

GOP Accuses Ex-President

WASHINGTON (AP)—The Republican National Committee today accused former President Harry S. Truman of what it called distortions and falsehoods in three campaign speeches last week.

GOP Chairman Meade ALCORN at the same time challenged the No. 1 Democratic campaigner to explain to Northern audiences "why Southern Democrats are closing public schools rather than obeying the law."

The Republicans, reacting to Truman's utterances last week in Albany, N. Y., Atlantic City, N. J., and New York City, issued what they called a "Truman vs. the Truth" Fact Sheet.

"Harry Truman hit the campaign trail last week and, as usual, left behind him in each city a mountain-sized pile of distortions, and half truths!" Truman—the idea that Democrats are extravagant and that Republicans are economical is a myth.

Republicans—in 20 years Democrats zoomed the national debt by 224 billion dollars, using the inflation-causing deficit financing as a policy. As for spending, the last session of the Democrat 85th Congress set several records.

Truman—Vital research programs for missiles were held up for years.

Republicans—Truman is right, but he is the one who held up research programs. This administration has developed nearly all the missiles we have, an array now of 11 operational types with work being rushed on 35 other advanced types.

Graham Opens New Crusade

CHARLOTTE, N. C. (AP)—"Christ is the answer to the world's problems, including the current racial strife," said Charlotte-born Billy Graham, who opened a four-week crusade here yesterday.

The 40-year-old evangelist spoke to an integrated overflow crowd of 14,375 in the city's four-million-dollar coliseum, which he dedicated three years ago.

He hopes to draw 250,000 into the big dome in the 25 meetings he has scheduled.

This was his second revival effort among his home folks since he began as a boy evangelist nearly 20 years ago. At the end of his sermon, 390 people, including a few Negroes, answered his call for a "decision for Christ."

Graham, whose opening sermon subject was "Christ's Answer to the World's Dilemma," said social problems in the nation "cry out for God's help."

He told an audience that included about 500 Negroes that racial tension is nearer to the breaking point than it has ever been. He cited the stabbing in New York Saturday of the Rev. Martin Luther King, a Montgomery, Ala., Negro minister, King, an integration leader who led a successful bus boycott in Montgomery two years ago, was stabbed by a Negro woman in a Harlem department store.

"Thank God that Martin Luther King was not stabbed by a white person," the evangelist said. "If he had been we might have seen a racial war in New York with blood flowing down the street."

Private Makeshift Schools Loom For Displaced Pupils

RICHMOND, Va. (AP)—Private makeshift schooling in homes, churches, civic buildings and other facilities loomed today for some 2,700 white Virginia children displaced from classrooms by the racial integration dispute.

The realities of the school crisis were brought home to the students of two Charlottesville schools this morning. The buildings, are due to open today, instead were closed to children, both white and Negro.

The schools, Lane High (1,050 students) and Venable Elementary (650), came under formal control of Gov. J. Lindsay Almond Jr. at midnight last night.

At Front Royal, another 1,000 high school children began their second week of idleness. Almond, acting with the authority of a 1956 legislative act, seized control of Warren County High School and closed it a week ago.

The state's massive resistance to racial integration program gives the governor the seizure power to prevent the implementation of federal court integration orders.

In the case of Charlottesville, a federal judge had ordered 12 Negro children into the two schools and in Warren the court integration order involved 22 Negro children.

An integration order is also in effect for six Norfolk secondary schools. A last-ditch request for a stay of this order will come from defense lawyers in the Norfolk case tomorrow in the U. S. 4th Circuit Court in Baltimore.

If the request for a stay, pending a formal appeal of the Federal District Court order, is denied, 10,000 Norfolk students face school closing next Monday. Seventeen Negro children will be assigned to the schools.

A group in Charlottesville said it would petition city officials to ask the governor to return school control to local authorities.

J. A. Rolston, chairman of the Committee for Public Education, said his group was opposed to "any permanent arrangement which entrusts public education to private hands having no responsibility or accountability to the general public."

This apparently was in reference to two private organizations, the Parents Committee for Emergency Schooling and the Charlottesville Educational Foundation which will begin registrations for venable students today.
