NEW OFFER FROM SEGO

Have trouble with that pitcher of ice tea sweating and leaving marks on the table? Segos Milk's new premium, a thermo pitcher of sherwood green plastic, is the answer. The secret is the air space insulation created by an outside plastic shell into which the inside pitcher slips. This prevents moisture from collecting on the outside of the pitcher.

Also available at Segos's Klamath Falls redemption center, Shafter Electric in the Town and County Shopping Center, are coaster clad tumblers which are constructed on the same theory. These brand new convenience products will keep cold drinks cold longer and hot drinks hot longer because of the insulation. The outside stays dry so there is no danger of leaving rings on fine furniture.

The pitcher has a 32-ounce capacity. The tumblers are 12-ounce size. The pitcher or three tumblers are available at the redemption center for 79 cents plus six Sego coupons. There is a coupon on each can of Segos Evaporated Milk.

The pitcher has a patented baffle built into the lid which holds back ice cubes and controls the pouring. The thumb rest permits the lid to be raised just enough for pouring and allows one-hand control of the pitcher.

SCRAMBLED EGGS

Add diced cream cheese or American cheddar cheese to your scrambled egg mixture. Stir in chopped chives just before the eggs have finished cooking. For texture change, brown small bread cubes in butter and stir into the scrambled eggs just before they're done. Quartered, peeled tomatoes and sliced green peppers can be added at the same time for a big meal dish.

DESSERT DIP

Enjoy a figs-and-wine dip for dessert. Combine equal parts of California port or other wine with honey. Serve in individual small containers (like you'd serve the melted butter with avocados). Surround with fresh figs so the figs can be dipped into the wine-honey as they are eaten.

SEGO MILK'S newest premium offer is a novel thermo pitcher and coaster clad tumblers to keep cold drinks cold longer and hot drinks hot longer. The pitcher or three tumblers can be obtained for only 79 cents and six Sego Milk coupons.

Nylons On Ice

If there's any room left in the refrigerator, after stashing your colognes and runny creams in it, put in your nylons, Max Factor advises.

A see-through plastic bag is the ideal holder.

"The cooler you keep your pret-

ty sheers, the longer you'll have them around," says the Hollywood expert, who comes up with another tip.

Keep your nylon-sheathed legs cooler by dousing them with Foot Light, an icy spray, which released from a push-button, can makes feet and legs feel as though they were dipped in a bubbling brook.

HOME PERMANENTS are simple enough for the youngsters to do their own hair these days. Lilt has a new "speed-bath Lilt" on the market for the back-to-school crowd.

POTATOES

Having trouble mashing the summer potatoes on the market? Better wait until the Klamath Basin potatoes are harvested. Summer potatoes are not recommended for baking or for mashing.

AVOCADO SALAD

For a pretty party luncheon salad, fill avocado halves with bite-size pieces of fresh summer fruits. Serve with lemon or lime wedges. Or fill the avocado with shrimp or salmon salad and slices of lemon.

FROZEN DESSERTS

Young and old lovers of chocolate will enjoy the idea of a creamy frozen fudge pie for a cool summer dessert treat. You know how youngsters enjoy "fudgsicles" — is a chocolate pie with the same fudgy flavor, and frozen too!

One package of the summer-convenient mix will make a Frozen Fudge Pie and also a delicious Chocolate Mousse, using half of the contents for each recipe. To make the pie you first make a flaky pie crust using your favorite recipe or pie crust mix in sticks. For the filling use half a package of chocolate fudge frosting mix made as directed on the package, adding boiling water. Blend with chilled whipping cream, beat until stiff, and pour into pie shell. For a garnish, use toasted almonds — then freeze. It's that simple!

Your family will also enjoy a delicious and refreshing Peanut Cream Fudge Pie. The peanut cream mix, combined with whipped cream, makes a quick-to-prepare hot weather specialty. "Mousse," French for moss or foam, describes its smooth, creamy quality. The remaining half of the chocolate fudge or peanut cream frosting mix can be used in making an unusually fine chilled mousse. Try this mousse, chilled in sherbet dishes and garnished with bitter chocolate slivers, next hot day.

Here are the recipes as developed in the Betty Crocker kitchens:

FROZEN FUDGE PIE (or Peanut Cream Pie)

1 8 inch or 9 inch baked pie shell
1/2 package Betty Crocker Chocolate Fudge Frosting Mix or Peanut Cream Frosting Mix
2 tablespoons boiling water
1 1/2 cups chilled whipping cream
Toasted almonds for garnish
Mix as directed on the package, using only two tablespoons boiling water. Blend chilled whipping cream and prepared frosting; beat until stiff. Pour into pie shell. Garnish with toasted almonds. Freeze until firm.

CHOCOLATE MOUSSE

1/2 package Betty Crocker Chocolate Fudge Frosting Mix or Peanut Cream Frosting Mix
1 1/2 cups whipping cream
Make one-half package Chocolate or Peanut Cream Frosting from the mix. Blend whipping cream with frosting; beat until stiff. Chill for several hours. Serve in sherbet dishes, garnish with toasted almonds. Eight to 10 servings.

BREAD CRUMBS

More and more of the recipes you read in magazines call for a half or whole package of prepared bread crumbs. Why not make your own? Trim crusts from leftover bread and dry the bread in the oven after baking. Put the dry bread in a clean paper sack and crush with a rolling pin (saves sweeping up crumbs). Keep in a covered jar on the shelf until required.

BAKED ALASKA

How about taking your family on a trip to Alaska this weekend? (Not exactly along the Alcan Highway, but with the help of your culinary artistry and cool, crisp Baked Alaskan Sundaes!)

You can pay homage to Alaskan statehood and your family at the same time with a dinner featuring broiled salmon topped with a combination of melted butter, lemon juice and chopped, fresh parsley. Then for dessert deluxe . . . a crisp meringue shell with a scoop of ice cream . . . sealed with a soft meringue and lightly browned.

Fancy for show, but not for making, with a new meringue mix. If you're entertaining, make the shells the day ahead. Then . . . just a few minutes away from your guests while you place on scoops of ice cream, swirl on some soft meringue, and lightly brown in the oven for 3 to 5 minutes.

Here is the recipe, as developed in the Betty Crocker kitchens:

ALASKAN SUNDAES

1 pkg. Betty Crocker Meringue Mix
1 pt. ice cream

Make meringue shells as directed on meringue mix package, using one packet of mix. Fill 6 shells with firm ice cream (about 1 pt.). Freeze on paper covered baking sheet until firm. Prepare soft meringue from other packet of mix. Cover ice cream completely, sealing meringue to shell. Bake in 500 degree (very hot) oven 3 to 5 minutes, or until lightly browned. Serve immediately. Makes 6 servings.

LILT

Back-to-school time is the right time to start a program of self-improvement — and the place to start is with the hair.
Who knows? Maybe with a new hair style, a completely new 'you' will emerge — because nothing changes the appearance so much as a flattering new hair-do.
One of the easiest ways to achieve a basic foundation on which to build this new hair style is with new Speed-Bath Lilt home permanent. Given quickly, with no mess or fuss, you could be wearing the prize gown in your new fall wardrobe and be completely at ease.
With the Speed-Bath 'Set', the squeeze comb applies and combs in the lotion and the curl saturator tray, held tightly under the curl, gives complete saturation to the hard-to-reach underside of the hair strand, then returns excess lotion to the bottle. Hands don't touch lotion, lotion doesn't drip down the neck.
