Row Ends In Shooting

KELLOGG, Idaho (AP)—An argument over a stopped-up basement sink in a duplex apartment house Sunday night wound up in pistol shots that left one man seriously wounded, police reported.

Leonard Kline, 42, was shot in the stomach and shoulder with a .22 in the front yard of the apartment house. He and his family live on one side, the Otis McCuin family on the other.

Officer Oscar Marquardt said McCuin, 37, and Kline argued over the plugged sink, that it caused water to back up into the basement duplex on the other side of the duplex. His report didn't say whether it was the McCuin or the Kline sink that was plugged.

Marquardt said McCuin stood in the door of his apartment house, called out to Kline in the yard and asked him to leave. The officer said Kline didn't and that McCuin got a gun and fired at him through the screen door.

No charges were filed immediately against McCuin pending further investigation, Marquardt said.

FALSE ALARM?

TAFT (AP) — Coast Guard cutters found no trace of wreckage of a plane reported to have fallen into the Pacific Ocean near here Thursday night. State police said several residents reported seeing a plane plunge into the sea, but Air Force and other control centers reported no missing planes.

Announce Way To Help Drain All 8 Sinus Cavities Without Discomfort

New decongestant tablet for sinus congestion sufferers acts both to drain clogged sinus cavities and relieve distressing head pain

New York, N. Y. (Special) — Announcement has been made of a new tablet development which has the remarkable ability to help drain clogged sinus cavities and thus relieve congestion and pressure. The headaches, pressure pains, stuffed-up head, nasal drip, clogged breathing—all the unrelenting symptoms the sinus sufferer knows so well—are attacked directly by improving drainage of the sinus areas.

Most remarkable of all is the fact that this is accomplished with extraordinary speed and without discomfort of any kind. This new tablet does its remarkable work internally, through the blood stream. It deposits into every drop of blood plasma a new medication which is carried to the sinus area, where it shrinks the swollen doors to the sinus cavities and helps drain away the pain-causing pressure and congestion.

The shrinking substance in this new tablet has been so successful typically in promoting drainage of the sinus cavities that it is now prescribed more widely by doctors than any material for this purpose. This new medication is now available at drug counters without the need for a prescription under the name, **Dristan Tablets**. Dristan Tablets cost only 98¢ for a bottle of 24 tablets. Buy and use Dristan Tablets with the absolute guarantee that they will drain away pain-causing pressure and congestion of the sinus cavities, relieve the pain and distress, or purchase price will be refunded.
