Womer Given UF-RC Post

Wilbur Womer, district manager at the local Social Security office, has been named division chairman for governmental agencies in the 1958 United Fund-Red Cross drive. Womer will appoint a chairman to head each of the five units falling within the governmental category: Federal, state, county, city and miscellaneous.

"It is my aim to see that every person who earns his livelihood in government work is made aware of the tremendously important role the United Fund-Red Cross is playing in the lives of each of us in this community," Womer said in commenting on his new appointment.

Womer has been with the Social Security Administration since 1939 and was appointed district manager of Klamath Falls in October, 1954. He has been active in community and civic affairs, and is currently serving as chairman of the Klamath Falls Federal Credit Union. He is a member of the new Community Council, chairman of the YMCA roundup, and superintendent of the First Methodist Church Sunday School program. Womer is married and the father of two children.

Obituaries

RUFF

Max Ruff, Eugene, retired SP conductor, died in San Francisco, August 5. He was the brother of A. W. Ruff, 914 Oak Street, Klamath Falls, also an SP conductor. The funeral is tentatively set for Saturday, August 9.

POSTAL RECEIPTS UP

Postal receipts at the Klamath Falls Post Office showed nearly a 13 per cent increase over the July, 1957, figures, Assistant Postmaster Harold Hicks reports. The 1958 figure was $27,474.82, while that of 1957 was $24,337.49.

Hicks said that part of this increase was probably accounted for by stamp purchases in anticipation of the higher postage rates which went into effect August 1. The June, 1958, figure of $24,464.25 showed a decrease of over three per cent from the 1957 figure.

TAIPEI, Formosa (UPI) —The government reported Communist Mig-jet fighters deployed only 22 minutes flying time from President Chiang Kai-shek capital today. All Chinese Nationalist Military forces were ordered on "the highest degree of alert."

The chief of the Nationalist staff made an emergency broadcast to Formosa and the Nationalist-held offshore islands urging all precautions against possible air attacks by the Chinese Communist jets.

Defense Ministry spokesman Adm. Liu Hoh-Tu said "All our armed forces have been ordered into the highest degree of alert."

The Defense Ministry announced Tuesday night that supersonic Mig-17s had moved into the closest possible attacking position to Formosa since the Nationalists were driven off the China mainland in 1949.

Crater Lake Visitors Up

July travel figures for Crater Lake National Park were released this week by Jack Broadbent, chief ranger at the park.

During the month just past, 28,963 cars came to the park bringing a total of 108,034 visitors. The number of visitors during July represents an increase of 7.4 per cent over last year and a decrease of 0.7 per cent from the 1956 figures.

Cumulative totals for this year show 168,279 visitors to date, an increase of 3.7 per cent over last year and a decrease of 4.5 per cent from 1956.

Work is going forward on the new Standard Oil service station at park headquarters and the nearby dormitory for Standard Oil employes, Broadbent said.

The paving at the Annie Spring intersection and the paving of the utilities area is still at a standstill, however, he said. Crews were pulled off those jobs on Saturday, July 19, as the operating engineers' strike against members of Associated General Contractors spread throughout the state.

Other construction work planned for the park under Mission 66 program includes letting of contracts for construction of a covered entranceway to the administration building. The job requires considerable concrete work. Broadbent indicated that the construction of rest room facilities at the Mazama campgrounds and the new entry station at Annie Spring will probably not be affected by the strike.
