Taxable Utility Property Dips; Assessor Not Happy

The 1958 assessed value of taxable utility property in Klamath County decreased \$953,233.19 from the 1957 figure, and County Assessor Clyde R. (Hap) Caldwell is not too happy about it.

Notification of the 1958 valuations reached him from the Oregon State Tax Commission at about the same time as a state-wide press release from the same commission, which said that the 1958 true cash value of utility property in Oregon shows an increase of nearly \$84 million or 9.87 per cent over last year.

The property of utility companies, including transportation firms, is centrally assessed by the state commission, which prepares, reviews and equalizes the valuations.

The 1958 valuation figure for Klamath County is \$13,806,705.35; that for 1957 was \$14,759,938.54.

Caldwell said he was unable to account for this decrease, particularly in view of the fact that the California Oregon Power Company has invested approximately \$6 million on the Big Bend project in this county within the past year.

Indeed, the state commission seems to be aware of this.

"Electric companies have added hydro-electric and steam generation facilities in Baker, Clackamas, Jackson, Jefferson, Klamath and Multnomah counties as well as effecting substantial expansion in transmission and distribution facilities," its press release says, in explaining the state-wide increase in values.

UN Officials Are Prepared

UNITED NATIONS, N. Y. (AP)—U. N. officials say they'll be ready when and if a summit meeting of the Security Council comes off.

But security officials of the international organization, New York City and the U. S. government faced an enormous job of preparations to protect Nikita Khrushchev and other visiting government chiefs.

The presence in New York City of Khrushchev, Gamal Abdel Nasser and others would present "political problems so unique that any methods used in the past for visiting dignitaries would not apply," a police official said.

One unofficial estimate was that 4,000 to 5,000 security men might be needed to safeguard the visitors in a city which contains many refugees still nursing bitter hatreds, militant supporters of Israel and the like. The visit of Queen Elizabeth II last autumn set the current record for security police, nearly 2,000.

The security arrangements will involve the U. N.'s own security staff headed by Frank M. Bogley; New York police and their bureau of special services which keeps close watch on extremist and refugee groups; the State Department security force; the FBI; possibly the Defense Department; and the security forces of the visitors themselves.

William L. Hanna, chief of physical security for the State Department, probably would act as coordinator of security arrangements.

Preliminary plans were made yesterday by New York City police officials and State Department officers at a meeting held even before Khrushchev agreed to attend a council meeting.

Greeks Stage Vast Strike

NICOSIA, Cyprus (AP)—Greek Cypriots staged an island-wide general strike today to protest mass arrests by the British aimed at heading off new violence. Most of Nicosia's stores and offices were shut down.

So far the British have announced the arrest of 1,400 Greek Cypriots and 44 Turk Cypriots, but the actual total is believed to be higher.

The 24-hour strike began today as soon as the British lifted a two-day round-the-clock curfew that had brought the island to a standstill. Famagusta and Troodos remained under house curfew until tomorrow, however, indicating the British are still hunting for suspects in these cities.

Singer Wins U.N. Position

WASHINGTON (AP)—President Eisenhower has appointed Negro contralto Marian Anderson and six others as new members of the United States delegation to the United Nations.

Senate Foreign Relations Committee members said the nominations would get overwhelming confirmation.

Besides Miss Anderson, the president named Senators Mike Mansfield (D-Mont.) and Bourke B. Hickenlooper (R-Iowa) to represent Congress in the General Assembly session opening Sept. 16. Other new members are Herman Phleger, Redwood City, Calif., attorney; George M. Harrison, president of the Brotherhood of Railway Clerks; Watson W. Wise, Tyler, Tex., businessman; and Irving Salomon, Chicago, board chairman of Royal Metal Manufacturing Co.

They will serve with the three holdover members reappointed at the same time: Henry Cabot Lodge, U. S. ambassador to the U. N.; James J. Wadsworth, his deputy; and Mrs. Oswald B. Lord, who serves on the U. N. Human Rights Commission.

At her home in Danbury, Conn., Miss Anderson said she was thrilled.

BETTER TO WALK
TOKYO (UPI)—The Tokyo Construction Bureau warned today pedestrians may be able to move faster than cars in Tokyo by 1965 if the number of vehicles continues to grow at the current rate and roads are not improved.

JUST CURIOUS

PAWTUCKET, R. I. (AP)—A half-dozen heavily armed policemen burst into a branch of the Citizens Savings Bank in answer to the bank alarm. There was no robbery. A curious 3-year-old girl pushed the bank alarm button while her parents were discussing a mortgage with the bank manager.

Experts Report Moon Testings

FT. HUACHUCA, Ariz. (AP)—Cedar Rapids, Iowa, announced an Army-civilian team believes it may have been the first to bounce ultra-high frequency radio-teletype waves off the moon and back to earth. Technicians from the signal corps and the Collins Radio Co. of

GUILTY

BALTIMORE (AP)—The Rev. Joseph Thomas Hughes, 54-year-old Negro minister, pleaded guilty to breaking into a high school and stealing \$750 worth of office machines and furs. The Baptist minister was held in \$2,300 bail. Police said he asked friends to pawn the merchandise to get money "for the church."

Neat, Simple Trap Fails

SAN MATEO, Calif. (AP)—It was a neat and simple trap. The undercover agent bought marijuana from a peddler and put his foot on his rear's brake pedal. The blinking light was to have been the signal for lawmen to pop out of bushes and make the arrest.

Everything went according to plan yesterday except: The tail light was burned out. Police finally gave chase but were forced to give up. A fire blew out.

However, a suspect, Willie L. Harper, 32, was nabbed later leaving a tavern. He was charged with sale and possession of marijuana.

CRUELTY CHARGED
LOS ANGELES (AP)—Actress Lynne Roberts, 35, is suing her brassiere manufacturer husband for divorce. She charged Hyman B. Samuels, 49, with cruelty. They have two children.
