

# Yreka-Greenhorn Water Project Presented Group

YREKA—The proposed Yreka-Greenhorn water project was presented by Mayor Jim Cummings to the members of the Yreka Chamber of Commerce at the monthly luncheon meeting held at the Yreka Inn on Tuesday, July 1.

Financing of the project will be by 30-year callable bonds, providing the voters of Yreka approve them at a general election Tuesday, August 5.

The water problem in Yreka is strictly a seasonal one, said Cummings, usually averaging about four months of each year. During the remainder of the year, Cummings further stated, there is actually a surplus which at times presents a problem.

This project, which is to be built on the lower portion of the watershed, is for the purpose of impounding the surplus winter water and storing it for use in summer when there is a shortage.

Included in the project will be a storage reservoir, extra transmission lines, new pumping station and another storage tank. Water resulting will enable the "entire city system to handle a population of 12,000, conservatively speaking," Cummings said.

Cummings, Councilman Harry Friedman and Dr. R. H. Stewart, who were present, agreed that the

project realized the project was only an interim one. "But the fact of the matter is," said Cummings, "that this is the only feasible program for the city." He also stated, "This is the best proposition for the funds available."

Cost to the city, including bond interest, principal payments and additional operating expense as a result of the bigger plant will be \$24,750 for the first two years and an average of \$38,300 per annum for the remaining 28 years. Should the city become financially able, the bonds may be called and retired earlier.

Water rates will be increased about 20 per cent to pay for the project, which will mean an average increase of 80 cents a month to water users.

Also a result of the project will be a 21 cents per \$100 assessed valuation increase in tax rates for the first two years and 16 cents thereafter. The 16 cents will amount to an average of approximately \$4 a year increased taxes on the average Yreka householder.

Expenses for the project were figured on a higher basis by Yreka's financial consultants to insure against any unforeseen contingencies. The interest rate used in their figuring was 4 1/2 per cent, but it is likely that the bonds will carry a lower rate in the present bond market, correspondingly lessening the cost to the city. The assessed valuation figures were also set at a minimum, and with growth of taxable values the cost will become less than the present estimate.

Cummings concluded his remarks with the statement that because of this approach, it is probable that the project costs will be considerably more to the city's favor than the studies indicated.

# MD's Oppose Aid Program

SAN FRANCISCO (AP)—Opposition by doctors to California's new program of free medical aid to the needy aged, blind persons and children on state relief was voiced at a legislative hearing which continued today.

The hearing is being conducted by Sen. John A. Murdy (R-Huntington Beach), chairman of the Senate Interim Committee on Social Welfare. The plan was instituted last fall under a new law.

While welfare directors generally approved of the program, several had suggestions for "refining" it.

Reynolds is demanded by the California Medical Assn., with support from the medical societies of Imperial and Napa counties.

Chief objection by the doctors is that specific authorization for extended treatment must come from welfare officials, whom the doctors consider "outside laymen."

Dr. Burke E. Schoensee of Imperial County and Dr. Walter Brignoli of Napa both contended doctors in their counties, who have refused to take part in the program, are willing to take care of needy cases on a charitable basis.

Brignoli said he resented having to give medical information to non-medical welfare personnel but had no objection to providing the same information to health insurance plan representatives. He said patients under such health plans are "taking a voluntary gamble with the insurance companies and not with the compulsory plan of government."

A group of 225 older persons attended yesterday's meeting in the State Office Building, expressing indignation at some of the ideas the doctors advanced.

Welfare officials suggested that some of the paper work be eliminated so that doctors could receive their fees under the program more promptly. Some advocated doing away with the requirement for prior authorization for extended treatment which the doctors found objectionable.

# Tax Hearing In Final Day

SAN FRANCISCO (AP)—A legislative hearing on Proposition 13, which the AFL says would lower California's sales tax and revise its income tax structure at the expense of the wealthy, moves into its second and final session today.

The proposal was praised by labor and damned by business yesterday at the opening meeting conducted by the Legislature's Joint Tax Committee.

Proposition 13 proposes to change income tax rates from the present 1 per cent on incomes under \$5,000 to 1/2 per cent and to boost the present maximum tax bite of 6 per cent on incomes over \$25,000 to a rate of 46 per cent on those over \$30,000, according to Committee Chairman James J. McBride.

McBride, Democratic senator from Ventura, said the measure would allow the Legislature to lower but not increase sales and income tax. Under it, he added, income tax rates can only be changed by the state's voters.

The measure also asks that sales and use taxes be reduced from 3 to 2 per cent.

John Henning of the State Federation of Labor said Proposition 13 would establish "a long required democratic base for tax planning" and revise the present structure that "favors the wealthy at the expense of the low income millions."

# Boys Cause Vast Damage

NEW YORK (AP)—Five boys, the oldest 15, were accused today of causing \$25,000 worth of damage in a three-day campaign of vandalism at a garage on Manhattan's West Side.

Police said the teen-agers broke into the Clark Equipment Co. garage on Independence Day and, using powerful fork lifts as battering rams, spread devastation among five panel trucks, two automobiles and 31 of the cargo loaders.

And again, they rammed the loaders into each other, their two-pronged forks ripping apart every obstacle.

They had so much fun, police said, they returned to the garage the next two days.

All five were picked up and booked on juvenile delinquency charges and released in their parents' custody for children's court appearances.

# Greeks Slay British G's

NICOSIA, Cyprus (AP)—Two British soldiers were shot to death in the east of Cyprus port of Famagusta today.

The first official announcement of the killings to EOKA, the Greek Cypriot underground. But there was speculation the shooting was in retaliation for the death of two Greek Cypriots killed by British troops who fired into a crowd of demonstrators at Aygavou Saturday.

An EOKA wreath laid on the graves of the two Cypriots carried the inscription "Your deaths will be avenged."

The soldiers were shot in the crowded shopping center of Famagusta's Greek sector. Moments after the shots rang out, shopkeepers hurriedly closed up and shoppers and bystanders rushed to their homes.

# Accused Man Granted Time

Wendell Jack Eggman, arrested on charges of murdering a man, was granted time to see his lawyer.

The time was granted to Judge David R. ...

# Bomb Wrecks Dime Store

BEIRUT, Lebanon (AP)—An incendiary bomb wrecked Beirut's leading 5 and 10 cent store today, killing or wounding at least 30 persons.

Flames quickly whipped through the building, evidently trapping some of the occupants. At least 100 salesgirls are usually employed in the store, which was doing a bustling business when the bomb went off at 10 a. m.

The bomb was in a soft drink delivery truck parked in front of the building. The truck was demolished. The blast shook buildings throughout the area and shattered glass for blocks.

It was the worst act of terrorism in Beirut since a bomb exploded in a crowded streetcar May 26, killing six and wounding 20 persons. The bombings are the work of extremists among the Lebanese rebels trying to enforce a general strike called in an effort to paralyze the government. The explosion occurred after several days of relative quiet in downtown Beirut.
