MYSTIC FOAM

**ALL-FABRIC
CLEANER**

for HOME and CAR

MYSTIC FOAM and Instant Mystic Foam are being introduced locally with a generous offer to the homemaker. Purchase one can of Instant Mystic Foam all-fabric cleaner and get a full quart can of Mystic Foam Upholstery-rug cleaner without extra cost. Now you can clean your rugs and upholstery the professional way and clean them in your own home inexpensively. Both products have the Good Housekeeping Seal of approval.

NEW MYSTIC FOAM MAGIC CLEANER

Bare feet track in dust and dirt and summer sunburn preventives and insect repellents add a little more soil than usual to the furniture, careful as one can be.

Lift the dirt, grease and stains from your upholstery and rugs with new Mystic Foam.

If you take advantage of the current Mystic Foam offer, you receive without extra charge a full quart can of Mystic Foam upholstery and rug cleaner with the purchase of your initial can of Instant Mystic Foam, the all-fabric cleaner.

Here's the list of things the manufacturer says can be quickly cleaned with Mystic Foam:

Upholstered furniture, rugs, draperies, tapestries, hats and handbags, gloves, coats, collars, children's play suits, fuzzy toys, auto tops, auto upholstery, seat covers, venetian blind tapes, plastic materials, needlepoint, leather and canvas.

For your upholstery, Instant Mystic Foam is the same famous Mystic Foam formula in a handy pressure can. Just press the button and the area is quickly covered with sparkling foam ready to go to work. Rub gently with a clean sponge or cloth until the foam is gone. The soil will be gone, too.

Instant Mystic Foam removes hair oil and perspiration stains, spilled food, grease and other soil. It brings out the beauty of the fabric quickly—and economically. Millions of tiny, active shampoo bubbles actually lift the dirt into suspension ready for you to wipe off the surface.

One quart of Mystic Foam is sufficient to clean a 9x12 rug. It is gentle, odorless, non-flammable, safe.

Get your can of Instant Mystic Foam and receive your quart of Mystic Foam upholstery rug cleaner without extra cost.

LUNCH SANDWICH

Saturday lunch need not be a problem. The whole family will go for this sandwich or it can go on picnics, if you like. In a skillet brown 1 pound ground beef in 1 tablespoon shortening. Stir occasionally to break up meat. Stir in 1 can (11½ ounces) condensed bean with bacon soup, ½ cup ketchup and ½ to 1 teaspoon chili powder. Simmer about 5 minutes to blend flavors. Serve on toasted buns to six.

COMFORTABLE CLOTHING

During the summer months it's so important to wear clothing that is highly absorbent and porous. Our bodies are cooled by the evaporation of perspiration and it must be largely absorbed by our clothing. Only clean, freshly laundered garments will assure as much comfort as possible on muggy days.

If you didn't win this week, enter again. All entries eligible for grand prizes!

MELONS

Melons from southern fields have been on the local market for several weeks. Cantaloupe, Cranberry, casabas, watermelon, honeydew, pear and Persian melons from Oregon fields will be starting onto the market any day. Summer melon production is expected to be a fourth larger than last year.

Combining the harvest from the several supply areas means a good selection of high quality melons at seasonally low prices this year. It's time for food shoppers and menu planners to take full advantage of melons of all kinds.

This year's crop of watermelons is good in both size and quality. A medium sized melon averages 15 to 20 pounds but most of the local grocers sell halves of cut melons—and chilled ones, at that.

Ripe watermelons keep best at about 45 degrees with 75 to 80 per cent humidity. If melons are stored too long or at too low temperatures, breakdown develops very rapidly when they are removed to room temperature.

This is a good year for cantaloupe. The normal season is June through September. Tips in picking good ones: Coarse, corky, outstanding netting on the rind; light green background with gray or yellow cast under netting; a slightly sunken calloused scar at the stem end to show the melon was mature when picked, and fragrant, sweet odor denoting ripeness. For home storage, rinse melon off, dry well and keep in air tight bag or container in the refrigerator.

Casabas and honeydews appear from the last of July until October. In selecting any melon, look for well-developed size, color and fragrance, according to the variety.

Melons are excellent served plain for breakfast, lunch or dinner. Traditionally, they are served chilled, but many persons like to eat them at room temperature as it enhances the sweetness.

Mixed melons are a good source of vitamins C and A.

SOUP MATE

A light, hearty and warm something for lunch during the summer months, and especially good with sandwiches, offer this "soup mate" which matches two chicken soups: Blend together 1 can condensed chicken gumbo soup, 1 can condensed chicken with rice soup and 1½ soup cans of water. Heat but do not boil. Serves four.

QUICK FIG LOAF

"Quick Fig Loaf" will give a summer meal just the lift it needs. Bake one of these delicious sweet loaves on a cool day, and store it in the freezer to bring out when the weather's too sizzling for cooking. Accompany with a big salad plate of fresh and canned fruits, and a lemon and honey dressing to ladle over each serving. Add slices of cheese and a pitcher of iced tea for a perfect warm weather luncheon.

QUICK FIG LOAF

1 cup dried figs
3 cups sifted all-purpose flour
2-3 cup sugar
1½ teaspoons salt
4½ teaspoons baking powder
3 tablespoons shortening
2 teaspoons grated orange rind
1 egg
1½ cups milk

Pour boiling water over figs, cover and let stand 10 minutes. Drain and dry on a towel. Clip stems and cut figs into small pieces. Sift together flour, sugar, salt and baking powder. Cut in shortening.
