna, who had fled into the hills, were trapped near an isolated cabin.

Good Crowd Sees Queen Tryouts At Fairgrounds

A record crowd of some 1,500 spectators gathered Sunday afternoon at the county fairgrounds to witness the Queens' Tryouts, at which Delores Cotton won the Junior Rodeo queen title as reported Monday.

The afternoon began with a grand entry. Mary Druce and Sandra Woodward of the Junior Riding Club carried the colors, and members of the Saddle Club escorted the junior and senior queen contestants into the stadium. Other participants in the colorful event were members of the Sheriff's Posse and the 4-H Wranglers and Junior Broncs.

In the musical chair event which followed, Fred Stilwell took the first place ribbon, followed by Bill Stevenson, second place, and Billy Sunday, third.

First place in the stallion class (under saddle) event was taken by Allen Forman. Don Colwell was runnerup, and Bob Moisin, third. Next on the program were the

Yreka Girl, 7, Drowning Victim

YREKA — Rose Marie Patterson, 7-year-old daughter of Mr. and Mrs. John L. Patterson, Yreka, was drowned Sunday about 2:45 p.m. in the Shaista River near the Dry Gulch bridge.

Rose Marie and her parents had gone swimming at a popular swimming hole on the river. It was thought she stepped into a deep hole.

Efforts to recover the body by nearby fishermen were futile and it wasn't until 4 p.m. that David Walker, 17-year-old boy from Yreka, recovered the body on his first dive.

Ike Names New Post Director

WASHINGTON (AP) — President Eisenhower picked Leo A. Hoeh, now Civil Defense administrator, to head the new office of Defense and Civilian Mobilization Tuesday.

The new agency will open for business July 1 under terms of a presidential reorganization program merging the Office of Defense Mobilization and the Federal Civil Defense Administration. The merger became legally effective Monday midnight.

Smokers Anger Cancer Speaker

DALLAS (AP) — While cigarette smoke wafted up from the audience, the American Cancer Society's Dallas unit was chided yesterday "for flaunting the million dollars spent on the study of lung cancer." "Nothing makes me angrier than to watch a person take a puff," said Dr. Robert J. Samp of the cancer research staff at the University of Wisconsin Medical Center, "and smile and say, 'Well, if I'm gonna go, it's a wonderful way to go.'" "He will go, all right, and there's an excellent possibility the way will not be wonderful," he said.

Pa-Hu-Ska Finds Fresh 'Tribe'

MANNHEIM, Germany (AP) — Pa-Hu-Ska, the last princess of the Osage tribe of Oklahoma, has found a hand of happy followers in this industrial town on the Rhine. On her way to the Brussels World Fair she stopped off to show her Indian relics and costumes to the boys of the Mannheim Indian club. She also brought along tape recordings of Indian chants and songs. The German "Indians" were so delighted that they promptly called a pow-wow and changed the organization's name from Ogalalla club to Osage club. In exchange, the Princess allowed the club leader, Chief Graue Wolke ("Grey Cloud"), to adopt the name "Paw-Hu-Ska."

Indian folklore has long had a strong appeal for German youths and Indian clubs are scattered throughout the country. TOO MUCH SAN ANTONIO, Tex. (AP) — Deputy Sheriff Tony Lobello listened as the woman complainant pointed out red crosses on her neighbors' yard and said it was wood powder. As proof she held up a dead rooster. Lobello gingerly tasted some of the powder. His verdict: The rooster died of eating too much red pepper.
