STOCKS

WALL STREET
NEW YORK (AP) — The stock market closed higher today, widening its gains in active trading late in the afternoon.

Volume for the day was estimated at 2,600,000 shares compared with 2,610,000 Monday.

Key stocks were up from fractions to a point or so. Some special stocks did better.

The market was uneven in early trading. Advances by drugs, steels, rails and selected issues moved the average higher.

Merck, Pfizer and Schering rose a point or better. Jones & Laughlin was up a point or so. U.S. Steel and Bethlehem rose fractionally.

Bell Aircraft was ahead more than two points. Douglas Aircraft gained fractionally.

Southern Pacific advanced about a point. Illinois Central, Chesapeake & Ohio and Santa Fe made smaller gains.

Automotive stocks continued a bit lower. General Motors eased. U.S. government bonds declined to near lows for the year.

Editor's Note: The market reports listed below are yesterday's markets, not today's, and are carried as a service to those subscribers in early delivery zones which make publication of daily markets impossible within the route schedule.

LIVESTOCK

KLAMATH FALLS LIVESTOCK AUCTION MARKET
August 25, 1958

Receipts: Cattle 251. Hogs 126. Corned last Monday cows steady to stronger, fed steers, heifers and feeders steady; hogs 1.00 lower.

Botulism Still Plagues Area

Lower Klamath continues to be the hot spot of the botulism problem, according to information from Vernon Ekedahl, manager of the Tule Lake National Wildlife Refuge.

He reports that Tule Lake is at present almost free of the trouble that affected both areas earlier in the summer. "As of this date," he said, "17,955 birds have been taken from the marshes of both areas, of which approximately 75 per cent came from Lower Klamath."

"Of this number 12,874 have been dead birds and 5,081 sick birds that have been taken into the hospital. Of the sick birds treated, 89 per cent have recovered to be banded and released as soon as they were able to fly."

"This represents the heaviest recorded loss of waterfowl from this cause on these refuges for several years," Ekedahl stated.

"Three factors figure heavily in this high casualty rate," he continued. "In the first place the two refuges are carrying nearly 600,000 birds at this time, or 130,000 more than were present during the corresponding week of a year ago. Secondly, we have experienced more hot weather than is usually the case, and a greater effort in manpower and more equipment is being thrown into the job than in the past, with a better cleanup of birds than has been possible before."

"Two airtight boats are on the job constantly and additional crews have been assigned when needed to pick up birds along the shore," the refuge manager concluded.

He also reported that personnel at the Tule Lake-Lower Klamath Refuge are still kept busy on a seven day a week basis on the pickup of sick and dead waterfowl afflicted with botulism.

Isle Attack In Fifth Day

By SPENCER MOOSA
TAIPEI Formosa (AP) — The heavy Communist bombardment of Quemoy and the Tan islets continued for the fifth day today, but no Communist air or sea activity around the Nationalist-held islands was reported.

Belief increased on Formosa that the Reds soon would try to seize two tiny Nationalist islets in the Tan group only 2 1/2 miles from the Communist port of Amoy.

The Reds might plan to assault the Tans in the belief that they can get away with it without risking American intervention, observers said. Washington dispatches have suggested this appraisal of Communist intentions, is well founded.

More than 8,800 shells rained on two of the three Tan islets in Amoy Bay and on the bigger island of Quemoy, 15 miles east of the big Red port of Amoy.

The Nationalists said their guns fired back but did not disclose to what extent.

The islets of Tatan and Erhitan got the worst pasting, 4,000 rounds in half an hour. The Nationalists made no announcement of casualties, but Tatan is only 96 acres in size and Erhitan only 40 acres. The islets are 2 1/2 miles from Amoy and are key points for observation of shipping to and from the Red port.

The Nationalists reported successes in their return fire Tuesday, claiming their guns knocked out artillery emplacements on Wu-yu, a small island in Amoy Bay, and on Ting Tateng Island, and blew up ammunition and gasoline dumps on Wu-yu and at Weitou, on the mainland.

By Nationalist count, the Communists by noon today had fired a total of nearly 100,000 shells since they drastically stepped up the vespertide Formosa Strait war last Saturday.

Radio Peiping continued to charge the United States with heightening tension in the Formosa Strait and accused the Americans of threatening Communist China's security.

Although the U.S. 7th Fleet was on the alert, there was no unusual activity in the fleet.

City Schedules Holiday Parade

LAKEVIEW—The big Labor Day parade, an annual feature of the Lake County Fair and Roundup, this year will follow along the Western theme in keeping with the general spirit of the festival. It is again sponsored by the Lakeview Lions Club with Bill Strong as general chairman, assisted by Bert Amos and Ernie McKinney.

Definite street arrangements are pending the development of construction work on several of the city streets. The city council has agreed to close E Street to all parking between Third Street south and Second Street north from 8 a.m. until noon on Monday, Labor Day, in order to facilitate movement of the floats and provide a better view for spectators.

Trophies will be given in the following groups: Matched team fraternal, industrial, commercial, grange, best horse drawn float, best Western dressed cowboy, best Western dressed cowgirl, youngest cowboy, youngest cowgirl, oldest cowboy, oldest cowgirl, best Western dressed couple, marching group, out-of-town, open, junior group, mounted group, and sweepstakes.

4-H Exhibits At Fair Judged

LAKEVIEW—The exhibit building at Lake County Fairgrounds is a hive of activity this week. All 4-H non-livestock exhibits were judged on Tuesday evening with county 4-H Club agent Al Haslebacher in charge of assembling the entries.

Selections chosen for display at the state fair at Salem were entered on Thursday in order to be included in the state judgment.

Various 4-H contests are being held today and tomorrow and are open to the public. Canning contests and demonstrations are being held on Thursday. Most of these demonstrations will be agricultural, the 4-H Club agent said, and will be held in the exhibit building.

THIS IS THE NATION'S newest jetliner, one of 40 DC-8s ordered by United Air Lines from the Long Beach, California, factory of Douglas Aircraft which will enter scheduled service next summer. The great craft will carry from 116 to 151 passengers. The 575-600 m.p.h. jetliner must undergo months of ground and flight testing. The plane is 150 feet long with a wingspan of 139 feet. It will fly coast to coast in four and two-thirds hours. Cost of the jets is five million dollars. — United Air Lines Photo

'Rover Boys' Return Home

Two adventurous young men, who donned full knapsacks and headed for Medford, were returned to their homes Tuesday night by Sheriff Murray Britton.

The explorers, Ronald "Randy" Gant, 10, son of Mr. and Mrs. Dale Gant, 2348 Green Springs Drive, and Billy Lumpkin, 8, son of Mr. and Mrs. L. T. Lumpkin, 4100 Washburn Way, left the Gant home at 1:30 p.m. Tuesday and headed west across the hills.

Late that afternoon, when the boys were not seen, Mrs. Gant called the state police and the sheriff's office.

The sheriff said that they had just arrived at the Gant home when the telephone rang. It was 8:55 p.m. "It was the Gant boy, calling from the Weyerhaeuser Junction," the sheriff said. "I told them to stay just where they were and we went and got them."

"They were crying when we drove up, and were tired and dirty. Their knapsacks were still full and they were awfully happy to see us," Britton said. "I don't think they were ever more than two miles from home."

Weather Table

Oregon Points	Max	Min	Precip
Baker	87	44	
Bend	84	43	
Eugene	85	50	
Lakeview	84	57	
Medford	94	55	
Newport	66	47	
North Bend	70	50	
Pendleton	91	60	
Portland	79	57	
Redmond	87	46	
Roseburg	89	54	
Salem	83	52	

Oregon Weather

Eastern Oregon—Fair through Thursday, except for a few light showers in the extreme northern portion this afternoon. A little cooler. High today 83-90. High Thursday 80-85. Low tonight 42-52.

Western Oregon—Fair through Thursday except for a few showers in the northern portion today. Cooler today in the northern interior and cooler Thursday in the southern portion. Highs today and Thursday 75-85, but 85-95 today in the southern portion. Low tonight 48-58. Variable coastal winds 5 to 15 miles an hour.

Loggers Fire Weather—Continued high fire danger today in most sections of West and Central Oregon. Danger moderate, however, west of the Mount Hood area today. Lowest humidity below 30 per cent except west of Mount Hood and in the coastal areas today and Thursday.

Grants Pass and Vicinity—Fair Thursday. High today and Thursday 85-90. Low tonight 50-55.

Baker and Vicinity — Fair through Thursday. High Thursday 82-88. The Wednesday night low 42-48.

Northern Oregon beaches—Mostly cloudy today, partly cloudy Thursday. Temperature range 50-68. Winds west to northwest 8-15 miles an hour in afternoon.

California Weather

San Francisco Bay Area: Fair through Thursday except fog near ocean extending inland in morning; little change in temperature; high today in San Francisco 65; Oakland 73; San Mateo 77; San Rafael 79; low tonight 55-60; winds lighter than normal.

Sierra Nevada: Fair through Thursday; little change in temperature.

Sacramento Valley: Fair through Thursday; little change in temperature; high both days 92-102; low tonight 60-70; variable winds 7-15 m.p.h.

Northwestern California: Fair through Thursday except fog on coast; little change in temperature; high today and low tonight Napa 90-60; Ukiah 100-57; Santa Rosa 86-33; variable winds 7-15 m.p.h. near coast.

CATTLE BRANDS
TULELAKE—A new addition to the permanent museum of the Tulelake-Butte Valley Fair will be a collection of cattle brands from the 10-A Agricultural District. Any person who has a registered cattle brand is asked to bring his branding iron to the Rotary Club building on September 8. Blocks of wood will be available on which the brands will be burned. These branded blocks will be on display at future fairs. Additions to this collection will be expected every year.

Air Groups Talk Resumes

Mediation between the Air Line Pilots Association (AFL-CIO) and West Coast Airlines was due to be resumed in Seattle today, according to an announcement made at union headquarters in Chicago yesterday.

The union said that mediation and negotiation efforts for a pilots' employment agreement with the company had ended in a deadlock August 1, and that the pilots have had the right to strike under the Railway Labor Act since a "cooling off" period expired August 18. However, the union stated, it had accepted to a National Mediation Board request to resume mediation.

On Monday, August 25, nine employees were dispatched to the Wilmette National Forest to act as overhead personnel on the fire near the Detroit Dam. These included Jack Saubert, Clyde Penick, Alvin Hickman, Richard Johnson and Stanley Knutsen from Lakeview; Werner Nelcher and Robert Palmer from Bly; Chester Bell from Paisley, and Colan McLean from Silver Lake.

Willow Ranch Strike Settled

NEW PINE CREEK — News from Willow Ranch states that the strike between the local union and the Willow Ranch mill has been settled and that the men were to have started work Wednesday.

Details of the working agreement were not disclosed, but it was understood that one feature of the settlement is that the men are to get three paid holidays in a year.

It was also pointed out that resumption of operations would depend upon whether all the men, some of whom have scattered into jobs in other locations, will return to complete the company crew. If not, new men will have to be rounded up to fill in the gaps.

Pair Seeking Vacated Post Of New York Senate Seat

By THE ASSOCIATED PRESS
Dist. Atty. Frank S. Hogan, Manhattan Democrat, and Rep. Kenneth B. Keating, Rochester Republican, will battle this fall for Republican Irving M. Ives' New York seat in the U. S. Senate.

New York City Democratic leaders engineered Hogan's nomination at a state convention early today over the determined opposition of Gov. Averell Harriman. Hogan trounced two other candidates easily on the first ballot.

The Democrats acted at Buffalo about eight hours after Republicans at Rochester—with a big assist from the White House—sent a once-reluctant Keating into the Senate campaign. He was nominated unanimously.

A telephone call to Keating from Vice President Nixon helped end Keating's reluctance. The White House said Nixon made the call after discussing the situation with President Eisenhower.

Ives is retiring because of ill health.

Hogan rolled up 773 first-ballot votes after the Democratic convention was stalled five hours while the party leaders sought agreement at a series of conferences in Harriman's hotel suite.

Thomas E. Murray, former atomic energy commissioner, received 394 votes and former Air Force Secretary Thomas K. Finletter, 66.

Then the delegates made it unanimous for Hogan.

The possibility of a three-man Senate race emerged when the Liberal party, New York State's third legally recognized party, nominated Finletter.

An aide to Finletter said he probably would not accept the Liberal nomination. Finletter was not available for comment.

Harriman first backed Finletter, then Murray in efforts to obtain agreement on a candidate acceptable to the Liberals, who produced 264,000 votes when he was elected in 1954—many times his slim 11,000-vote margin of victory.

The conventions had little trouble agreeing on other candidates for other offices.

Both the Democrats and Liberals renamed Harriman for governor, George B. DeLoach for lieutenant governor and Arthur Levitt for state comptroller.

They are opposed by Republicans Nelson A. Rockefeller for governor, Malcolm Wilson for lieutenant governor and James A. Lundy for comptroller.

Ranger Asks For Caution

LAKEVIEW — With the Labor Day weekend approaching and many visitors expected to use the forests, extreme caution is urged by Clayton Weaver, supervisor of the Fremont National Forest.

The fire danger is high and getting increasingly so, Weaver said, and conditions could be very bad.

Four fires were caused on the Fremont from the Sunday evening lightning storm but all were brought under control quickly. One was in the Silver Lake District, two in the Thomas Creek District and one in the Drews Valley District. This brings the total fires on the Fremont to date to 96, six of which were man caused. However, the total acreage damaged has been held to one acre. This control has been attributed to the fact that not too many fires started simultaneously and many were accompanied by rains. Prompt action on the part of fire control crews has been available.

On Monday, August 25, nine employees were dispatched to the Wilmette National Forest to act as overhead personnel on the fire near the Detroit Dam. These included Jack Saubert, Clyde Penick, Alvin Hickman, Richard Johnson and Stanley Knutsen from Lakeview; Werner Nelcher and Robert Palmer from Bly; Chester Bell from Paisley, and Colan McLean from Silver Lake.

FIRES CONTROLLED

McCLOUD — Jack Prevey, McCLOUD district ranger with the USFS, said the district fire fighters had controlled 10 fires to date this year. All but two of the fires were caused by lightning. The latest, a spot fire "sleeper" was controlled late Sunday, six miles east of Pondosa.

Artificial Eyes
Thurs. Aug. 28
Open 9 a.m. to 5:30 p.m.
MADE TO ORDER
WHILE YOU WAIT

This is to announce that Dr. Sidney O. Notes will be in our offices for a short time only. Dr. Notes has been an accepted authority in the art of making artificial eyes for 34 years. He colors and shapes, in your presence, the artificial eyes to guarantee perfect color match and life-like undetectable appearance. Dr. Notes specializes in scratchproof, glass artificial eyes which are lasting smooth and durable. Call or write for an appointment today.
