Cherry Season

For picnics, barbecues, and all outdoor eating, convenience foods are the ticket. What could be a more convenient food than fresh sweet cherries eaten out-of-hand? Their sweet, juicy flavor is the perfect finish for a picnic lunch or supper. What's more, they are easy to carry and need no stemming, peeling, or pitting. Fresh sweet cherries are luscious and gay, lending a refreshing and nutritious touch to every menu, whether indoors or outdoors.

Yes, it's fresh sweet cherry time again, and time to make the most of this all-too-short season. Fresh cherries dress up almost any meal, and satisfy the most particular appetite. For dessert lovers, make a pie, cobbler, or frozen dessert. Salad lovers will particularly enjoy a fresh sweet cherry salad, either a molded, frozen, or mixed fruit salad. To top off any pudding in a regal manner, make a sweet cherry sauce.

Plump, juicy sweet cherries from the sunny fruitlands of the Northwest are on the market right now in prime condition. Dark, rich Bings, red, juicy Lamberts, and plump, luscious Royal Annes, the golden fruit with the rosy cheek, will be available through June and on into the first part of July. They are grown, picked, packed, and shipped with the greatest care possible to insure perfect fruit reaching you throughout the entire season.

Sweet as sugar itself, fresh sweet cherries satisfy the prevalent sweet tooth, yet do not add many calories. The sweetness of the cherries is from nature's fruit sugar, but you can eat 10 to 20 fresh cherries at a time without sacrificing your streamlined figure. Besides being low in calories, fresh sweet cherries are good sources of vitamins A and B, and rich sources of blood-building minerals.

Moisture and heat lead to quick decay in fresh sweet cherries, so they should be stored in a cool, dry place. The best place is in a plastic bag in the refrigerator. Do not wash fresh cherries before storing them, but rather wash them just before serving.

BEACH BAG

Bright colored oilcloth from the five and dime makes many handsome accessories for outdoor living. For an easy-to-make beach bag, use a newspaper as a pattern. Cut two pieces of oil cloth the same size as the newspaper page. Use the complete newspaper as a lining. Fold into bag shape, bind edges with bias tape or blanket stitch. Add handles of folded oilcloths and you've got it made.

SWEET CHERRIES are on the market in Klamath Falls. As one supermarket operator remarked last week, "We'll be sweeping the pits off the floors like buckshot for the next few weeks." From the standpoint of just plain good manners, as well as setting an example for the youngsters, it is well to remember that fruit displays are for sale and not put out for sampling.

EVER-DRY

"Tilt - Shake - and Roll," that's all it takes to apply the new Ever-Dry Ball Top Lotion Deodorant, made by one of the oldest manufacturer of deodorants and anti-perspirants in the country.

It takes just a few seconds for you to apply, but the new Ever-Dry Ball Top Lotion Deodorant works around the clock to keep your underarms dry and odorless. Too, it is non-sticky, non-greasy, and as non-allergic for sensitive skins as it is possible to achieve in a deodorant. The new Ever-Dry is also safe for all fabrics, including the newest synthetics.

The lightweight, unbreakable plastic container holds a full two ounces, a six months' supply. It's a good buy — and a good bye to underarm perspiration worries!

A BALL TOP on the new Ever-Dry Lotion Deodorant makes application easy and eliminates touching the deodorant with your fingers. The new product is non-sticky, non-greasy and will not injure the most delicate fabrics.

History Of Silk

The Chinese, who were the first to discover how to make silk, didn't permit foreigners for over 20 centuries to learn the secrets of silk culture. There is no record that anybody could get a silkworm out of the country until 537 A. D., when two Persian monks smuggled some silkworm eggs and mulberry leaves into their hollow bamboo traveling staves and brought them to Constantinople.

The conquering Venetians brought the industry from Constantinople to Europe in the Twelfth Century, and silk became the rage. England's Queen Elizabeth I is said to have owned 3,000 silk dresses, and was the first woman to wear silk stockings, laboriously knitted by hand.

Silk became the symbol of luxury, prized for its softness, its luster, and the genteel rustling sound it gave the skirts of stylish women. By the late 1920's, we Americans alone were using more than half a million bales of silk every year for clothing, lingerie, and stockings.

While the introduction of man-made nylon 20 years ago put the silk stocking out of the running, oil is now helping silk to make a big comeback. Blending silk with oil-derived fibers such as Dacron adds to its natural wearing qualities, and experiments are now under way to improve its wrinkle-resistance through the use of oil-based resins.

By giving new life to old products, the American oil industry plays a large part in keeping industry in this country vital and progressing.

DUTCH EGG BREAD

Here's a breakfast dish suggested by the Home Service Department, Hawaiian Electric Company, Honolulu, T.H.:

¼ cup butter or margarine
2 cups soft bread cubes
¾ cup milk
¼ teaspoon salt
Dash of pepper
6 eggs, beaten

Melt the butter in a 10-inch skillet. Add bread cubes and brown lightly. Combine milk, seasonings and eggs and pour over toasted cubes. Cover and cook over low heat for about 10 minutes or until done. Cut into wedges and serve immediately with crisp bacon.

For crisp bacon, on a busy morning, place the separated slices of bacon on a wire rack set in a baking pan. Bake at 400 degrees for 10 to 12 minutes and serve.

SUMMER PIE CRUST

Crisp toasted coconut makes a good crust for summertime chiffon pies. Melt three tablespoons of butter or margarine in a pie pan over low heat. Add 1½ cups flaked coconut and stir until the coconut is golden brown. Remove the pan from the heat and with the back of a spoon spread the mixture and press firmly on bottom and sides of the pie pan. Cool, then fill with Jell-O Chiffon Pie filling.

How To Check The Heat For Summer Cooking

The following tips for reducing kitchen heat and also save cooking time on hot summer days come from Margaret Spader, a New York home service editor:

Don't cook all over the house. Confine cooking to the gas range area in the kitchen and use a fan to exhaust odors and excess heat.

Don't overcook foods. Use automatic temperature controls, thermometers and timers. Overcooking destroys the food value, flavor, color and texture in food. It is a waste of fuel, food and money.

Use utensils that fit the burner. Small utensils used on large burners permit heat to escape into the room.

Cover cooking utensils (except for frying and pan broiling) to confine the heat and insure more even cooking.

Broil whole meals in the oven. Place vegetables under meats and let drippings serve as seasoning. You can warm breads in the oven while your dinner cooks in the broiler.

When you heat the oven, use it to capacity. Make a list of foods that bake at about the same temperature and cook for several meals ahead in one cooking period. For instance when you bake a pie you can also bake a meat loaf, vegetables such as potatoes or squash and many types of breads at the same time.

TWINKLE, twinkle, little Woolknit—scattered metallic threads give a subdued twinkle to this tinsel dot woolknit sheath swimsuit. The raised dot design creates an interesting new surface texture. Camisole-strapped, it has an attractive sun and eye-catching square neckline and a brief front skirt. It is a Rose Marie Reid design and the line is carried in Klamath Falls.

SWIM FUN

All water sports — swimming, boating, skiing and skin diving — are enjoying a fantastic boom, and none more so than swimming. The increase in today's swimmers over those in the 1920's soars to 75 per cent, and an estimated seven out of 10 of our population from children - at - six to adults are swimmers. It is the aim of educators to achieve a 90 per cent swimming record for the new generation. There has been a tremendous business in pools reaching millions of units.

Riding the crest of swim popularity wave are the knitted wool suits — "the real swimmer's ideal." Mothers prefer to dress their little ones in knitted wool suits as a health protective measure. All-American wool wards off chills after swimming. Because of its wonderful absorbent quality, wool never feels clammy and unpleasant when wet. A wool suit always remains sleek and well-groomed even though trickling with water, and never folds into unbecoming wrinkles.

Key to the charm of a woolknit swimsuit is the graceful ease of its stay-put-fit in action. Flexing with the body like second-skin, it never sags, never rides up, never requires tugging and adjusting. Shoulder straps are constructed to stay firmly put, and plastic banding in legs and skirts keep them snugly in place.

The new woolknit swimsuits are full of design news in silhouette, pattern, texture, color and body-molding construction tricks. Curving front seams, diagonal stripes and vestee inserts, are among the design details emphasizing the body beautiful. Inner bra construction and tummy-control panels, plus the flexibility of the wool fibers themselves, give them exciting shape and substance.

Chemise styles parade side by side with sleek, contoured maillots and two - piecers. The woolknit chemises enhance the figure despite the free way that they bypass the waistlines.

This summer marks the first time in a decade that men will be able to find swimming trunks in wool, at last! Styles available include belted and boxer models. Colors come in tweedy effects of blue, grey and navy, in solids or in stripes.

JUNE is the season of new brides and anniversaries for previous brides. Also, appropriately, it is National Silver Month as well as National Dairy Month. Shown is a double-ring cake, sprinkled with silver dragees and surrounded by flowers for the perfect wedding or anniversary cake.

DOUBLE-RING WEDDING CAKE

A beautiful cake is just as important to a wedding anniversary celebration as for a wedding.

A truly gigantic cake, requiring 165 pounds of cake flour and 200 pounds of sugar, was General Mills' contribution in the form of an anniversary cake to the Wallace, Idaho, Silver Jubilee earlier this month. It was cut on Friday, June 13, and served 5,000 persons.

It is unlikely that a cake that size will be needed for any event in Klamath Falls in the near future, although it is not too early to be thinking about anniversary cakes for Oregon's Centennial next year.

But for the anniversary party, Betty Crocker suggests a beautiful double-ring cake, frosted in white. Make a chiffon or angel food, bake in two tube pans and when you wish to assemble the double rings, cut a slice down the side of each cake to make a smooth joining and then frost them together.

Frost with your favorite 7-minute type frosting or the fluffy white package mix.

CASSEROLE

For hearty lunches, try this hearty Cheese Treat Casserole. Mellow-flavored ripe olives, corn and noodles are combined in a rich tomato-cheese sauce. Serve it with a crisp green salad, French bread, broiled canned cling peach halves and milk.

CHEESE TREAT CASSEROLE

¾ cup ripe olives
2 cups (4 ounces) noodles
½ cup chopped onion
1-3 cup chopped green pepper (optional)
3 tablespoons butter or margarine
2 tablespoons flour
1 teaspoon salt
¼ teaspoon chili powder
⅛ teaspoon black pepper
2 cups tomato juice
1 cup canned whole kernel corn
1 cup grated American cheese

Cut olives into large pieces. Cook noodles in boiling salted water until tender. Meanwhile cook onion and pepper slowly in butter until tender but not browned, about 5 minutes. Blend in flour, salt, chili powder and pepper. Add tomato juice and cook and stir until thickened. Stir in corn, olives and about 2-3 of cheese. Drain noodles and add to tomato mixture. Turn into 1½-quart baking dish and top with remaining cheese. Bake in moderate oven (350 degrees) 15 to 20 minutes, until thoroughly heated.

Makes 4 to 5 servings.

EGG NESTS

Split 12 pork sausages; brown lightly. Arrange four halves in each of six custard cups; place a tablespoon of chili sauce in the bottom of each cup. Separate six eggs, keep yolks unbroken in shell halves. Beat whites stiff, season with salt and pepper, pile into custard cups. Make a hollow in each; drop in yolks. Sprinkle with cheese and bake at 325 degrees for 15 minutes or until yolks are set and whites lightly browned.

PORK CHOPS

Ever serve breaded pork chops? To prepare, dip the chops in seasoned flour, then in egg beaten with a little milk, and finally in fine dry bread crumbs. Brown in a little fat, then cover skillet and cook over low heat until meat near the bone shows white. Remove cover toward the end of cooking to recrisp.

LUNCHEON PATTIES

Shape one pound bulk pork sausage into six patties about ¾ inch thick. Dip patties in a mixture of one beaten egg and two tablespoons milk. Roll patties in ¾ cup crushed corn flakes. Brown in one tablespoon lard or drippings. Cover and cook for 20 minutes

TASTY TIDBIT

On triangular slices of pumpernickel bread which have been spread with mayonnaise, arrange finely chopped hard-cooked egg and cover with a whole Norway sardine. Garnish with a tiny sprig of fresh parsley.

SPONGE CAKE

Strong black brewed coffee may be used in a simple sponge cake instead of the water called for. (It is easily made with instant coffee). Do not use any other flavoring if coffee is used.

LEGAL NOTICE

RESOLUTION NO. 896

A RESOLUTION DECLARING THE INTENTION OF THE COMMON COUNCIL OF CITY OF KLAMATH FALLS, OREGON, TO PAVE AND IMPROVE WORDEN STREET FROM THE NORTHERLY LINE OF DELTA STREET TO THE SOUTHERLY LINE OF ADDISON STREET IN THE CITY OF KLAMATH FALLS, OREGON; AND DIRECTING CERTAIN STEPS BE TAKEN IN CONNECTION THEREWITH; SAID PROJECT TO BE KNOWN AS IMPROVEMENT UNIT NO. 141.

WHEREAS, the City Engineer of the City of Klamath Falls, OREGON, PURSUANT to a resolution of the Common Council of said City, heretofore adopted, having filed plans, specifications and estimates for the cost of improving and paving, Worden Street, from the northerly line of Delta Street to the Southerly line of Addison Street, in said City; and the Common Council of said City, finding the said plans, specifications and estimates satisfactory for said project, which shall be known as Improvement Unit No. 141;

THEREFORE, BE IT RESOLVED BY THE COMMON COUNCIL OF THE CITY OF KLAMATH FALLS, OREGON, duly ASSEMBLED IN REGULAR SESSION AS FOLLOWS:

Section I.

That said plans, specifications and estimates for the improvement of said portion of street, heretofore filed by the City Engineer, be and the same are hereby approved.

That the Common Council of the City of Klamath Falls, Oregon, hereby declares its intention to improve said portion of street in accordance with said plans, specifications and estimates as follows:

This project consists of paving Worden Avenue from the Northerly line of Delta St. to the Southerly line of Addison St.; Paving will consist of 3" of Asphaltic Concrete or 6" of Cement Concrete and will be 36 feet in width including cement curbs and gutters.

No sidewalks are to be constructed One intersection is included.

The estimated cost of all classes of improvement embracing all work and materials for the complete improvement of said project for such type of pavement being as follows:

Type "E" Asphaltic Concrete Pavement 3" thick ..... $15,346.87.

Type "C" Cement Concrete Pavement 6" thick ..... $21,629.87.

Section II.

That the property lying within the boundaries hereinafter described be and the same is hereby declared to be benefited by the said improvement, to-wit:

Beginning at the Southeasterly corner of Lot 3 Block 12 Fairview Addition to the City of Klamath Falls, Oregon; thence Westerly along the Northerly line of Delta St. to the southwesterly corner of Lot 3 Block 11 said Fairview Addition; thence Northerly along the Easterly line of the alley in Block 11, said Fairview Addition and along the Easterly line of the alleys in Blocks 37 & 34 Second Addition to the City of Klamath Falls, to the Southerly line of Addison St.; thence Easterly along the Southerly line of Addison St., to the Westerly line of the alley in Block 33, said Second Addition; thence Southerly along the Westerly line of the alley in said Block 33, Second Addition and along the Westerly line of Wilford Ave. to the point of beginning.

That all the property included in the aforesaid boundaries above described be and the same is hereby declared to be benefited by said improvement and assessed for the expense thereof.

Section III.

That Monday the 21st. day of July, 1958, at the hour of 7:30 o'clock P.M. and the Council Room of the City Hall in Klamath Falls, Oregon, be and it is hereby fixed as the time and place for hearing objections and remonstrances against said proposed improvement.

Section IV.

That the Police Judge be and he is hereby authorized and directed to cause notice of such hearing to be published as provided by the City Charter of said City and he shall publish this resolution as provided by law, and within five days after the first publication thereof the City Engineer shall cause to be conspicuously posted at each end of the line of contemplated improvement such notice as is provided by law and ordinance.

Passed by the Common Council of City of Klamath Falls, Oregon, this 16th. day of June, 1958.

Presented to the Mayor and by him approved and signed this 17th day of June, 1958.
