

Above, the new Windsor Dartline—it's all Chrysler and you'll like the price.

Find new excitement in the carefree Chrysler!

You sense a new excitement the moment you see the Mighty Chrysler. But this is only a promise of more to come. For, beneath its clean styling attraction there's a world of action awaiting.

Turn the key. The hushed and husky engine leaps to life. Push a button and suddenly Chrysler switches from a standing-still style leader to a matchless-in-motion champion.

As it glides over rough spots, takes the swerve out of the snakiest curve, you discover why Chrysler pioneered Torsion-Aire suspension. No, the road isn't paved with velvet. You're driving a Chrysler!

Rangy and road-wise, Chrysler's effortless Torque-Flite transmission adds a new dimension to your driving. And it's exciting to know that Chrysler averaged more miles per gallon than *any other car* in this year's Mobilgas Economy Run.

Stop. Front-end dip has disappeared. Chrysler's brawny Total-Contact Brakes give you the road-long reassurance that you can stop on a dime every time.

Step up—step out in a Chrysler soon. Your Chrysler dealer will arrange a demonstration drive whenever you're ready to leave the past behind.

The amazing **AUTO-PILOT** is another Chrysler engineering exclusive. This remarkable device patrols your speed—warns when you go too fast—lets you cruise "accelerator-free"—saves gas. Now available on all Chryslers and Imperials.
