

MOUNT SCOTT LOOMS UP in bulky majesty across the blue waters of Crater Lake for the benefit of these two tourists. The scene is only one of many of spectacular beauty to be found around the rim of the world's bluest lake.

SNOWBANKS TOWER OVER YOUR CAR even in July when you drive the roads of Crater Lake National Park. It is a wonderful world of seasons reversed, with wild flowers coming out in the shadow of snowbanks, others, in the full sun, in autumn glory. This picture shows one of the many banks noticed by Herald and News photographer Don Ketiler two weeks ago on a tour of the big park.

Women's Foot Ills Often Due To Shoe

BUFFALO, N. Y. (UPI) — Podiatrists can expect increasing business as long as women continue to wear shoes that are too narrow, in the opinion of Dr. Henry L. Du Vries. He believes too many women insist on sacrificing comfort for style in buying footwear.

Dr. Du Vries, clinical instructor in surgery at the Chicago Medical School, commented at a podiatrists' scientific symposium here that about 65 per cent of foot surgery stems from ill-fitting shoes. "Women's shoes are the worst offenders," he said. "Because the shoes are without laces and have high heels, the wearer's toes must hold the shoe on. This produces an undue pressure on the toes."

NATIVES BAPTIZED

TAICHUNG, Formosa (AP) — One of Formosa's biggest mass baptismal ceremonies was held here recently by Roman Catholic missionaries, led by the Rev. Henry L. Faucher, of Pawtucket, Rhode Island. More than 650 natives were baptized in the rites.
