

PEANUT BUTTER was an important discovery in the American way of life. Sunshine Biscuits, Inc., has come out with a new Peanut Butter Crunch cookie. They are a wafer type cookie which melt in your mouth. The pound sacks have waxed paper interliner to preserve the crisp freshness of the cookies and prevent any vestige of oil from coming through the bag. The new cookies have just been introduced in Klamath Falls.

THIS IS an unusual chicken salad combining chopped cooked chicken, chopped celery, seedless grapes and a zesty salad dressing. The natural flavor of lemon-lime carbonated beverage (7-Up) used in the dressing adds a refreshing flavor contrast to the chicken combination.

CHOCOLATE LEAVES
Wash and dry 15 to 20 thick leaves, such as ivy, laurel or philodendron. Melt 4 squares of unsweetened chocolate over low heat, stirring it constantly until completely melted. Take from heat and spread the chocolate on the undersides of the leaves in a smooth, thick coat. Chill in the refrigerator. Insert the point of a knife at the tip of the leaf and gently remove the chocolate leaf from the real leaf. Use as a garnish on cake, chiffon pie or ice cream.

SPANISH BROCCOLI
An unusual recipe for broccoli comes from Spain. Cook broccoli in the usual way until just tender. Then place in a heavy pan with 2 tablespoons of olive oil, half a garlic clove, 1 or 2 anchovy fillets and half a cup of chopped ripe olives. Cook about 1 minute, then sprinkle with lemon juice. Serve hot or cold. Wyandotte Olive Oil from California and Wyandotte Mission type olives are perfect for this dish or any dish calling for olives or olive oil.

HOW NOT TO DO
This week's mistake: Trying to stuff green peppers using uncooked rice and insufficient cooking time. For stuffing the gorgeous big green peppers on the market now (they're cheap, too), cook the rice, meat and whatever else you're putting in the peppers before adding the stuffing to the pepper and putting in the oven.

Party Chicken Salad

Entertaining the "girls" at luncheon in the summer is especially easy when you prepare the food the day before the party. Warm weather menus lend themselves to chilled foods that can be cooked in advance and refrigerated until serving time.

If you're planning a chicken salad for this special meal, try this party version. It is out of the usual with diced grapes and a zesty dressing added to the regular chicken and celery combination.

The good tasting dressing has a tang of lemon-lime flavor that complements the sweet chicken flavor. It is a simply prepared, cooked dressing made with lemon-lime carbonated beverage (7-Up) and seasoned with a hint of mustard and some celery seeds.

PARTY CHICKEN SALAD

Salad Dressing
2 tablespoons flour
3 tablespoons salad oil
1 teaspoon salt
1 teaspoon prepared mustard
1 teaspoon celery seed
1/2 teaspoon pepper
17 ounce bottle lemon - lime carbonated beverage (7-Up)
2 eggs, slightly beaten

RED HOT POTATO CHIPS

For a 7-ounce bag of potato chips, you'll need 3 tablespoons butter, 2 cloves of garlic minced fine or crushed, 1 tablespoon of paprika and 1/4 teaspoon of cayenne pepper. Melt butter with seasonings and pour it into the bag of potato chips. Shake the whole thing gently without breaking the chips, but thoroughly enough to season the chips. A more painstaking way is to coat them with a pastry brush lightly before serving. Nalley's Chips for Dips are sturdy enough to the brush treatment which usually gets a little more seasoning on the chips.

EARLY AMERICAN SALAD DRESSING

A recipe for salad dressing from an American cook book of 1742 reads: "Boil 2 fresh eggs 10 minutes. Put the yolks in a soup plate, add 1 tablespoon of water and rub them until they are perfectly dissolved, then add 2 tablespoons of olive oil. When well mixed, add a teaspoon of salt, one of powdered sugar and one of made (prepared) mustard. When quite smooth, stir in 2 tablespoons of tarragon vinegar."

"Leave that stuff alone...here's a whole pot of **STANTIAM BLUE BEAN** **STRINGLESS GREEN BEANS**"

THIS BIRD MEANS BUSINESS!

(He makes 11,000 calls every day—delivers 4,000,000 babies a year!)

These days, the stork is working overtime. He established the all-time record last year when he delivered almost four million babies in the U.S.A. *Four million*—that's about 11,000 new customers every single day!

Our population is growing so fast that every month we add enough people to make a city the size of Norfolk, Virginia.

What does this astonishing increase mean to American business?

Simply this: an ever-increasing need for everything America makes, everything America eats, everything America wears. *Everything*.

You are living in the age of America's greatest opportunity!

7 REASONS FOR CONFIDENCE IN AMERICA'S FUTURE

1. MORE PEOPLE... Four million babies yearly. U.S. population has doubled in last 50 years! And our prosperity curve has always followed our population curve.

2. MORE JOBS... Though employment in some areas has fallen off, there are 15 million more jobs than in 1939—and there will be 22 million more in 1975 than today.

3. MORE INCOME... Family income after taxes is at an all-time high of \$5300—is expected to pass \$7000 by 1975.

4. MORE PRODUCTION... U.S. production doubles every 20 years. We will require millions more people to make, sell and distribute our products.

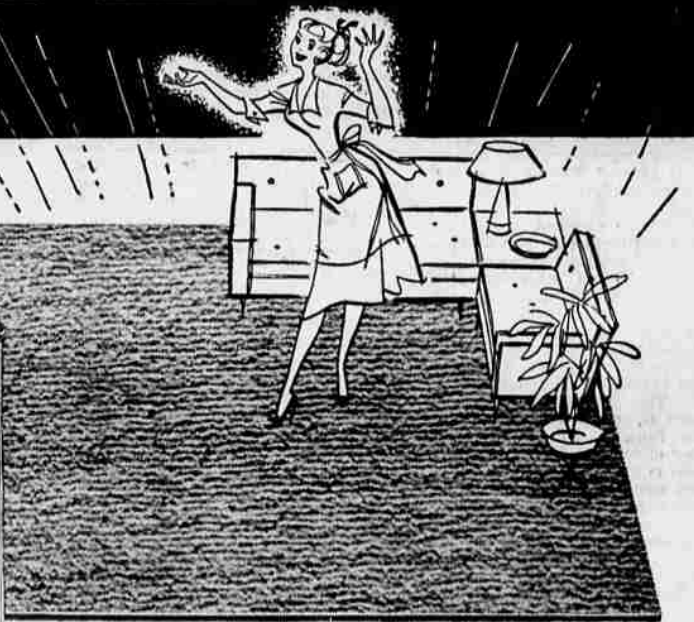

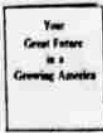

5. MORE SAVINGS... Individual savings are at highest level ever—\$116 billion—a record amount available for spending.

6. MORE RESEARCH... \$10 billion spent each year will pay off in more jobs, better living, whole new industries.

7. MORE NEEDS... In the next few years we will need \$500 billion worth of schools, highways, homes, durable equipment. Meeting these needs will create new opportunities for everyone.

Add them up and you have the makings of another big spending. Wise planners, builders and buyers will act now to get ready for it.
