### Cleric Home After Ordeal

PITTSBURGH (AP)—The Rev. Cyril Wagner is back home today after a five-year imprisonment in Red China.

The slender Franciscan priest, ill with asthma and tired from his long journey which started in Shanghai last month, returned to Pittsburgh last night.

Some 25 relatives met him as he stepped from an airliner. An unidentified man approached the Roman Catholic priest and said "Let a good Protestant shake your hand, father."

News men questioned the 52-year-old priest, a native of nearby Sharpsburg, as he stood under an umbrella in the rain.

Father Wagner said his Communist captors mistreated him physically and mentally. He described the people of China as "warm and lovable."

### Gas Seepage Gives Jitters

BELLEVILLE, Ill. (AP) — Liquefied gas seepage into water mains produced six explosions yesterday and kept residents in a state of jitters throughout the night.

Harried city officials haven't traced the source of the butane gas.

About 2,500 residents were ordered from their homes for a 6½-hour period after the blasts, in which four persons suffered burns. None were in serious condition.

There was no mass exodus from this city of 45,000, twelve miles southeast of St. Louis. Homes in a 50-block area were evacuated, but most residents milled about on their front lawns and in the streets until the all-clear.

Worst damage was to a home of a family of six. The family was away when a blast knocked out one brick wall and shattered windows.

Fires which followed some of the blasts were extinguished quickly.

### Crash Hurts Portlander

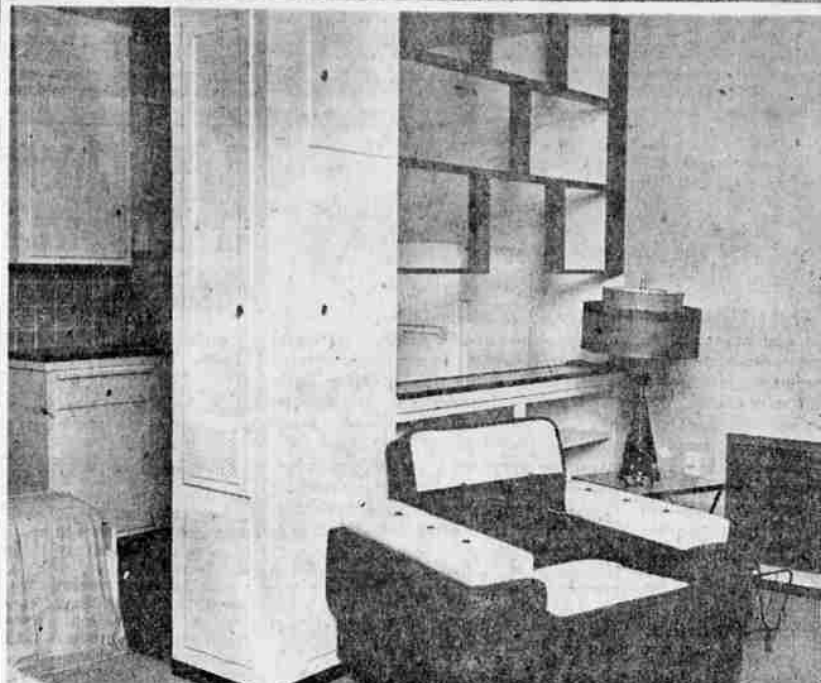

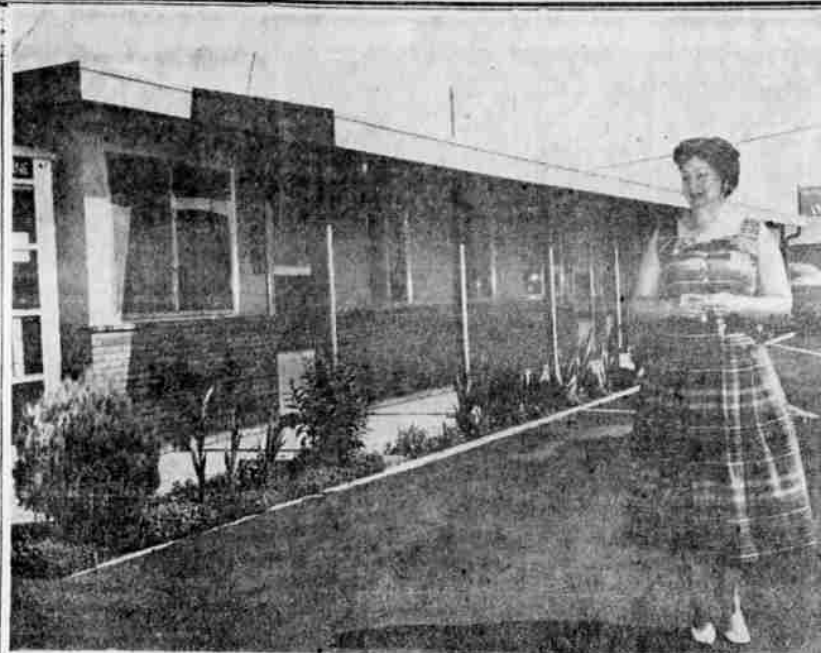

TOKYO (AP)—A U.S. Air Force jet bomber making a forced landing crashed into a small Japanese village today, killing the pilot and two Japanese boys.

The navigator of the twin-engine B57, 1st Lt. Norman H. Silver, 27, Portland, Ore., a Japanese woman and her two children were seriously injured. Air Force doctors treated 23 other villagers for lesser injuries.

The name of the dead pilot was withheld.

The bomber developed engine trouble while on a training flight from Johnson air base, 30 miles west of Tokyo. The pilot tried to make it to the base but crashed in Irumagawa village, a quarter of a mile from the base runway.

### Producers Aim For More Adult Themes In Pictures

By BOB THOMAS  
HOLLYWOOD (AP) — In the search to find film subjects that will attract customers to the theaters, the movie makers have come up with one on artificial insemination.  
This is no sensation-packed quickie, but a top-flight production made in England and starring Julie London and Anthony Steel. Back home again, Julie lilled me in on it.  
"The title was 'A Question of Adultery,'" she explained, "but the Johnson office won't let us use that title in America. I understand the title here will be 'The Seventh Commandment.'"  
The story, she related, was a composite of several cases that have actually happened in the British Isles: A husband and his pregnant wife are involved in an auto accident that causes her to lose the baby and him to become sterile. They have a test tube baby.  
After the wife gives birth to the child, the marriage breaks up and the husband sues to have the child declared illegitimate. Two such cases have been tried in England and Scotland, Julie said. In one instance, the husband won, in the other he lost.  
"We shot two endings to the picture," she added. "The one in which the birth is ruled to be adulterous will be used in Cath-
