Scanlon Sweeps Ring Nod

NEW YORK (AP)—Undeclared and unranked Bobby Scanlon is after bigger game in the light weight division. The classy San Franciscan declared himself ready for ranking fighters after soundly drubbing taller and heavier Gale Kerwin in a television Garden Friday night.

So Manager Art Benjamin promptly named Johnny Russo, Paolo Rossi, or Carlos Ortiz as possible opponents for Bobby's next shot. The three New Yorkers all are in the top ten of the 135-pound class.

Scanlon, a pro four years, has won 26 straight and is unbeaten in 31. Only a draw with Frankie Madison in his fifth scrap mars the record of the baby-faced blond. He beat Madison in a return fight.

Buffalo-born Californian, joined the chorus of protests against the P.G.A. ruling. He still was in contention with a total of 142, but he claimed that divots which had been made by golfers who played the holes before him, had not been repaired properly.

"I don't mind the ruling that you can't fix up your own divot, but I sure don't like it when you put the ball on the green and then find that divots made previously are in the line of your put," he said.

There were plenty of other squawks. Gasper called for an official ruling when former U.S. Open champion Ed Furgol stepped on Casper's divot while lining up a putt on the 18th green. Casper

The Boston Red Sox and Detroit Tigers had at it Friday night swatting 33 hits between them as Boston won 11-9 on Frank Malzone's grand-slam homer.

That gave the second-place Red Sox a game on New York, beaten 2-1 by Kansas City and Dick Tomaneck, who came within an out of being the first left-hander to shut out the Yankees in two years.

Chicago beat Washington 9-2 with Al Smith's slam and five RBI backing up Early Wynn's four-hitter, Cleveland, 7-6 for the season against Baltimore, checked the Birds' bid for the first division with a 5-1 victory.

The Vancouver Mounties, on the move again after a slump that saw them stagger down into third place in the Pacific Coast League pennant chase, have taken dead aim on San Diego's first-place Padres.

The Mounties made it five in a row Friday night as Erv Palica gathered in his 11th victory of the season with a four-hit, 1-0 job on the Phoenix Giants.

Vancouver moved to within one game of the Pads as San Diego found the Salt Lake City Bees tough to handle and bowed 8-3.

The Portland Beavers edged Seattle's Rainiers 7-6 and the Spokane Indians used one big inning to cut down Sacramento 5-1.

Palica, who has lost six games struck out nine and walked only one in beating Don Zanni, who gave up six hits while fanning five and walking three. Zanni is now 10-7.

Vancouver's lone run came in the second frame. Joe Frazier punched a single to centerfield and then made the circuit on Spider Jorgensen's double down the leftfield line.

The Beavers were coasting along with a 6-3 lead going into the ninth before Seattle threw the big scare into the Portland club. Seattle's Phil Shartzler clubbed a solo homer in the top of the ninth and the Rainiers got two more runs to tie it up at 6-6.

The Beavers won it in the last of the ninth. Dave Melton opened with a single and moved around to third on Frank Kellert's single to left. Melton scored the winning run when Bob DiPietro punched out a single.

After a 9-year love affair with racing engines, Conner may be somewhat biased. He can't see how anyone can resist the thrill of car racing, whether as driver or spectator.

"Dangerous," he snorts. "Did you ever try skiing?"

Conner works on midgets, hardtops, big cars—anything that races. But he also does an overhaul job on an ordinary car now and then to help keep the family fed. There aren't enough racing cars in this area to support a full-time specialist.

In this age of speed, to Conner's mind, automobile racing is sadly neglected. Car-crazy kids, growing into a thousand-mile-an-hour era of space travel, should have a sensible encouragement.

"Give 'em some drag strips to work off their energy," he suggests. "Some place to floorboard the accelerator away from the public streets."

When it had wheels and body the car, which belongs to Conner's brother Ed, a Boeing engineer, ran at Indy as the "Hinkle Special." Some day it may be back at Indianapolis with J. Conner as its personal Doctor of Motors.

Right now he's getting it ready you ever try skiing?"
