**Intruder Enters Catholic Church**

An intruder entered the Sacred Heart Church Tuesday afternoon and created considerable damage in a destructive outburst of violence, city police reported.

Investigating officers said a statue had been broken in half, votive lights (wax lamps) were knocked over and smashed, and a hole had been broken in a wall. The estimate of damage was incomplete, and church authorities were not immediately available for a complete description.

Officers arrested Curtis Rave, 41, 833 North Ninth Street, following the wave of destruction. At a hearing in municipal court Wednesday, Rave was fined \$50 or 25 days on a drunk charge and \$100 or 50 days on a disorderly conduct charge. He was held in the city jail in lieu of bail, and pending possible further action by church officials.

**Officials Seek Road Completion**

MOUNT SHASTA — Official action is being tried to expedite the road building of the last stretch of the Everitt Memorial Highway. The Briggs Construction Company is being urged to hurry the construction which is now causing a lag in ski bowl activities.

State Senator Randolph Collier, president of the ski bowl organization, and Chapman Wentworth, leading director, are using all their influence to speed the road work.

Carl McConnel, ski bowl lodge builder, states that he will complete the lodge within two weeks. Eighteen thousand dollars worth of thermo-pane glass was received this week, and will be built into the structure within a few days.

Despite road delays, the opening date has not been changed, and it is expected that all will be ready by October 1.
