THESE TWO ARCHITECTS in the office of Howard R. Perrin received word this week they have successfully passed their state examinations in architecture. At left, Earl V. Carlson first joined Perrin's staff in 1949, then called to active Navy duty late in 1952 for a year, then spent a year with the Bureau of Yards and Docks at Washington, D.C., then was in the assistant Public Works Office at Hawthorne, Nevada, and returned to his job in Klamath Falls in June, 1957. He is married and has three children. At right, Robert G. Ford is a summertime employee in Perrin's office as he is a drawing and surveying instructor at Oregon Tech during the school year. He first joined the Perrin office in April, 1954. Two years later he left to work with Morrison and Howard, architects, and then joined the staff of instructors at OTI. He is married and has two children.

Nikita Khrushchev Wins Victory Admitting Error

By CHARLES M. McCANN, UPI Foreign News Analyst Soviet Premier Nikita S. Khrushchev apparently has won a victory by admitting a defeat and seeking a "summit" conference on world issues. Things started to come unstuck when the Khrushchev liberalization policies led to the Polish and Hungarian revolts. It was necessary to use the Russian Red army to smash the Hungarian revolt. There was a gradual move back toward harsher rule. But there was still a relaxation as compared to the Stalin era. The complete retreat from what might be called Khrushchevism started when Tito sharply rebuffed attempts to get him to proclaim "unity" with the other Communist countries. The Russian Communist leadership followed. The execution of Hungarian revolt leaders Imre Nagy and Pal Malloer followed. Now Russia's attitude had hardened both toward a summit conference and toward the proposed nuclear weapons test. Khrushchev has maintained his leadership by retreating. But suggestions that he has increased his strength do not seem to work out. Criticism by Communists and non-Communists was invited. Khrushchev made a pilgrimage to Belgrade to apologize to President Tito of Yugoslavia for Stalin's attempt to crush him. He relaxed Russia's domination over the satellite countries of Eastern Europe. He seemed to want to relax cold war tension between Russia and the Western allies, and to seek a "summit" conference on world issues.

OVER THE GARDEN GATE

LANGRELL VALLEY GARDEN CLUB BONANZA - Bonanza-Langrell Valley Garden Club held its first official meeting of the new year at the home of Irene Hartley last Thursday with Elsa Clark as hostess.

New officers installed by Bessie Frazier were Louisa Horton, president; Elsa Clark, vice president, and Violet Brown, secretary-treasurer. Secret pals were revealed and new ones drawn. New year books were given to 18 members.

Louisa Horton, Elsa Clark and Betty Rice attended a district board meeting in Klamath Falls on Saturday afternoon to get plans under way for the District Garden Club meeting to be held in Bonanza this fall.

The next meeting of the club will be Friday, June 27, at the home of Bessie Frazier in Langrell Valley. The roll call is "What Plants You Propagated." The speaker will be Crystal Cayne on plant propagation. All are invited.

WITHDRAWS TROOPS TOKYO (AP) - Peiping Radio announced Tuesday that the second stage of the withdrawal of Chinese troops from North Korea will start July 11. The broadcast said that Aug. 29 another 100,000 troops would be pulled back. This would leave an estimated 170,000 Chinese soldiers in North Korea. In the first stage of the withdrawal, between March 15-April 25, 20,000 troops were supposed to have been pulled out.
