

Tale Of Cowboy With Yen For Money, Rich Widow

MIAMI, Fla. (AP)—This is the story of a Nevada cowboy with a yen for money and a minister's wife from Missouri with \$200,000. The romance ended with the disappearance of the cowboy and the lady's money.

Now the cowboy is in custody in Miami, charged with interstate transportation of stolen money and a stolen car.

It started a few months ago when Mrs. Barbara F. Doubleday, 37, went to Reno for a divorce from her husband — the Rev. James A. Doubleday, rector of Grace Episcopal Church, Kirkwood, Mo.

She charged mental cruelty but asked the court to award custody of two children, aged 8 and 6, to their father. No disposition has been made of the complaint.

Indian Lawsuit Hearings Here

A hearing was held in the courthouse Wednesday which bears on a long-standing lawsuit the Klamath Indian Tribe has pending against the U.S. Government over reservation boundaries.

Some 600,000 acres of the west boundary are in dispute and depositions were taken from authoritative individuals Wednesday in an effort to learn how and when the disputed land was sold to its present owners.

The tribe's attorney, John Gornley of Washington, D. C., was on hand during the proceedings. He journeyed to Lakeview Thursday for additional depositions.

The statements will be presented on behalf of the tribe to the Indian Claims Commission in Washington, which is expected to deliberate on the suit some time this summer.

Tribal leaders are endeavoring to settle the suit before termination is effected.

Col. Tom Parker, his manager, said two motion picture and one television contract are waiting. The Ed Sullivan television program has picked up an option on \$100,000 — which calls for Elvis to appear on the show immediately upon discharge, Parker said. Presley will collect another \$400,000 on a two-movie contract.

General Dies In Jet Crash

WASHINGTON (AP) — Brig. Gen. Donald W. Saunders, one of 15 men killed in the crash of an Air Force jet tanker, was to have commanded the record-seeking Atlantic flight of four of the giant tankers.

Saunders, 45, was commander of the 57th Air Division at Westover Air Force Base, Mass., where the flight originated. He was in the third plane, which crashed shortly after taking off. The flight of the fourth tanker was canceled.

Saunders, a combat bomber pilot in the Pacific during World War II, took up flying a few months after graduating from the U.S. Military Academy at West Point in 1938.

He won his wings as a pilot in the Army Air Corps at Kelly Field, Tex., in 1939. Prior to going to the Pacific theater in 1944, he served as a staff and training officer with several bomber units. He commanded a bomber squadron and later a bomber wing in the Pacific and flew 25 combat missions.

He was promoted to brigadier general in 1956 after lengthy service with the Strategic Air Command. Saunders was born in Athens, N.Y., March 23, 1913. He was married to the former Margaret Whisenant of San Antonio, Tex. In addition to his widow, he is survived by three children — Page, 14; Margaret, 11; and Donald Jr., 9.

Council Plans Budget Talks

DUNSMUIR — Budget discussion, deferred for the last two city council meetings because of the press of other business, will be the primary work at the July 2 council meeting, according to Mayor J. Morgan Jones. The \$147,000 anticipated 1958-59 income will be allocated at that time.

At the last council meeting, Fred Barber of the planning firm of Hahn, Wise and Barber, recommended the inclusion of economic city budget. A land use plan has been completed by the planning commission and a zoning ordinance and street master plan are being completed. Most of the planning commission's work will be finished in the next year, Barber told the council.

Action was deferred on surfacing Kaleta subdivision streets until the planning commission's recommendations are in. No action was taken on whether or not to request a report from Stone & Youngberg, financial consultants, on the feasibility of purchase by the city of the Dunsmuir Water Company.

The Klamath County Court, invited to take the junket, delegated member Gowen to represent it. Other officials include those from Jackson County, U.S. Forest Service and irrigation district authorities in the area concerned.

Engine Woe Halted Boat

FUKUOKA, Japan (AP)—Hollywood actor John Calvert said today his yacht Thesplan was a slow boat from Nationalist China because of engine trouble and no wind.

"This was not a publicity stunt in any sense," he insisted. A Japanese coast guard cutter towed the two-masted sailing vessel into port today from South Korean waters, where it was found yesterday. Calvert had expected to complete the 800-mile voyage from Formosa about a week ago.

The Thesplan is on a round-the-world cruise, with Calvert taking time off to make personal appearances and TV films. It sailed from Formosa June 16 after several months in drydock for repairs of typhoon damage. The engine went out shortly after they left, and Calvert said this shut down the radio.

"We were six days without wind," the actor continued, adding that the 83-ton yacht's sails went slack and it drifted helplessly from a spot 180 miles off the Japanese coast to South Korean waters.

Aboard the yacht with Calvert were Mr. and Mrs. Joseph A. Iverson, Chatsworth, Calif.; Mrs. Constance Conrad Lowe, Calvert's mother-in-law; and Army Specialist Thomas E. Jones, Black River Falls, Wis.

Young Singer, 27, Fights For Life

HOLLYWOOD (AP) — Three more diagnosticians have been called in by physicians fighting to save the life of singer Roberta Linn.

She is in critical condition at Cedars of Lebanon Hospital. Six doctors already are working on her case. Her illness began as bronchial pneumonia, then spread as a general infection. Doctors said antibiotics have not seemed to halt the infection, which is seriously affecting her respiratory tract. She is in an oxygen tent.

Miss Linn, 27, was bandleader Lawrence Welk's first TV Champagne Lady.

Circus Fans Swap Tales Of Life In The Big Top

CHICAGO (AP)—The wheezy oom-pah-pah of the calliope tooted a nostalgic lovecall as dyed-in-the-canvas circus fans swapped tales today about the big top.

"That's a sound we all love and it goes right down to my toes," sighed W. L. (Bill) Montague, exhibitor from West Rockford, Conn. Montague is chief drum beater for a group of enthusiastic circus fans — lawyers, clerks, doctors, housewives, workmen and what nots—who call themselves Circus Fans Assn.

From all over the nation the big tent lured them here—a Massachusetts priest who once walked the high wires, a Katonah, N. Y., sculptress who executes famous animals in circus history, and the collector of elephant's hair who regards it as good luck.

"To a real circus lover," said Montague, "there is no atmosphere, there is no real circus unless it's under canvas."

The circus fans club has as one of its objectives keeping the tent circus alive. They picked Chicago for their current meeting because Christiani Circus begins a 17-day stand today. It's under canvas and boasts a real tooting steam calliope.

Among the milling club members was a Catholic priest, "Father Ed," graying and 60, who said he had been in love with circuses since his youth.
