

### Sports Car Club Meets To Discuss Autos' Merits

By DOROTHY ROE  
Associated Press Women's Editor

Want to know how to enjoy life with a belt in the back? Just eavesdrop at the monthly luncheon of the Sports Car Driving and Chowder Society in a midtown Manhattan restaurant.

It's real far out, man, practically frigid, with about 200 cats and kittens digging this new rumble that's like orbiting on the ground.

And that crowd, kids, it's like nothing you'll ever see this side of Mars—everybody from corporation presidents to truck drivers and from debutantes to secretaries, all tuned in like hi-fi.

The main idea here is that if you haven't driven a sports car, kiltin, you haven't lived. It's a theory that seems to be spreading all over, from Park Avenue to darkest Africa, with high concentration on the west coast and Florida.

C. L. LANGSLET

The talk is of comparative merits of Jaguars, Austin Healeys, Triumphs, MGs and Corvettes. Members have their own jargon, as you may have gathered. For instance, a square is anybody who drives a standard car with automatic shift and power steering. With-a-belt-in-the-back is fabulous, terrific, the most.

There are almost as many women as men in this new speed fraternity. Wives whose husbands have been bitten by the sports car bug have discovered that they have the choice of going along or becoming sports car widows.

Unmarried girls have found that the best way to attract men is to buy a sports car.

Then a lot of big business men and professional men seem to find an outlet for their spirit of adventure in piloting one of these small, powerful speedsters.

**FORGOTTEN FILM**  
WAUKESHA, Wis. (AP) — Wesley Fabry, checking over his collection of 205 cameras, came across a roll of undeveloped film in the back of an old "panoramic" camera. It contained shots taken in 1900 of a train wreck in the Fond du Lac, Wisconsin area. Fabry presented the pictures to the Wisconsin Historical Society.

### 4-H NEWS

**JUNIOR BRONCS**  
The 4-H Junior Broncs held a horsemanship and horse judging workout at the ranch of the club leaders, Mr. and Mrs. Warren Woodard, on August 5. Members worked out their horses in figure-eighting, stopping, backing, mounting, dismounting, saddling, unsaddling, etc., and each member judged a horse—its good and bad points. These things were practiced in preparation for the 4-H County Fair.

After the workout, the members decided upon decorations for their stalls at the fair. When the meeting was adjourned, Mrs. Woodard served lemonade.

The club also had a potluck barbecue August 12 and this too was held at the Woodard ranch. Members and their parents enjoyed hamburgers, salads, cake, punch and coffee, after which Dottie Riker demonstrated how to show a colt at the fair. After this everyone enjoyed an evening of outdoor dancing.

### 87-Year-Old To Be Guest At Pageant

LAKEVIEW (AP) — The first white child born in Goose Lake Valley will be a guest at the fifth annual Lake County Historical Pageant to be held Aug. 29.

Mrs. Minnie Myrtle Duke, 87, was born in Lake County before the town of Lakeview was founded. Her parents, Mr. and Mrs. Horace Myrtle, homesteaded north of Willow Ranch in 1869 after living briefly near Eugene.

### Representatives Named For Red Hat Days Program

Klamath Falls will have two representatives on the Red Hat Days program this year. The local postmaster, C. L. Langslet, has been reappointed as Klamath County chairman and G. E. (Jerry) Rutledge, 4700 Denver Avenue, has been named to the state committee.

Rutledge is a Southern Pacific conductor and state representative of the Brotherhood of Railroad Trainmen.

Rollin E. Bowles, Portland attorney who was recently named a member of the State Game Commission, heads the state committee. Members in addition to Rutledge are Ben Buisman, Arthur

K. Roberts and George Brown, all of Portland, W. O. Kelsay of Roseburg and Ed Sullivan of Hereford, Baker County.

Burton Chamber of Lakeview has been named Lakeview chairman.

Twenty-seven groups sponsor the statewide observance, including Klamath County Sportsmen's Association and the National Wildlife Federation, in both of which organizations Langslet has a membership.

The promotion is carried on each year to promote safety, courtesy and responsibility among Oregon's sportsmen and cooperation between sportsmen and landowners.

Despite the increasing publicity concerning yellow as the color having the greatest visual impact in the woods and fields, the name has not yet been changed from Red Hat Days.

If your water heater is too old ... too small ... or too slow ... you need a new **GAS WATER HEATER!**

Authorities on laundering say that wash water must be hot . . . 160 degrees . . . to get clothes really clean.

If your water heater is too old, too small or too slow you're not going to have enough hot water to take care of the usual number of loads of clothes for the average family. Besides you probably won't have a really white wash.

There is one sure way to get all the 160-degree hot water you need for a perfect wash . . . and that's with an automatic Gas Water Heater.
