

MARKETS and FINANCE

Editor's Note: The market reports listed below are yesterday's markets, not today's, and are carried as a service to those subscribers in early delivery zones which make publication of daily markets impossible within the route schedule.

STOCKS

WALL STREET NEW YORK (AP) — The stock market advanced in active trading this afternoon with rails confirming the rise of industrials. The latter stood near record highs.

Volume for the day was estimated at 3,000,000 shares compared with 3,100,000 Friday. Leading stocks were up from fractions to around 2 points. Scattered losses by some important blue chips kept the average from running away.

The market was higher from the start. The previously lagged rails came to life, making solid gains. Steels, motors and nonferrous metals also rose.

Gains of around 2 points or more were made by Anaconda, Kennecott, Reynolds Metals, Illinois Central and U.S. Steel.

Ahead a point or more were Armco, Douglas Aircraft, American Machine & Foundry, International Telephone Commonwealth Edison, Phelps Dodge, American Smelting, General Electric, Texas Co., North Pacific and Baltimore & Ohio.

Down a point was about a point. Fractional losses were taken by American Telephone, Liggett & Myers, Lorillard, United Aircraft, Goodrich.

U.S. Government bonds were steady.

Car receipts: Wheat 132; barley 102; flour 65; corn 3; oats 1; mill feed 25.

CHICAGO (AP) — Grain futures prices weakened today under moderate selling as the Far Eastern situation was submitted to diplomatic talks for settlement. Board of Trade dealers said the selling was mostly liquidation of positions that had been protected over the weekend by Friday's short-covering. The price setbacks most of the time were in about the same range as Friday's gains.

Police Busy On Weekend

City police charged Walter Johnson, 425 Michigan Avenue, with assault and battery after they found him in his car beating Ramona Tupper, Brandt Street, with his fists, officers reported. Johnson was arrested at Eighth and Klamath streets Sunday night. Officers said he previously had struck Lester Robinson with a wrench.

Officers also arrested three juveniles who admitted that they had run away from the Biscailuz Training Center at Los Angeles. They were arrested at Eberlein Avenue and A Canal and brought to the station, but two escaped, officers said. One, identified as Foster Falk Alderson, 18, was charged with vagrancy. The other two, rearrested at Portland and Crescent streets soon after their escape, were turned over to juvenile authorities.

Missing persons reported over the weekend were Shylene Basye, 17, whose mother called from Portland to say her daughter had left home three days before to visit her fiancé in Klamath Falls, and Marlyce Thompson, also 17, from San Francisco, who also was thought to have come here to visit a boy friend, and who may have gone to Reno to get married.

Vandals were held responsible for rolling rocks down K Hill, some of which reportedly damaged the home of Charles Johnson, 1005 Newcastle Street, peppering the car of John Keegan, 110 Martin Street, with fresh eggs and cat-snip containers from a drive-in and breaking several windows on the car owned by N. M. Creedon, 609 Lincoln Street.

Accidents reported: Robert Leroy Snyder, 4013 Douglas Street, arrested for following too closely after he struck a car operated by John Henry Swiney, 429 Commercial Street at the intersection of East Main and Adams streets; and Carl E. Blake, 1500 Crescent Avenue, arrested for reckless driving following an accident at 125 Riverside Street after hitting a telephone pole.

Reginald Francis Carr, 32 Phoenix, Oregon, was arrested for following too closely at Fifth and Klamath, although no accident was involved. Thefts reported: Portable radio, reported by Mrs. Earl Redmond, 403 Front Street, woman's purse reported by Max McCarty, from his car parked at Fourth and Pine streets; camera, reported taken from unlocked car belonging to Clifford Fields, parked at Sixth and Main streets; and flipper hubcaps, reported stolen from two cars, a Thunderbird owned by O. L. McAllister, 333 Summers Lane, and a car owned by Larry B. Comer, 1745 Eldorado Avenue.

Returned was a woman's purse, which Mrs. Dorothy Griffey reported from Bend as being left in a service station. The purse was reported to contain \$100. Police said it contained \$42 plus silver when returned to a station by an unidentified person.

POTATOES

SAN FRANCISCO (UPI-FS:MS) — Potatoes: U.S. 1A 2-men minimum 100 lbs. San Joaquin Valley long whites 2.50-2.75. LOS ANGELES (UPI-FS:MS) — Potatoes: U.S. 1A 30 lbs. Oregon round reds 1.35. Arrivals, rail 2, truck 1.10.

Circuit Jury Deliberating Assault Case

The trial of Wendell Jack Eggsman, 21-year-old Chiloquin man accused of assault with a dangerous weapon, reached a circuit court jury at 11:25 a.m. Tuesday.

Opposing attorneys completed all arguments in the case shortly after trial resumed Tuesday morning, and Circuit Judge David R. Vandenberg prepared his charge to the seven-man, five-woman jury. Eggsman is accused of attacking James Campagna with the neck of a broken wine bottle following a brawl last March 31 just outside Chiloquin. Campagna was hospitalized after the fight.

District Attorney Arthur A. Beddoe, in summary remarks before the jury, maintained that Eggsman was guilty as charged. "There should be no doubt in your minds," he told the jurors. He held up the glass bottle neck and observed that "this is a nasty little item."

Defense Attorney Kenneth Puckett maintained that Eggsman fought in self defense. He described Campagna as "a man 6-feet, 1-inch tall, weighing over 200 pounds — a good deal bigger than that man" as he motioned toward Eggsman sitting motionless at the defense table.

Beddoe reviewed testimony in the trial which opened Monday, saying that cars in which two parties were traveling stopped outside Chiloquin late at night. After some discussion, a fight began. Eggsman testified that Campagna started after him with a half full quart beer bottle; Campagna testified that Eggsman smashed a wine jug against a car bumper and started after him.

Beddoe ridiculed the self defense argument saying it was "the most ridiculous defense I've ever heard in my life."

"Acts of this type are incomprehensible," he said. "This is a vicious act."

Puckett asked the jury to examine carefully "Who is the aggressor — who came and forced himself on these people?"

"When this man broke that bottle," he said of Eggsman, "it was because of fear of a man, a 6-foot, 250-pound man coming at him with a beer bottle in his hand."

Jurors are Ann Watters, Allen Davis, Maria Hunt, Peggy Fouch, Julian M. Agor, Edna Ferguson, Harold Horn, Richard E. Teater, Frank P. Kirk, Agnes Solberg, William E. Lloyd Jr., and Wade Arnold, all of Klamath Falls.

Weather Table

Table with columns: City, High, Low, Rain. Cities include Albuquerque, Atlanta, Bakersfield, Boise, Boston, Chicago, Denver, Detroit, El Centro, Fairbanks, Fort Worth, Fresno, Helena, Kansas City, Los Angeles, Miami, Minneapolis, New Orleans, New York, Oakland, Oklahoma City, Phoenix, Pittsburgh, Red Bluff, Reno, Sacramento, Salt Lake City, San Diego, San Francisco, Seattle, Spokane, Stockton, Thermal, Tucson, Washington.

California Weather

United Press International San Francisco Bay Area: Fair and cooler today with fog forming west of Twin Peaks; high fog tonight and Wednesday becoming fair Wednesday afternoon; high today San Francisco 68, Oakland 77, San Mateo 76, San Rafael 79; low tonight 53-60, normal summer winds.

Oregon Weather

Western Oregon—Partly cloudy with scattered showers tonight and Wednesday. Highs 65-72; except warmer in southern interior; low tonight 50-56. Coastal winds south westerly, 10-20 m.p.h. Wednesday.

Eastern Oregon—Partly cloudy tonight and Wednesday with scattered showers likely in north portion early Wednesday. Low tonight 40-50; high Wednesday 64-72. Northern Oregon beaches decreasing showers through Wednesday with sunny periods. Southerly to southwesterly beach winds, 10-20 m.p.h. Temperature range 52-68.

Grants Pass and vicinity: Partly cloudy tonight and Wednesday with risk of a few light showers tonight. Highs 70-82; low tonight 50-55.

Baker-La Grande area—Partly cloudy with a few showers tonight and Wednesday. Low tonight 40-45; high Wednesday 63-68.

Fire danger low in Northwest Oregon, moderate danger South and Central Oregon through Wednesday. Lowest humidities above 30 per cent in all areas.

Livestock Case Bond Posted

Paul R. Wilson, accused of stealing livestock from Klamath County ranchers, posted \$15,000 bond in district court Monday afternoon. Wilson posted \$5,000 bond on each of three complaints, which were scheduled for preliminary hearing September 23, 24 and 25 before District Judge D. E. Van Vactor.

Eldon L. Shaler, named with Wilson in the three complaints, has not yet appeared to post bond, sheriff's deputies said, but he was expected Tuesday.

Wilson and Shaler already were out on \$3,500 bond pending hearing of a previous cattle rustling charge, and on Friday Wilson filed a \$50,000 damage suit against two state brand inspectors and a county rancher, alleging that cattle confiscated by the inspectors belonged to him.

Accident Victim Given Treatment

Verna Wells, 17, 315 Ashland Street, was treated and released at Klamath Valley Hospital after she suffered shoulder injuries in an automobile accident near the intersection of Alameda Avenue and Eberlein Street.

Miss Wells was reported by state police to have been a passenger in a car driven by Lillian Tedrick Welch, 17, Route 1, Box 4, Bonanza, in which Patricia Roark, 18, 2001 1/2 Orchard Avenue, was also riding.

Apparently the car was southbound on Alameda when it went off the road while Miss Tedrick was attempting to take a curve. The car went out of control, crossed to the other side of the highway, and into the ditch, rolling over on its top. The accident occurred Saturday evening.

Quartet Lodged For Being Drunk

Four Chiloquin residents have been lodged in Klamath County Jail after pleading guilty to charges of being drunk on a public highway. The four, arrested by Deputy Sheriff Alvie Youngblood after a tavern brawl in Fort Klamath Sunday night, each were fined \$100 and sentenced to 30 days in jail Monday.

They are Winfield Chiloquin, 31; Luke Lotches, 42; Annette Weeks, 25; and Ramona Tupper, 26. In other court action, a charge of giving liquor to a minor, lodged against Eugene Miller, 27, Madras, was dropped by motion of the district attorney. The complaint was based upon hearsay evidence, the district court was told.

River Committee Schedules Meet

Members of the Klamath River Commission have scheduled a meeting for Wednesday morning, September 17, at the office of Nelson Reed in the First National Bank Building.

Lou Stanley, Oregon state engineer and formerly engineer for the Oregon Klamath River Commission, Harvey Banks, director of the California Water Resources Board, and Kenneth N. Phillips, district engineer of the U.S. Geological Service, will be present for the meeting.

Council Hears Eighth Street Opening Not Permitted In Parking Proposal

The opening of Eighth Street as a part of the proposed off-street parking district was virtually abandoned Monday night at a weekly city council session when it became apparent that only to purchase parking facilities.

R. G. Mutschelbacher, 803 Walnut Avenue, and Richard Peck, 41 Walnut, both property owners on the proposed Eighth Street site objected vigorously to such a move. Upon inquiry it was determined that none of the off-street parking district funds could be used for purchasing street right-of-way, and unless the city purchased the street right-of-way, Eighth Street could not be opened as a part of the off-street project.

A number of objections were raised to the proposed plan by citizens at the meeting. Kasper Moty, president of Moty and Van Dyke, pointed out that concern over parking facilities for downtown employees was not a factor. "If the business isn't here," he said, "we won't need parking for employees."

"The customer is the person we should all be most concerned about. It's important we proceed with this program as speedily as possible."

After several hours of discussion, the council moved to hold another discussion on the proposed district formation on Monday, October 13. A request by Mrs. Patricia Bailey, president of the Sacred Heart Mothers Club, to grant parking privileges for parents delivering and picking up youngsters at the academy was approved. It would permit "no parking" signs to be erected on the North side of Eighth Street between Washington and Jefferson. Parents could use the "no parking" area to pick up and deposit youngsters as long as the car was occupied.

Previous action of the council in regard to the lease-purchase of a 1,000 gallon pump for the fire department was affirmed by formal motion. Mayor Lawrence Slater pointed out that the council took action September 11 to enter into the agreement with the American LaFrance Company when it became apparent that a savings of approximately \$2,000 could be effected.

He pointed out that an increase in price scheduled to go into effect September 15 was avoided, that the company offered \$1,100 for an old ladder truck which was not operable and had been considered valueless, and that they had included \$600 worth of additional equipment on the unit at no extra cost.

The agreement called for a net price for the unit of \$14,325. The city will pay \$7,000 upon delivery, and follow this with two annual payments of \$2,762.50. The payments will be interest free.

A discussion was held on a recommendation by the Traffic Safety Committee that some speed regulations be set on ambulances. Police Chief Charlie Howard pointed out that there had been no accidents of record in the past 15 years that were blamed to an ambulance. It was also pointed out that only the ambulance driver is in a position to evaluate whether or not his patient is in need of the quickest emergency aid.

Obituaries

STEERS Raymond Steers, 69, a native of Oregon and a resident of this city for 32 years, died here September 16. He is survived by the widow, Annie Steers of this city; a daughter, Mrs. Louise Cross of Cloverdale, California; a brother, Robert Steers of this city; a sister, Mrs. Rose Collins of Hardman, Oregon; two granddaughters, Mrs. Karen Anderson of Utah, California; Mrs. Alberta Potter of Ashland; and a member of the First Christian Church. O'Hair's Memorial Chapel will announce the funeral arrangements.

PALMBERG Lois Annette Palmberg, 42, died here September 13. She was a native of Portland, and had resided in this city for the past four years. Survivors include the widower, Wally, one daughter, Frances, one son, Wally Jr., all of this city, and her father, Fred Reimers of Portland. The body was forwarded to the Hughes-Ransom Mortuary in Astoria, for final rites and interment Thursday, September 18. Ward's Klamath Funeral Home in charge of the arrangements.

EXTRADITION PAPERS The district attorney's office prepared extradition papers Tuesday to return James D. Duarte, 34, Klamath Falls, from Red Bluff. Duarte is wanted here on a charge of allegedly stealing a car belonging to Glen N. Stover of Klamath Falls on September 8.

Space Flight Test Still On

SAN ANTONIO, Tex. (AP) — Two men in a sealed pressure chamber continued today their experiments on human reaction to space flight.

A carbon dioxide buildup continued yesterday to simulate the failure of chemical absorbents in a space craft. The cabin's air pressure was gradually reduced from that encountered at 14,000 feet to that found at higher altitudes to determine their tolerance to the bends. Neither had taken oxygen.

Dr. Bruno Balke, 51, and M. Sgt. Samuel G. Karst, 34, entered the cramped cabin Friday morning. They intend to remain 10 days.

Nausea which struck both yesterday eased late in the day. Dr. Balke ate a light meal but Sgt. Karst fasted.

Dr. Robert T. Clark, head of the research project at the Air Force School of Medicine, said the current phase of the experiment involving the buildup of noxious gases may have affected their appetites. He said the men couldn't have done this well if they hadn't trained at both low and high altitudes prior to the test.

First Talks Win Red Okay

MOSCOW (AP) — The Soviet Union has agreed to exploratory talks with the West on ways to prevent surprise attacks. An agreement by experts on a workable system could lead to political discussions on establishing safeguards against another Pearl Harbor.

In answer to a series of notes from President Eisenhower, the Kremlin agreed yesterday to meet in Geneva. The Soviet note handed to U.S. Charge d'Affaires Richard H. Davis proposed that eight-nation talks begin Nov. 19.

The meeting would follow the precedent of technical talks that ended Aug. 21 with East-West agreement on ways to police a nuclear weapons tests ban. The United States, Britain and the Soviet Union are to begin political negotiations on an actual ban in Geneva Oct. 31.

The two related aspects of easing world tensions, by possible nuclear weapons test ban and safeguards against surprise attack, contribute to Soviet Premier Khrushchev's on-again off-again drive for a summit conference. At the same time, they represent the type of thorough preparation that the United States insists must precede any meeting by heads of government.

The Soviet note suggested that a technical agreement on preventing surprise attacks "undoubtedly will facilitate fruitful examination of the question . . . at a meeting of heads of government." The Kremlin had not sought similarly to discuss the nuclear weapons test discussions to press for a summit meeting.

For the Nov. 16 talks, the Kremlin proposed equal representation of the North Atlantic Treaty Organization and the anti-NATO Warsaw Pact. The note suggested the attendance of the United States, Britain, France and Belgium for the West and the Soviet Union, Poland, Czechoslovakia and Rumania for the East. The same nations participated in nuclear ban technical talks except for Canada took part instead of Belgium.

The agreement called for a net price for the unit of \$14,325. The city will pay \$7,000 upon delivery, and follow this with two annual payments of \$2,762.50. The payments will be interest free.

A discussion was held on a recommendation by the Traffic Safety Committee that some speed regulations be set on ambulances. Police Chief Charlie Howard pointed out that there had been no accidents of record in the past 15 years that were blamed to an ambulance. It was also pointed out that only the ambulance driver is in a position to evaluate whether or not his patient is in need of the quickest emergency aid.

B. Goldfine To Be Cited

WASHINGTON (UPI) — The administration expects to begin prosecution of Boston millionaire Bernard Goldfine for contempt of Congress in the next few weeks. It was disclosed today.

A spokesman for the U. S. attorney's office here told United Press International he expects the contempt citation voted by the House to be turned over to a grand jury "within a matter of several weeks."

The grand jury would then decide whether to indict Goldfine, gift-giving friend of Presidential Assistant Sherman Adams. An indictment would be followed by a trial. If convicted, Goldfine is liable to a year in jail and a \$1,000 fine.

Goldfine was cited for contempt of Congress for refusing to answer 22 questions about his financial dealings posed by the House intelligence investigating subcommittee.

First Talks Win Red Okay

MOSCOW (AP) — The Soviet Union has agreed to exploratory talks with the West on ways to prevent surprise attacks. An agreement by experts on a workable system could lead to political discussions on establishing safeguards against another Pearl Harbor.

In answer to a series of notes from President Eisenhower, the Kremlin agreed yesterday to meet in Geneva. The Soviet note handed to U.S. Charge d'Affaires Richard H. Davis proposed that eight-nation talks begin Nov. 19.

The meeting would follow the precedent of technical talks that ended Aug. 21 with East-West agreement on ways to police a nuclear weapons tests ban. The United States, Britain and the Soviet Union are to begin political negotiations on an actual ban in Geneva Oct. 31.

The two related aspects of easing world tensions, by possible nuclear weapons test ban and safeguards against surprise attack, contribute to Soviet Premier Khrushchev's on-again off-again drive for a summit conference. At the same time, they represent the type of thorough preparation that the United States insists must precede any meeting by heads of government.

The Soviet note suggested that a technical agreement on preventing surprise attacks "undoubtedly will facilitate fruitful examination of the question . . . at a meeting of heads of government." The Kremlin had not sought similarly to discuss the nuclear weapons test discussions to press for a summit meeting.

For the Nov. 16 talks, the Kremlin proposed equal representation of the North Atlantic Treaty Organization and the anti-NATO Warsaw Pact. The note suggested the attendance of the United States, Britain, France and Belgium for the West and the Soviet Union, Poland, Czechoslovakia and Rumania for the East. The same nations participated in nuclear ban technical talks except for Canada took part instead of Belgium.

Nationalists Aid Quemoy

TAIPEI, Formosa (AP) — The Nationalists got more supplies to the beleaguered Quemoy by planes and ship today, the Defense Ministry announced.

It was the third straight day the Nationalists supplied Little Quemoy by air. Seven cargo planes made the latest airdrop, the ministry said.

An LST—Landing Ship, Tank—rammed ashore on Quemoy and unloaded all its cargo in 20 minutes, the ministry reported. This would indicate the cargo may have been taken off the ship in amphibious vehicles.

The Nationalists succeeded in a ship landing on Quemoy Sunday after a week of failures. The new ship run to Quemoy came as the Nationalist reported they were working new attempts to crack the Red artillery blockade of the offshore islands.

AEC Leader Views Tests

ALBUQUERQUE (AP) — Atomic Energy Commission Chairman John T. McCone has described projected tests in New Mexico next year as "extremely important" to aird lands throughout the world.

He said yesterday that project Gnome involves the use of isotopes to trace underground rivers and water beds. He said it could have long-lasting effects on research projects throughout the world.

McCone also said proposed suspension of nuclear tests would result in an intensification of work on the peaceful use of the atom. "We will not relinquish in any way or slow down our laboratory research on atomic weapons."

RIFLE THEFT

City police were told Tuesday of the theft of a .30-30 Marlin rifle from the display shelf at the Scott Loan Company. The rifle was stolen Thursday or Friday of last week police were told.

Icelandic Crew Boards Trawler

LONDON (AP) — The Icelandic gunboat Thor tried to put a boarding party on the 297-ton British trawler Red Lancer Monday night as the codfish war off Iceland flared up again, the British navy reported.

An Admiralty communique said the destroyers Hogue and Lagan and another British trawler—the Arctic Explorer—chased the Icelanders away. The incident broke a lull of several days in active Icelandic attempts to arrest British trawlers fishing inside Iceland's new 12-mile limit.

Pope Urges School Aid

VATICAN CITY (AP) — Pope Pius XII has urged full support of Roman Catholic schools by public officials.

"The Christian school," said the Pope, "justifies its reason for being in the measure in which its teachers, lay and clerical, religious and secular, succeed in forming solid Christians."

"Unfortunately," he added, "despite its evident merits, the Catholic school does not always find among public powers the support that it should by right receive."

Reds Disbar Many Lawyers

BUDAPEST, Hungary (AP) — More than a third of Communist Hungary's 3,500 lawyers have been reported disbarred and the rest subjected to political qualifications.

Reliable sources said disbarment notices have been going out since Sept. 1 but a decree signed by Justice Minister Ferenc Nagy went into effect Saturday.

The decree requires lawyers to have "certificates of good conduct" from their local bar associations. Most of them must work in cooperatives, which pool their fees, and must try to improve their "political qualifications."
