A Better Life ...

Plane Disasters Similar; No Trouble Indicated

SAN FRANCISCO (AP) — The mystery surrounding the fatal plunge Thursday of a KLM airliner into the Atlantic with a loss of 99 lives has one aspect similar to the crash of a Pan American plane in the Pacific Nov. 8, 1957, bringing death to 44.

No word of any trouble was radioed in either tragedy.

The KLM airliner went down in a storm at night in the North Atlantic shortly after takeoff from Shannon Airport. There were evidences of explosion and fire.

The Pan American clipper, Romance of the Skies, was 5 1/2 hours out of San Francisco and 1,028 miles east of Hawaii, flying in daylight. The weather was perfect.

The Pan Am plane crashed with such force it disintegrated.

None of the 19 bodies recovered was burned.

There was evidence that, in the fatal plunge from 10,000 feet, some passengers prepared to ditch. All bodies recovered were shoeless—a ditching procedure. One body was strapped to a seat. The condition of all recovered bodies supported no evidence of any explosion aloft.

Witnesses at a hearing later said examination disclosed most

Church Restores Peeling Privilege

BAKERSFIELD, Calif. (AP) — Lili St. Cyr, striptease stripped off her right to strip in Bakersfield because of a church group's protests, had it restored Friday — through intervention of another church.

Lili originally was booked for two weeks at a night club.

The Knights of Columbus protested. They related to the extent of a three-day stand, to permit the club to make expenses of advertising.

Friday, an Episcopal church group said no one church has the right to appoint itself as a censor.

The K. of C. reconsidered again — and withdrew its objection.

So Lili goes on for two weeks after all.

befell the airliner, snuffing out even the slightest radio warning. It's extremely doubtful there ever will be any real answer.

TEEN-AGERS

SIoux FALLS, S. D. — Colleen Kelley and Sally Kiley ran a diet experiment for their science project at a high school here. They gave one white rat a scientifically balanced diet, and another typical teen-ager fare of pickles, hamburgers and candy. The "teen-ager" rat is thriving. The other one died.

The name of the state of Vermont comes from two French words: "vert" and "mont"—meaning "green mountain."

SAFARI LEADER

George Dugan, one of the Chevy Summer Safari chiefs, admits that Dugan-Mest are selling pick-up trucks cheap. However, he says, "We've got to move them. We bought a whole train load and they've got to go."

TRAVELING ZOO

DALLAS — Mrs. Joe Fain and Mrs. Jean Wilkey called police to report three bears chained to a tree. Police found the three bears, all right, plus a baboon. They said they could do nothing unless the animals escaped or made a fuss. The animals belonged to a family living in a nearby trailer house.

Explosion of a fast turning turbine-like wheel of a supercharger which feeds air to the engines under pressure. Flying fragments may have cut the radio wiring.

Such a theory fitted into testimony of James E. Conner, Pan Am's Pacific Division maintenance manager, that there was a supercharger turbine wheel failure previously on the lost clipper.

Planes and a carrier-led force of ships searched for days, but the ocean swallowed up most of the plane wreckage.

To this date, CAB has issued no finding on what sudden tragedy

THE BABIES ON THE DOOR STEP

They're girls, mostly. The Chinese in Hong Kong try hard to keep a boy child. But the girls of poverty-stricken parents are likely to be found on the doorstep of an orphan babies' home. There's one "mama" for sixty-five foundlings. And like every mother she loves to see a child's eyes shine with delight over a treat. There was the day when she gave the little girls some dried fruit picked by children in California. It came through one of the OVERSEAS AID Programs of America's religious faiths. What excitement it caused! They need an occasional treat—but more than that, they need the basic food that will keep them alive and healthy. Please help these and other needy people by supporting your faith's OVERSEAS AID Program.

NO RECESSION
LAKESIDE, Ohio — The Methodist Church reports its general receipts for the year ending June 30 are up 6.37 per cent over 1957. At a conference here, the Rev. Dr. E. Harold Mohn, of Chicago, a church financial official, said: "There is no evidence of a general recession in giving to general benevolences by members of the Methodist Church. However, economic conditions may have slowed the pace of increase in financial returns."
