

### Doctors Plan Drug Confab

SAN FRANCISCO (AP)—One of the problems of modern medicine is preventing or curing ailments caused by new drugs administered to treat or cure something else. The American Medical Assn. took up this problem today in a panel discussion by several experts. They advised a "go slow"

procedure in giving medicines known to cause undesirable reactions in patients. Dr. Leo E. Hollister of the Veterans Administration hospital at Palo Alto said the tranquilizing drugs do more good than harm in carefully selected patients but that their use in some instances can cause complications.

### Grocer Kills Holdup Man

DETROIT (AP)—Frank Pattitoni is a hero of Detroit's East Side again.

A small, white-haired man, Pattitoni, 69, shot and killed his second holdup man in four years at his grocery store last night.

As before, Dominic Sotgiu, 43, Pattitoni's friend for 30 years, was at hand — to help and be helped.

On June 3, 1954, Pattitoni shot one robber to death and wounded a second when they abused Sotgiu. For this Detroit police gave him their Citizens' Medal for Valor.

In the first World War, Pattitoni, an Italian immigrant, was decorated as a sharpshooter by the U.S. Army.

"Maybe they had a right to kick me around but they had no right to hit Dominic," Pattitoni said.

Last night's incident was markedly similar. Two suspicious men entered and ordered beer and a soft drink. Slipping a rifle from behind his counter, Pattitoni entered the walk-in refrigerator to get drinks.

One man slammed the door shut on him and struck Sotgiu at the elderly man's attempt to intervene.

With both robbers at the cash register, Pattitoni opened fire through a window of the big cooler.

One of the two fell dead. The other fled. Police identified the slain robber as Henry Hotchkiss Jr., 36.

### Man Pays Drunk Driving Fine

WEST PLAINS, Mo. (AP)—Farmer David Lee Hogan paid a \$10 fine for driving while intoxicated.

He was arrested after his tractor pulled out of a West Plains service station and hit a car.

Hogan said he drove his tractor to town because his license to drive a car had been revoked for a previous traffic violation.

### LOW FLIER

CUMBERLAND, Ky. (AP)—O. M. Henson went soaring out of bed and landed unhurt when two dynamite charges went off right under him. The bed was demolished. Henson said he has been sleeping in his son's grocery store lately to frustrate burglary attempts. The blasts caused an estimated \$500 damage.

"Don't think of it as a secondhand car! Think of it as an automobile with experience!"

### Reds Tighten Censorship

NEW ORLEANS (AP)—Soviet censorship of dispatches by foreign correspondents in the Soviet Union has become increasingly severe in recent weeks, a State Department official said today.

Andrew Berding, assistant secretary of state for public affairs, said some recent news stories have been delayed, mutilated or completely deleted by the Moscow censor.

"We believe that secrecy can lead only to misunderstanding, to an increase in tensions," Berding said in a talk prepared for the annual convention of Civita International.

Recalling that the United States has suggested that the question of censorship, including jamming of foreign broadcasts by the Soviets, be discussed at a possible summit conference, Berding said:

"We regret that the Soviet government now has decided to strengthen the barriers it has erected against a free flow of information."

Soviet censorship has two forms, he said: first, the suppression of news in Soviet newspapers; and second, censorship of news foreign correspondents seek to send abroad.

He said the complete freedom of press in the United States, on the one hand, and the complete censorship in the Soviet Union, on the other, result in a "sharply unbalanced covering of news" about the two countries.

Berding said this and several other factors give the Soviet Union a certain advantage but added that on the whole the Soviet Union does not have the complete initiative in the war of ideas. "Within the Soviet Union," he said, "the biggest disaster of all is yet to come as an irreversible trend of questioning of the Communist ideology as the people become more educated."

### Dad Promotes Young Trujillo

CIUDAD TRUJILLO, Dominican Republic (UPI)—The promotion of Rafael Trujillo Jr., 29, to the rank of full general in the Dominican Republic's army and air force was announced Monday by his father, Generalissimo Rafael Trujillo.

### Purser Tells Of Date With Shah

SAN FRANCISCO (UPI)—A sharply airlines purser said today she had a "wonderful time" on her date with the Shah of Iran but added there was absolutely no thought of romance.

The purser, Ellen Forseth, accompanied the Shah on a gay nightclub party on Sunday night, a few hours after the Iranian ruler arrived from Honolulu.

It was a well-chaperoned date. With them went the Shah's sister, Princess Fatemeh and two aides. "He is very nice," said the 26-year-old Pan American purser, "but there is definitely no romantic connection."

Meanwhile, the Shah continued the rounds of luncheons, dinners and receptions mapped out for him on his four-day visit to San Francisco.

### MULTIPLE FATALITIES

EL SALO, Cuba (UPI)—Authorities said today that 12 persons were killed and four injured Monday when an overloaded sedan returning from the beach at Santa Lucia hit a culvert on the highway near here. The dead included six members of one family—the parents and four children.

### Teamster Prexy Jim Hoffa, Two Aides Win Acquittal

NEW YORK (AP)—Teamsters President James R. Hoffa and two codefendants were acquitted last night of charges that they conspired to wiretap the union's Detroit headquarters.

A federal jury of eight men and four women deliberated seven hours before returning the verdict.

The defendants with Hoffa were Owen B. Brennan, president of Detroit Teamsters Local 337, and Bernard Spindel, a professional wiretapper.

Conviction could have brought a maximum sentence of five years in prison and a \$10,000 fine. A previous trial ended in a hung jury.

The government contended the trio illegally conspired here to install wiretaps in the Detroit headquarters in 1953 so Hoffa could eavesdrop on union subordinates.

Hoffa allegedly wanted to know what the subordinates might tell to U.S. Senate investigators of a grand jury in Detroit during investigations of the Teamsters Union.

The defense denied installing any wiretaps but conceded installing other eavesdropping equipment in the union's offices.

Cheers and applause erupted in the courtroom when the verdict was announced. In the corridor outside, Hoffa, the stocky, 45-year-old union boss, was mobbed as he pushed his way to a telephone to speak to his wife in Detroit.

He told reporters: "I could have a lot to say, but my attorneys advised me not to make any comment."

Hoffa motored to LaGuardia Field, where he took a plane to Detroit.

He was greeted at Willow Run Airport by his daughter Barbara, 20, and son Jimmy, 27.

Said Hoffa: "I am glad to get home and see my family. Naturally I am happy about the jury's verdict. Now I'll be able to get back to union affairs."

During the trial, government witnesses testified that Hoffa was

in Detroit July 9, 1953, where the operation of the wiretaps allegedly was explained to him.

that Hoffa was in Seattle that day in connection with a union conference.

here on five counts of perjury, growing out of testimony he gave to the grand jury that indicted him on wiretap charges.
